Re - 774 Khz AM Transmitter on medium Wave. Has this transmitter been on low power over the last few weeks? I used to regularly listen to Dave Cash and Roger day shows but impossible now as the signal is very weak during the day and evening. BBC Essex on 729 and 765 Khz are normal strength.	Yes				Radio	No			inbound	Fri, 2 Jul 2010 08:17:35 +0100	Cancelled
There is another radio station transmitting on 99.7. This is a dance radio station .net (which I believe is based in Brighton). It has got stronger with the clear weather, but has been around for some time now.					Radio	No			inbound	Fri, 2 Jul 2010 08:35:34 +0100	Cancelled
recently i have been unable to listen to radio one as it seems a techno pirate station has taken over the frequency that radio one is usually on...it isnt everyday it usually starts on the wednesday til sunday.i am very angry at this as i bet these people arent even liscence payer(as i am)....please help.i miss radio one so much..					Radio	No			inbound	Fri, 2 Jul 2010 08:47:34 +0100	Cancelled
The problems relate to the Brighton area as there's a station called upfrontdance.net broadcasting on 99.2FM, severely disrupting reception of Radio 1 between 98.8 & 99.7FM. Reception was clearest for Radio 1 when I tuned into 100.0 FM. Upfrontdance is also broadcasting adverts for sex shops which may be an issue as it is in Radio 1's frequency.					Radio	No			inbound	Fri, 2 Jul 2010 09:05:35 +0100	Cancelled
Driving to work listening to an FM station and the broadcast was intermittantly interrupted by what sounded like a pirate radio station. A man was shouting what I would consider racially motivated speech and as I know that is not normally considered acceptable on the radio I had to come to the conclusion it was a pirate station.									inbound	Fri, 2 Jul 2010 09:47:35 +0100	Cancelled
Hi, What equipment will I need to listen to BBC radio through the internet while travelling through Europe (with no access to fixed broadband)? Thanks xxxx									inbound	Fri, 2 Jul 2010 10:41:34 +0100	Cancelled
I usually get best reception for radio 1 on 99.70, but these past few days there seems to be a lot of interference from a dance music station broadcasting around 99.10. What I don't understand is why the signal from this other station is stronger than the radio1 signal.									inbound	Fri, 2 Jul 2010 11:35:41 +0100	Cancelled
Interference from another radio transmitter to R1FM 99.7 all this week, occasional conversation or music evident from non-BBC station if volume is raised. This is apparent on both portable and home-based receivers and to friends/ colleagues.					Radio	No			inbound	Fri, 2 Jul 2010 11:47:36 +0100	Cancelled
There is a powerline network adapter in the adjacent street completely jamming reception. I had this problem last year, and Ofcom got the offending installation hard wired by BT. Yesterday, it was back, but far worse than before. I have just posted a video of the problem at this url: http://xxxx	Yes				Radio	No			inbound	Sat, 3 Jul 2010 00:35:34 +0100	Cancelled
I have adab radio and put a DAB aerial in loft, signal quality over 75% and sound great. don't listen often but last month I turned on and the sound was coming from underwater with clicks and all sorts of annoyances, I have remade all the connections, checked the aerial and signal quality is to 80%+ but still bad sound. Fivelive has had poor reception all day (15/07) on MW at home and in my car. I'm sure it's temporary but there's no mention of it on the transmitter site. DAB is fine for the station and all other stations appear OK on MW and LW.					Radio	No				inbound	Thu, 15 Jul 2010 21:41:34 +0100	Cancelled
Since around 1pm I've been unable to get a proper BBC 5 Live signal on am, it's distorted, very faint and the voices sound like Darth Vader, I'm asuming Darth hasn't been presenting all day today ? BBC Scotland is fine. I've tried different places in the house and with different radios but it's the same?	Yes				Radio	No				inbound	Thu, 15 Jul 2010 21:59:35 +0100	Cancelled
I cannot pick up BBC Radio 5 Live on 693 or 909 on my 2 analogue radios or on 2 car radios. The radios work as they can pick up other radio stations just not 5 Live. I can get 5 live on my PC and DAB radio just not the radios. Please help					Radio	No				inbound	Thu, 15 Jul 2010 23:29:49 +0100	Cancelled
Interruptions in DAB reception in the form of "sqelching" on Radio 4 and other stations such as "Smooth radio" - once or twice per day. It is noted that xxx xxx is a relatively short distance from the Burntisland transmitter. The problem has been encountered with various DAB radios with different aerial arrangements.					Radio	No				inbound	Fri, 16 Jul 2010 09:05:33 +0100	Cancelled
Problem is particularly with BBC R4 on FM. Radio has worked OK for >20 years, not aware of any recent change. Problem is intermittent, most of time reception is OK. Other times severe interference, sometimes with 'beats' as if large object was passing by (but there isn't). Goes away if I stand close to radio, comes and goes as I move around room.	Yes				Radio	No				inbound	Fri, 16 Jul 2010 11:23:35 +0100	Cancelled
I bought my DAB radio about 4 years ago and have used it in 3 different locations within Plymouth, just occasionally (say three times) I have lost the signal for a short time. Since Wednesday, the quality SEEMS to have been reduced and the signal keeps cutting out constantly,usually for an instant , sometimes for several second		Yes			Radio	No				inbound	Fri, 16 Jul 2010 11:53:39 +0100	Cancelled
I believe there is an illegal radio station broadcasting on the same frequency as radio 4. Illegal radio stations have broadcast before from neighbouring flats in XXXX Road.	Yes				Radio	No				inbound	Fri, 16 Jul 2010 12:17:33 +0100	Cancelled
We live in a semi-basement flat, which I guess is the problem. Will the signal be boosted at any time soon and, if so, will that improve matters? We currently get no DAB signals anywhere within the flat although FM is normally good throughout most of the flat.		Yes			Radio	No				inbound	Fri, 16 Jul 2010 12:35:34 +0100	Cancelled
Our reception seems to be quoted as "marginal" (or amber not green) for all BBC stations in this area. This means my DAB radio has to be placed right next to the window to receive the signal. Is there a plan to improve reception in this area so that a portable radio can be used more flexibly?		Yes			Radio	No				inbound	Fri, 16 Jul 2010 12:35:47 +0100	Cancelled
My portable DAB radio will not pickup BBC WM when I carry out a search whether the radio is indoor or outdoor with the aerial extended or not, it will however pickup BBC Stoke, but as the area is not served by Stoke and xxxx has closer ties with Birmingham the content is not suitable, Fm is fine. Hoping you can help. Thanks					Radio	No				inbound	Fri, 16 Jul 2010 14:54:00 +0100	Cancelled
Reception of radio 4 was poor on 15/7/10 then stopped completely. I can still get all other bbc channels and receive radio 4 through TV but there is no reception on my Pure radio for R4 and no marker for it on the display of the radio. Moving the aerial doesn't help. I'm a comitted radio 4 listener, what can I do? How can a channel disappear?		Yes			Radio	No				inbound	Fri, 16 Jul 2010 17:05:45 +0100	Cancelled
Yesterday pm until early evening there was no Radio5 reception. Today, Radio5 reception has been poor since 7pm. Often, though Radio5 reception is poor from about 5pm onwards. Answers, please	Yes				Radio	No				inbound	Fri, 16 Jul 2010 19:35:49 +0100	Cancelled
My dab radio works fine on fm but when switched to dab it buzzez deeply and consistently. This is heard over the tuned radio stations,of which i can still hear under the huge noise.the noise doesnt break on moving radio or aerial.this has never happened before.I have retuned etc.. But as i say,as soon as i switch back to fm it buzzez loudly again.										inbound	Sat, 17 Jul 2010 06:11:34 +0100	Cancelled
Puzzled by IMPROVED signal strength. (You do not make it easy to email a technical query !) My DAB portables until recently recd. strong signal strength for Digital One from Mendlesham. Satis for BBC Now seen on your DAB Tx list Mendlesham listed for BBC DAB network as well. When did that happen ? Failed to see listed in New DAB Tx.										inbound	Sat, 17 Jul 2010 10:35:38 +0100	Cancelled
Ive discovered my local DAB transmitter at Keighley is on a weak signal & i should visit your Planned Engineering Works page to get further details. I am unable to find this page & would appreciate your help in how to do this		Yes			Radio	No				inbound	Sat, 17 Jul 2010 13:11:33 +0100	Cancelled

we have a DAB/FM radio and we can only receive BBC stations when the radio is in our bathroom (at the very top of the house. Great if one is having a bath, but we tend to live on the Ground or 1st floor). When will the signal improve, otherwise we face a BBC-free radio world when you turn off FM (which is a strong signal). Life without the Archers?		Yes				Radio	No				inbound	Sat, 17 Jul 2010 14:11:36 +0100	Cancelled
Pure evoke 1 xy radio devon a weak reception compared with bbc 1, 2 3, and 4 that seems odd in Dawlish		Yes				Radio	No				inbound	Sat, 17 Jul 2010 17:35:34 +0100	Cancelled
THE RADIO RECEPTION IS VERY LOUD ONE SECOND, THEN FADES RIGHT DOWN ,AND DISTORTS.THERE IS A LOT OF HISS ,AND WHEN YOU DO GET A GOOD SIGNAL IT IS VERY QUIET.THIS HAS BEEN HAPENING ABOUT 2 WEEKS. THE STATION IS BBC SUSSEX.	Yes					Radio	No				inbound	Sat, 17 Jul 2010 17:47:36 +0100	Cancelled
Very weak signal on Classic FM on all radios in the house. Interference from radio stations very close to the tuning.						Radio	No				inbound	Sat, 17 Jul 2010 18:35:34 +0100	Cancelled
I've been receiving very poor MW (AM) reception at home. This has however also been the case when driving in other parts of Glasgow (including the city centre). I've noted the problem from the beginning of July (see above) but it could have been slightly earlier.						Radio	No				inbound	Sat, 17 Jul 2010 19:35:35 +0100	Cancelled
"Better reception" is stated on the Digital BBC radio web page ,which is clearly a lie. The bit rate on BBC stations is very substandard. I bought a second digital radio last week and it only works when I press it up against the window glass on the first floor of my house! The signal level is very poor on digital but excellent for most FM stations.											inbound	Sat, 17 Jul 2010 19:59:55 +0100	Cancelled
Reception of DAB radio is extremely poor in this post code. Can you tell me if reception is likely to be improved in the near future with the switching on of any new transmitters for this area. Currently the web sites state there is no DAB radio coverage for this post code but we can pick up some stations although they nearly always burble.						Radio	No				inbound	Sat, 17 Jul 2010 22:41:34 +0100	Cancelled
Whenever Radio Devon switches over to Radio 5 live for the past 2 nights the interference has been terrible. I have tried both of the frequencies for Radio Devon but they are both the same. Is there a problem with Radio 5 live's broadcast?	Yes					Radio	No				inbound	Sun, 18 Jul 2010 01:23:37 +0100	Cancelled
Can only receive fm radio in mono not stereo.	Yes					Radio	No				inbound	Sun, 18 Jul 2010 12:29:33 +0100	Cancelled

I was listening to radio 4 and all of a sudden a Gaelic music channel cut in and the station cannot be tuned in now I have tried all suggestions on the BBC pages but the station is still there think it may be pirate station.	Yes					Radio	No				inbound	Fri, 23 Jul 2010 10:30:15 +0100	Cancelled
From mid-afternoon yesterday, signal on Bose DAB preset channel became very intermittent, cutting out every second or so, affecting BBC2,3, and 4 as well as Smooth and Classic FM. BBC Radio Scotland is the only preset not affected. All these channels are coming through as normal on FM.		Yes				Radio	No				inbound	Fri, 23 Jul 2010 10:42:23 +0100	Cancelled
I have no reception difficulties apart from the poor quality of Radio 3 on all digital networks. DAB is a disaster. I just want to know if, in the near future, I am going to be able to get the iPlayer on my normal Freeview receiver. this is the only contact site available.											inbound	Fri, 23 Jul 2010 10:42:43 +0100	Cancelled
Having just purchased a 'Pure Evoke 2S DAB radio' I was disappointed to find that the Absolute 80s station is not appearing as a selection when it is supposed to be available in the whole of the UK. Can you please advise why it is not available? Thank you in advance. xxxx PS - Autotune says I have 23 stations											inbound	Fri, 23 Jul 2010 13:53:51 +0100	Cancelled
Have an 8-element FM yagi directed on Marlborough Tx (5 miles) - stronger signal than Rowridge. Problem: constant background hiss/fizz on BBC Network FM channels - Radio Wiltshire and Heart FM stronger and are OK. I believe the BBC Network channels are either underpowered or poorly directed. Want top quality for listening to Proms on R3. Thanks.						Radio	No				inbound	Sat, 24 Jul 2010 00:35:35 +0100	Cancelled
Mainly affects Radio 2 - lots of interference during the week but on the weekend there doesn't seem to be a problem. Suggests someone in the area is using an appliance without a suppressor.... Sometimes affects other stations but for example: yesterday Frid 23/8 I couldn't get BBC Radio 2 but I could get BBC Radio Essex.	Yes					Radio	No				inbound	Sat, 24 Jul 2010 10:35:34 +0100	Cancelled
No FM reception of BBC radio channels at all (on any radio in the house). The only reception on FM is for XXXX Radio on 106.9 FM - based at XXXX which is just down the road. Telephone number: xxxx	Yes					Radio	No				inbound	Sat, 24 Jul 2010 12:05:33 +0100	Cancelled
No signal at all on Radio 3 or 4.						Radio	No				inbound	Sat, 24 Jul 2010 12:29:34 +0100	Cancelled
Problem relates to reception of radio 4 in the house and outside using a personal radio device. The best reception of radio 4 I can get is on 95.8, but this can be very weak in some weather or in trees. However the signal from Kingdom fm on about 95.2, which is the next available station on the spectrum is always very strong. Why?						Radio	No				inbound	Sat, 24 Jul 2010 22:53:33 +0100	Cancelled
I currently have two DAB radio's. One upstairs, one downstairs in the flat. As from this morning i've been unable to receive several BBC radio stations which before I didn't have any problems tuning into. They include, BBC Radio Five - BBC Radio 7 - Radio 2 and 6 Music. All I get is a message saying 'Station Not Available'. .	Yes					Radio	No				inbound	Sun, 25 Jul 2010 13:41:35 +0100	Cancelled
In a rural area I use wifi radio to receive bbcradio4fm via a broadband connection. The radio connects rapidly with all stations except radio 4fm which is frequently inaccessible. Roberts Radio and the website providers point to the problem as overload on the BBC server. Can you help. Long wave has cricket so is not acceptable.											inbound	Sun, 25 Jul 2010 20:17:36 +0100	Cancelled

I have been getting a message that says 'no ensemble		No				Radio	No				inbound	Mon, 26 Jul 2010 11:29:49 +0100	Cancelled
I currently receive BBC Radio Wales on my telephone, making it hard to use.											inbound	Mon, 26 Jul 2010 11:53:45 +0100	Cancelled
FM reception is poor here but mono is usually better than AM. We have a lot of steel in the house structure, DAB is far worse than FM except in one or two quite impractical places. We have four FM radios in daily use - mostly BBC programs - and three more are used occasionally. Then there is the car. Can you suggest how we should 'go digital'?											inbound	Mon, 26 Jul 2010 14:41:33 +0100	Cancelled
Pirate Radio station DEMRADYO is broadcasting on 105.6FM obviously somewhere locally and completely bleeds over legitimate Absolute on 105.8FM. the signal gets stronger around the area of the crooked billet roundabout i have noticed when mobile. this frequency has had previos pirate radio station Jiggy which i seem to have spent years complaining						Radio	No				inbound	Mon, 26 Jul 2010 16:24:07 +0100	Cancelled
Bought a Pure Digital radio last August. Reception good until early part of this year. Now find stations unavailable (eg radio4) and also have sound breaking up - as though coming through water. Has made listening to digital impossible.		Yes				Radio	No				inbound	Mon, 26 Jul 2010 17:29:55 +0100	Cancelled
We listen to Radio 4 in the kitchen on analogue radio. The radio is fairly new: about six months old. We don't have the option of digital reception. For the last few days we have been plagued with interference from a local, loud pop music station. it drowns out R 4 unless one of us stands at a particular point in the kitchen. Not practical!	Yes					Radio	No				inbound	Mon, 26 Jul 2010 18:35:34 +0100	Cancelled
Interference on Radio 3 only - radio 1, classic fm etc. OK. we have 3 quad FM recievers all are affected. sometimes virtually no signal, most of the time swishing and/or deep hum in background of programme. tried a signal booster today and with full (6 bars on signal meter of reciever) just louder interference. Hope you can help						Radio	No				inbound	Mon, 26 Jul 2010 18:41:36 +0100	Cancelled
during the winter i had good reception, but with the warmer summer conditions, suddenly i had no reception what so ever. all bbc channels were down through my dab radio. sometimes in the morning a signal was received but later in the day it disappeared. evening reception was non existent. in the last week a signal has returned. We are experiencing short interruptions to our FM radio reception. It started yesterday morning before 7 am and continued through to about 9 am. The interruptions are irregular and last between 1-2 seconds with the interval between interruptions anything between 2-3 seconds and 30 seconds. The interruptions have recommenced today at 1:30 pm.					Radio	No				inbound	Thu, 29 Jul 2010 14:17:58 +0100	Cancelled
There are frequent breaks in transmission on FM Radio. These breaks last from one to seven or eight seconds and are very annoying when trying to listen to the news.										inbound	Thu, 29 Jul 2010 14:41:39 +0100	Cancelled
have been advised by police to inform you that there is a radio frequency blocked and it needs investigating and they are unable to raise the issue all propertie on xxxx numbers xxxx are unable to transmit on what is the security channels car alarms/house security. it is belived to come from a power source nearby but we do not equipme										inbound	Thu, 29 Jul 2010 19:23:53 +0100	Cancelled
We used to listen to LincsFM on 102.2 FM. Since Local radio station 'Boundary Sound' started on 102.6 FM we have trouble tuning into LincsFM. We know other people in the Newark area who are also experiencing the same annoyance. I did complain to Boundary sound within the first month of them operating but pursued it no further after their reply.					Radio	No				inbound	Thu, 29 Jul 2010 22:53:38 +0100	Cancelled
Unable to receive am on radio mains or portable for approx last 10 days. Power cut here at approx 7.10 am on 30/7 for 10 mins. This fortunately allowed me to confirm that reception is back to normal on a portable radio. I live in xxxx private flats, xx flats total. Fault is either i/c supply or faulty item plugged in another flat.	Yes				Radio	No				inbound	Fri, 30 Jul 2010 08:47:34 +0100	Cancelled
Every so often the radio shows no signal for a minute or so. It is totally random and happens on different radios in different rooms. They have individual arials. Is becoming a much mire regular occurance and does not give me confidence in the future with this type of signal.					Radio	No				inbound	Fri, 30 Jul 2010 10:18:08 +0100	Cancelled
radio dab - intermittant shushing noise - low to medium volume - all stations	Yes				Radio	No				inbound	Fri, 30 Jul 2010 10:35:59 +0100	Cancelled

Poor reception applies to three DAB radios in three different rooms in the house. It started on 29/7/2010. A DAB receiver with external aerial is OK. It seems that the signal is weaker than normal and this affect the radios with built-in aerials. I can get BBC Radio Kent and other stations such as UCB UK on all radios OK.		Yes				Radio	No			inbound	Fri, 30 Jul 2010 10:36:07 +0100	Cancelled
DAB radio signal has gone down in the past 24 hours. I have retuned it but it still will not work.		Yes				Radio	No			inbound	Fri, 30 Jul 2010 10:53:42 +0100	Cancelled
I have had no BBC channels since 21:00hrs last night. I have three dab radios and they are all the same.		Yes				Radio	No			inbound	Fri, 30 Jul 2010 12:53:54 +0100	Cancelled
At first, Radio 3 was fine during the mornings, but disappeared at around midday. However, since approximately July 15, there has been no R3 reception whatsoever - just interference noise. There is no problem with other FM BBC radio channels.						Radio	No			inbound	Fri, 30 Jul 2010 13:53:43 +0100	Cancelled
Interference from talking station possibly cab service to many people in local area. Try driving round listening to fm in the car.						Radio	No			inbound	Fri, 30 Jul 2010 18:29:35 +0100	Cancelled
For a couple of weeks I have had problems getting Radio 4 on DAB. The EPG is no longer available and the broadcast switches to the Daily Service at 9.45. I have to retune to get Book of the Week. Radio 4 appears on the tuner list as if it is a sub-station to Radio 3 and is listed 3 times. I can no longer record as the EPG gone! Other channels OK										inbound	Fri, 30 Jul 2010 22:35:40 +0100	Cancelled
The analogue radio in my bathroom has been constantly tuned to BBC London 94.9 FM. Over the past week or so, I have been unable to receive this station as it seems to be crowded out by a much stronger signal pushing out dreadful rap music. There is a history up here on shooters hill of pirate stations using the masts. Please investigate.						Radio	No			inbound	Sat, 31 Jul 2010 02:11:35 +0100	Cancelled
the reception on radio two has deteriorated so bad that you can not receive it on a car radio until you get a good 5 miles from the village it never was as bad as it is now, there has been a large military exercise going on in the passed few weeks i wonder if this has anything to do with the reception. i have a roof aerial for FM at home.						Radio	No			inbound	Sat, 31 Jul 2010 11:11:34 +0100	Cancelled
We have lost all BBC DAB radio stations as have others in our road. Other DAB stations appear to be working normally.						Radio	No			inbound	Sat, 31 Jul 2010 12:17:35 +0100	Cancelled
Problem only arises on Radio 3. Started in June and is intermittent during both day and evening. Reception equally bad during both fine,sunny, cloudy, wet, cold, windy or still weather. Applies to both our hi-fi system with aerial in a very high roof (4 storey house) at highest point in Ludlow and also on brand new Bose system in other room.	Yes					Radio	No			inbound	Sat, 31 Jul 2010 13:35:33 +0100	Cancelled
DAB signal quality dropped from a normally steady 100 to ~17. Fault is constant and repeatable on multiple DAB radios made by various manufacturers. Fault only affects services on the BBC Multiplex. The other multiplex(es) from Chartham Hatch are fine. Fault first became apparant yesterday morning while trying to listen to Today on R4. Our 2 DAB radios were working this morning until about 0915h. then both went off air..no service stated or unable to tune...both working ok with non BBC stations still same problem		Yes				Radio	No				inbound	Mon, 2 Aug 2010 14:06:40 +0100	Cancelled
I've been unable to receive BBC radio stations on both my mains DAB Pure radio and my Pure PocketDAB. This was the case from first thing this morning, 2/8/10. Other stations are available						Radio	No				inbound	Mon, 2 Aug 2010 14:11:40 +0100	Cancelled
No BBC stations on DAB from this morning. Others OK (e.g Classic). At least one other person (in another part of Lancaster) with same problem.						Radio	No				inbound	Mon, 2 Aug 2010 14:17:56 +0100	Cancelled
During today I have lost reception of all BBC digital radio channels except Radio Lancashire. I have returned my receiver and the problem persists. I can receive all other (non-BBC) channels well. The receiver is also receiving internet radio and networked input from my computer. Help !!		Yes				Radio	No				inbound	Mon, 2 Aug 2010 14:23:34 +0100	Cancelled
Very weak and broken reception on BBC DAB channels (3 different radios). Everthing was perfect yesterday - problem started today. I think it is only BBC channels that are affected.						Radio	No				inbound	Mon, 2 Aug 2010 15:00:32 +0100	Cancelled
I have 6 DAB Digital Radios and as of about 14:00hrs today Monday 2nd August 2010 I cannot get BBC DAB reception on any of then just the "Service not available" message. Other broadcasters are working OK and I could still get the BBC DAB through my TV via Freeview.						Radio	No				inbound	Mon, 2 Aug 2010 15:41:34 +0100	Cancelled
There are 3 DAB Radios in the office where I work and all three radios have been unable to pick the Digital Signal today - since 9am and it is still ongoing. All three radios normally have good reception and are used on a daily basis. I look forward to hearing from you.						Radio	No				inbound	Mon, 2 Aug 2010 15:47:39 +0100	Cancelled
Hi. DAB reception excellent until today. Sudden loss of all National BBC stations on DAB when turn radio on. - can still receive local Radio Lancashire & commercial stations (about 32 scanned). Have retuned & reset radio. Can receive stations ok on FM (same radio). Have also contacted Roberts radio by email. Any suggestions welcome. Kind regds. L		Yes				Radio	No				inbound	Mon, 2 Aug 2010 16:11:36 +0100	Cancelled
Using my car radio to receive radio 4 longwave (198) I can recive a good signal everywhere except for an area on XXXX Road XXXX In an Area approximately centred on the XXXX on XXX rd and extending to XXX Road and parts of XXX road the radio4 signal is swamped by another signal carrying music radio.	Yes					Radio	No				inbound	Mon, 2 Aug 2010 16:29:35 +0100	Cancelled
With regard to my complaint; a radio HAM 100yds away, I'm still getting FM interference on R4, and your range of carriers. The HAM suggested I use 2 ferrite beads, one on my mains cable and one around a speaker cable. I have tried this, my repeatedly A/B ing to test for attenuation. There is none and hence still a severe problems.											inbound	Mon, 2 Aug 2010 16:59:37 +0100	Cancelled
No dab transmission at all since approx 10 today. Still off air. Several dab sets in the house are the same so not an equipment problem						Radio	No				inbound	Mon, 2 Aug 2010 17:11:38 +0100	Cancelled
BBC R4 not available today. Was OK at 09:00hrs Intermittant stuttering signal or none at all. Tried moving radio and altering the aerial. No problem with Classic FM		Yes				Radio	No				inbound	Mon, 2 Aug 2010 17:17:38 +0100	Cancelled
DAB radio not working for ALL BBC channels but every other station reception ok! I have 2 DAB radios in the house and the same fault occurs with each. The problem only started this afternoon.						Radio	No				inbound	Mon, 2 Aug 2010 17:29:33 +0100	Cancelled

All BBC DAB services reception in local area unavailable. Car and two house radios affected.					Radio	No				inbound	Mon, 2 Aug 2010 17:35:38 +0100	Cancelled
If from this morning I find I cannot tune in to BBC4, World Service or 5Live. This is the same on both my digital radios. However, the TV digital reception is fine for radio as well as TV. Can you help please?	Yes				Radio	No				inbound	Mon, 2 Aug 2010 17:35:44 +0100	Cancelled
We have had no dab signal from any of the bbc stations since this morning. We have six dab radio's & non can receive any of the bbc radio stations.	Yes				Radio	No				inbound	Mon, 2 Aug 2010 17:41:39 +0100	Cancelled
I have two DAB radios. On each all BBC stations are listed as not available. I have not had any previous problems with reception. Other stations, Classic and Planet Rock are available.	Yes				Radio	No				inbound	Mon, 2 Aug 2010 18:05:33 +0100	Cancelled
I am getting a Station Not Available signal for all BBC DAB stations, although others, e.g. Galaxy, are fine. I have not moved the radio and was listening to BBC Radio 2 on DAB this morning. There is a patchy signal if I take the radio upstairs with the aerial fully extended but this goes if I let go of the radio. Signal error between 24 and 63.	Yes				Radio	No				inbound	Mon, 2 Aug 2010 18:23:40 +0100	Cancelled
DAB radio reception in the Lancaster area has been off for some time now today.					Radio	No				inbound	Mon, 2 Aug 2010 18:35:37 +0100	Cancelled
At approx. 09.30 this morning(2/8/10) our DAB radio went off whilst listening to BBC R2, no other BBC stations will work (unavailable on panel), all the others are OK, still the same at 18.25hrs.	Yes				Radio	No				inbound	Mon, 2 Aug 2010 18:41:34 +0100	Cancelled
On all my digital radios all BBC stations have been unavailable today, commercial radio stations unaffected I have tried re-selecting BBC radio stations but always coming up unavailable. My analogue car radio has been OK.										inbound	Mon, 2 Aug 2010 18:41:36 +0100	Cancelled
I have 2 DAB radios, both of which have stopped receiving BBC. I can get Classic etc on both radios. We were listening to Radio 4 about 9:00 this morning when reception suddenly stopped.	Yes				Radio	No				inbound	Mon, 2 Aug 2010 18:47:33 +0100	Cancelled
Loss of DAB reception for National BBC Radio in the House and in my Car. Reception is fine normally but it seems that Radio 4,3,2,1, etc have no reception from earlier today. The fact that it happens in both the Home and my car suggests there is a problem in your feed to the transmitter for certain channels. BBC Radio Lancashire is fine.					Radio	No				inbound	Mon, 2 Aug 2010 19:05:37 +0100	Cancelled
Shortly after 9.00am this morning my normally strong DAB signal on Radio 4 failed completely, and there has been no signal since. Radio 3,4 and 5 are similarly affected, but the Classic FM (DAB) has been perfect throughout. I have four DAB receivers in the house and all are similarly affected. Can you help please? xxxx	Yes				Radio	No				inbound	Mon, 2 Aug 2010 19:05:42 +0100	Cancelled
Both my DAB radios lost all BBC station reception at about 09:30 today 2/8/10. I have always had a good signal before this event. I can receive the stations on my digital TV. I can still receive other stations such as Classic FM on DAB. My postcode is not in your database. thank you.					Radio	No				inbound	Mon, 2 Aug 2010 19:05:45 +0100	Cancelled
Not receiving any BBC national radio channels on digital radio.	No				Radio	No				inbound	Mon, 2 Aug 2010 19:23:37 +0100	Cancelled
Still no BBC DAB radio coverage other than through my Freeview service on my TV's. My mixture of Roberts, Revo pico and Pure DAB digital radios can not get a BBC signal just "station not available" other networks are fine. Please advise					Radio	No				inbound	Mon, 2 Aug 2010 20:05:35 +0100	Cancelled
I have DAB radio in the car and on my HiFi at home with an external DAB aerial. The reception stopped in my car about 10am. It kept breaking up and coming & going. I was unable to get any radio stations on my DAB radio. When I came home after work I checked my DAB HiFi and was unable to get any BBC stations though I can get other stations.					Radio	No				inbound	Mon, 2 Aug 2010 20:05:36 +0100	Cancelled
All BBC radio stations currently unavailable ("Station not available" message returned) on DAB radio platform. Problem first noticed at 1430 on 02/08/2010. Verified others in area experiencing same problem. Reception was OK up to yesterday. 3 radios are affected (1 Roberts and 2 Pure), we have lost R2 & R4. Both stations are OK on FM and on TV. All other stations we listen to are fine. It's been like it all day from around 9.30-10.00. We haven't had this problem before. We don't know anyone in the area who has a digital radio. Thankyou	Yes				Radio	No				inbound	Mon, 2 Aug 2010 20:11:34 +0100	Cancelled

We have lost all the BBC stations ie radio 1-4. Still picks up Classic fm and after retuning has a variety of stations available but no BBC. It was fine this morning		Yes			Radio	No			inbound	Mon, 2 Aug 2010 20:59:39 +0100	Cancelled
Today my preset BBC channels - 3, 4 and World Service - stopped working, with the message <No Ensemble>. I tried repeatedly to re-tune. All non-BBC channels were available, but no BBC channels. That seems to indicate a problem specifically with BBC reception, rather than the radio?		Yes			Radio	No			inbound	Mon, 2 Aug 2010 21:11:34 +0100	Cancelled
Radio Bristol, Radio 4 and 5Live have gone missing. Says that the channels are off air.		Yes			Radio	No			inbound	Mon, 2 Aug 2010 21:29:35 +0100	Cancelled
was able to get bbc dab channels this AM. unable to receive them now. Parents who live in Lancaster at 4 xxxx are also unable to get BBC DAB channels as well. Again fine this AM but not working this afternoon/evening. Able to get a weak signal if take radio upstairs but have been able to get clear signal anywhere prior to this afternoon.					Radio	No			inbound	Mon, 2 Aug 2010 22:05:52 +0100	Cancelled
I have today lost reception of all BBC radio channels on DAB. I can still receive non-BBC channels - eg Classic FM, Smooth Radio etc, but none of the BBC channels. It is the same on all my DAB radios in the house (various types/makes etc). I have never had any problems with BBC DAB radio channel reception until today - 02/08/10.					Radio	No			inbound	Mon, 2 Aug 2010 22:11:53 +0100	Cancelled
We have lost all digital channels on our DAB radio, hearing only some warbled squeaks. Retuning does not help. The radio works on VHF. Reception through digital TV is OK for radio and TV. We have had this problem before, usually in bright summer weather, but not as long or as bad. I suspect weakening of an already weak signal in a marginal area.		Yes			Radio	No			inbound	Mon, 2 Aug 2010 22:23:48 +0100	Cancelled
Both DAB digital radios in the house have stopped receiving all BBC radio channels. All other channels seem to work fine. We do not have a TV license because we do not own a TV or watch live streamed broadcasts.		Yes			Radio	No			inbound	Mon, 2 Aug 2010 22:53:35 +0100	Cancelled
no reception bbc radio 3,4,7 on dab since c 09.30am 2nd august					Radio	No			inbound	Mon, 2 Aug 2010 22:59:38 +0100	Cancelled
About 9 am today one of our DAB radios could receive no preset DAB stations, i.e Radio4 Radio5L BBC World Svce Classic FM Radio2. Checking with another DAB Radio we could hear one or two of these stations intermittently with broken-up audio, later nothing. At 9pm the situation was about the same. Scanning found a few other spasmodic transmissions.		Yes			Radio	No			inbound	Mon, 2 Aug 2010 23:05:38 +0100	Cancelled
Until today i have always had good reception of BBC radio channels. Today on both digital radios BBC 1,2,3,and4 have suffered interference and loss of signal. In fact the both radios display 'no signal'. No other channels have been affected. This has continued throughout the day and is still the case at 11.30pm. I have tried to retune both radios. I have two DAB radios (with separate ariels and in different rooms) and neither can currently receive BBC digital channels. One gives the message 'Station not available', then other just displays the station name, but there is no sound. I can still get radio through the TV, and FM reception is also fine. This started at some point yesterday.					Radio	No				inbound	Tue, 3 Aug 2010 09:05:34 +0100	Cancelled
Unable to receive DAB BBC stations since yesterday morning on any of three separate DAB radios. They also have problems finding the clock and sometimes are able to find 23 other stations but sometimes not - but all BBC radio stations give 'not available'.					Radio	No				inbound	Tue, 3 Aug 2010 09:11:34 +0100	Cancelled
Radio 5 on DAB was OK until yesterday (2nd August) when it has become impossible to listen, I have tested it at home and in the car and get either nothing or a gargling mess. I A workmate has also had the same issue. I have also heard from my son who lives 1 mile from me, that Radio 1 has gone on his dab radio. I haven't tried other BBC stations					Radio	No				inbound	Tue, 3 Aug 2010 09:11:35 +0100	Cancelled
WE HAVE 3 DIGITAL RADIOS HERE AT WORK AND WE HAVE BEEN UNABLE TO GET ANY DAB STATIONS FOR 2 DAYS NOW. I ALSO HAVE A DAB RADIO AT HOME - POSTCODE xxxx+AJ1376 AND WE HAVE HAD NO SIGNAL THERE OVER THE LAST TWO DAYS. WE CANNOT BE THE ONLY RADIONS UNABLE TO PICK UP THE DAB SIGNAL IN THIS AREA. WHAT IS GOING ON?					Radio	No				inbound	Tue, 3 Aug 2010 09:29:35 +0100	Cancelled
I am not receiving BBC 4 or anything on my radios. I can get radio through the TV but my radios saying "Service not available". Reception disappeared on all the radios in the house yesterday. Usually I have good reception even though this is a fringe area. I need to be able to use my portable Roberts digital radio because I work outside a lot.										inbound	Tue, 3 Aug 2010 09:29:37 +0100	Cancelled

Radio 2 went off during Chris Evans show yesterday morning approx 9am (02-08-10) and since then have not been able to get any BBC radio channels. Other radio stations are working. No adverse weather, tried moving the radio but that didnt work (radio has been working in same place for about 6 months).		Yes				Radio	No				inbound	Tue, 3 Aug 2010 09:35:34 +0100	Cancelled
I still cannot receive any BBC national DAB services on any of my four DAB receivers each using its internal aerial, but I can receive all the usual commercial stations perfectly. Can you confirm please that this is a transmission problem and say how long it is likely to last? Is there any website on which I can obtain further information?						Radio	No				inbound	Tue, 3 Aug 2010 09:41:49 +0100	Cancelled
No BBC stations are transmitting. I usually receive perfect reception with BBC DAB stations, not even requiring the built in aerials to be raised. Currently none of the 4 DAB radios in the house can receive the usual number of programs.I have LOS to the transmitter. I have tried retuning. It appears only one multiplex is transmitting, 8 programs						Radio	No				inbound	Tue, 3 Aug 2010 09:41:57 +0100	Cancelled
When we visit Italy we like to listen to the radio at night. We have tried short wave (useless) and are now looking at a Multiregion digital radio. This obviously will depend on there being English stations available. Does the BBC or any of its associates provide such services, for example for ex pats?											inbound	Tue, 3 Aug 2010 09:48:00 +0100	Cancelled
Since 9am on 2 August we have been unable to receive any bbc digital radio channels. Independent radio stations are unaffected. We understand that other listeners across a wide area are having similar problems.		Yes				Radio	No				inbound	Tue, 3 Aug 2010 09:48:04 +0100	Cancelled
I report this yesterday. Since then I have taken to lots of friends. There is no BBC reception over a large surrounding area covering Silverdale and Yealand. Other stations including Classic FM are OK, but there are no BBC stations at all. I can't see any information about problems on web. We rely on DAB radio and this is a significant problem						Radio	No				inbound	Tue, 3 Aug 2010 09:53:52 +0100	Cancelled
we have 2 digital radios and both are now unable to receive any BBC digital programmes. Problem started at same time on both. We have not had this problem before. FM is fine. As move to phasing out FM (Excellent reception) and only transmission of DAB proposed, this is a serious concern. Please advise asap Thank you		Yes				Radio	No				inbound	Tue, 3 Aug 2010 09:53:54 +0100	Cancelled
BBC DAB channels all cut off completely just before 09.30 yesterday 2nd August and have not re-started. I have several DAB radios in the house all receiving non-BBC stations but no BBC. I have never had a problem before and have been using DAB since it started in this location. Google showed another user in North Lancaster with the same problem.						Radio	No				inbound	Tue, 3 Aug 2010 09:54:10 +0100	Cancelled
Lost all DAB since yesterday on 5 seperate DAB radios and other people affected.						Radio	No				inbound	Tue, 3 Aug 2010 10:00:04 +0100	Cancelled
I have 4 DAB radios which I listen to all day. Since 01.08.2010 I have not been able to receive any BBC programmes in DAB format. Other DAB stations can be received.		Yes				Radio	No				inbound	Tue, 3 Aug 2010 10:05:43 +0100	Cancelled
I have three DAB Radios in the house and they all went off at 9am yesterday, none of them will receive any digital signal on any station. I've checked the status of your transmitters and am informed that they are working correctly, they are obviously not. Please can you help me, I am elderly and disabled and rely on my DAB radios a lot. Thank you.						Radio	No				inbound	Tue, 3 Aug 2010 10:05:47 +0100	Cancelled
spoke to xxxx who passed me onto you, xxxx said he had had a few phonecalls regarding transmission of bbc radio content on dab but the problem is unconfirmed your website says theres no problem so how do I get bbc radio stations this problem started 24 hours ago						Radio	No				inbound	Tue, 3 Aug 2010 10:05:53 +0100	Cancelled
xxxx - Another radio station taking over Radio Essex frequency on several radios for last couple of days.											inbound	Tue, 3 Aug 2010 10:11:36 +0100	Cancelled
I've 3 DAB radios - all display above problem - no BBC channels but plenty of others. Rescan produces BBC channels in lists but tuning to them gives "NO ENSEMBLE". I've had DAB radios for some time and no problems shown in any type of weather conditions.		Yes				Radio	No				inbound	Tue, 3 Aug 2010 10:11:42 +0100	Cancelled
While listening to LBC 97.3 FM a taxi firm is cutting in to the signal every one or two minutes its very annoying Ofcom told me to contact the BBC for Answers.											inbound	Tue, 3 Aug 2010 10:17:40 +0100	Cancelled
I've 4 DAB radios, all tuned in. Yesterday, at 09.15 approx, all BBC channels on all the radios went dead; when trying to reset, each display says the same-'now tuning' then 'not available'. All the other DAB stations are working as normal, as is FM. Any advice would be appreciated. Regards, xxxx		Yes				Radio	No				inbound	Tue, 3 Aug 2010 10:17:53 +0100	Cancelled
No reception of BBC DAB stations. Other stations OK. Problem started 2/8/2010. Same problem for next door neighbour at No. xxxx.						Radio	No				inbound	Tue, 3 Aug 2010 10:23:49 +0100	Cancelled

Lost all BBC DAB channels on the night of Monday 2nd August. Noticed the loss at 22:45. I have two DAB radios and neither will receive BBC DAB broadcasts. One radio, presumably because it was turned off at the mains at the time of the loss, no longer displays the time. Other non BBC stations are OK. Weather was good yesterday.					Radio	No				inbound	Tue, 3 Aug 2010 10:24:31 +0100	Cancelled
Using three different Dab radio's with different aerials, (Car, Radio with outdoor aerial, Portable) non pick up BBC National Dab. This must mean that your transmitter is off even though your reception advice website says there is no problem. None on retuning will pickup your stations but all pick up commercial stations as before. Regards xxxx	Yes				Radio	No				inbound	Tue, 3 Aug 2010 10:24:51 +0100	Cancelled
Signal for all BBC DAB stations suddenly dropped out yesterday and have not returned. I am still receiving signal for Classic FM and other commercial channels. FM and TV digital reception is ok. Neighbours have the same problem. Is there a transmitter fault?					Radio	No				inbound	Tue, 3 Aug 2010 10:35:42 +0100	Cancelled
No BBC radio stations (1,2,3, or 4) available on my digital radio - always has been until now but now says "service unavailable".					Radio	No				inbound	Tue, 3 Aug 2010 10:47:49 +0100	Cancelled
Both our digital radios stopped working at approx 0930 Mon 2nd Aug. At the time of writing they are still off air. One radio says OFF AIR the other says NOT AVAILABLE. This is to all the digital programs. Both radios can, and are, receiving FM radio. Both the radios have worked perfectly until they went off air yesterday. TV Digital radio is OK	Yes				Radio	No				inbound	Tue, 3 Aug 2010 10:54:26 +0100	Cancelled
The problem only affects DAB radio - Freeview reception is fine - and a friend of mine in another part of town reports the same problem with both of his DAB sets. The problem is that our BBC channels entirely disappeared yesterday and have not come back.					Radio	No				inbound	Tue, 3 Aug 2010 10:54:54 +0100	Cancelled
I have 2 DAB radios. Both have been working normally for several years receiving BBC & commercial stations.. I have not rescanned them. All BBC services are now 'unavailable'. All other services i.e. Classic FM etc (DAB), work normally. It seems too much of a coincidence that both radios have the same problem at exactly the same time.					Radio	No				inbound	Tue, 3 Aug 2010 10:55:11 +0100	Cancelled
I haven't been able to receive any bbc stations since yesterday morning on my portable dab radio, reception through the tv is fine. I rung a radio shop in Lancaster (xxxx) and his radios had lost bbc stations as well. My stereo also has lost its dab reception.					Radio	No				inbound	Tue, 3 Aug 2010 10:59:42 +0100	Cancelled
I have received ALL the BBC Digital channels perfectly (signal strength in the 90s) since it was first available in the Lancaster area. Yesterday (2/8) All the BBC stations disappeared message was "Station not Available." Retuning didnt find any of them except BBC Radio Lancs It is as if the transmitter is down but your website says all OK.	Yes				Radio	No				inbound	Tue, 3 Aug 2010 11:17:57 +0100	Cancelled
Everything was working fine when I listened at breakfast time on 02-08-10, but when I switched on at teatime the same day I found that all the national BBC DAB channels had stopped working. Other national DAB stations such as classic FM are working OK. Local BBC DAB stations are working OK. Retuning has not solved the problem.	Yes				Radio	No				inbound	Tue, 3 Aug 2010 11:18:08 +0100	Cancelled
We stopped getting all BBC stations on our digital radios yesterday - still nothing today. All other digital stations are coming through fine. I have heard from four other people in different parts of Lancaster that they are unable to get BBC stations on their digital radios either. BBC Radio on FM and Long Wave is unaffected.					Radio	No				inbound	Tue, 3 Aug 2010 11:29:49 +0100	Cancelled
No BBC channels can be received. All other commercial channels are ok. I have had no problems with BBC channels previously. The problem began one day ago. The radio hasn't been moved. I have tried re-tuning.	Yes				Radio	No				inbound	Tue, 3 Aug 2010 11:35:45 +0100	Cancelled
We have had no bbc radio channels yesterday or today on either of our dab radios and neither have other people in our area. Are there some problems at the moment?										inbound	Tue, 3 Aug 2010 11:47:34 +0100	Cancelled
no signal on dab radios .clock flashing .not receiving bbc2 bbc3 fiveive etc					Radio	No				inbound	Tue, 3 Aug 2010 11:59:42 +0100	Cancelled
Switched on radio, previously for many months has been working fine, and suddenly it will not tune into any of the DAB radio stations other than 'Absolute' - I cannot get any of the main BBC stations at all.	Yes				Radio	No				inbound	Tue, 3 Aug 2010 12:05:48 +0100	Cancelled
I have 4 digital radios in my home. Yesterday, all 4 ceased working. Two carry the message No Signal, one says Station Unavailable, the other is unable to find a station. No stations at all are found on DAB. FM is normal. I live in Lancaster. The transmitter is about a mile away, on a hill in view from my house. I have lost the BBC digital channels on my radios in the house. I have been able to receive these previously with no issues it is only in the last two days that these have gone. I have retuned the radios, I still receive all the other radio channels but not bbc ones. I can still receive the radio channels through the freeview on the television	Yes				Radio	No				inbound	Tue, 3 Aug 2010 13:05:36 +0100	Cancelled
Same problem as reported yesterday - have now confirmed with next door neighbour and two other people in different parts of Lancaster.					Radio	No				inbound	Tue, 3 Aug 2010 13:11:40 +0100	Cancelled
BBC stations were no longer available on our DAB radio. Classic FM and many other stations unaffected. Neighbour phoned us to ask what had happened to the BBC channels on his DAB radio.					Radio	No				inbound	Tue, 3 Aug 2010 13:11:46 +0100	Cancelled
On 02/08/10 at 17:00 experienced reception problems with in-car DAB ending in <NO ENSEMBLE> traveling from xxxx to home in Lancaster. Problem persisted with DAB tuner in kitchen and different tuner in bedroom, rescanned both several times. Problem only with BBC stations, other stations fine. Problem persists. Previously had no problems.					Radio	No				inbound	Tue, 3 Aug 2010 13:17:47 +0100	Cancelled
No DAB reception is being received anywhere in the house. I have two mains operated DAB radios one at ground floor level and one on the 2nd floor. Neither have had any DAB reception for over 24 hours. The digital display on one says 'service not available'. Many Thanks, xxxx					Radio	No				inbound	Tue, 3 Aug 2010 13:41:45 +0100	Cancelled
Pirate radio station (RDS Woha FM) is disrupting BBC 3CR on 90.4FM. This usually happens between approx 4pm to 9AM and all weekend.					Radio	No				inbound	Tue, 3 Aug 2010 15:23:36 +0100	Cancelled
I've recently moved in to a new first floor flat and successfully tuned-in to BBC National radio on DAB using two separate radios. However now, for some reason, neither receives any BBC station. The signal is fine for all other stations and frequencies, and FM and mobile phone reception are both very good in the locations where the radios are kept.	Yes				Radio	No				inbound	Tue, 3 Aug 2010 15:35:37 +0100	Cancelled
Digital reception on all BBC radio stations was fine until approx 1050 on 1 August. Since 0545 on 2 August there has been no reception on any BBC radio station. The equipment still works on DAB (reception of non-BBC stations is as before) and it has not been moved - this is affecting both DAB radio sets which we have, in separate rooms of the house					Radio	No				inbound	Tue, 3 Aug 2010 17:17:33 +0100	Cancelled
For several days BBC Radio 4 Programme Guide Information on DAB has not been available. When can we expect its return, please?										inbound	Wed, 4 Aug 2010 07:23:34 +0100	Cancelled
Although we are receiving all other stations as usual, we cannot receive Classic FM					Radio	No				inbound	Wed, 4 Aug 2010 07:47:39 +0100	Cancelled
The FM reception on BBC Radio 2 and 4 is poor and variable, both at home and particularly in my car. What are the best frequencies for this postcode? , I have a DAB radio at home and, again, it is difficult to acquire clear signals on a minimal number of channels. How can I improve this?					Radio	No				inbound	Wed, 4 Aug 2010 13:59:34 +0100	Cancelled
having been sold the high quality DAB, I bought 2 DAB radios. reception is constantly interrupted with long gaps, squeaks, squeals, rumbling. It is MUCH worse than FM. According to web site both local transmitters are 'ok', but reception is rubbish. I feel ripped off. Why are you pushing DAB when reception in some areas is so poor?					Radio	No				inbound	Wed, 4 Aug 2010 14:23:41 +0100	Cancelled

This relates specifically to reception of BBC Radio Kent on 96.7 which until approximately 20 July had been very good. Good reception is still available during daytime but interference makes it unreceivable early mornings and early evenings onwards. .					Radio	No				inbound	Wed, 4 Aug 2010 17:53:36 +0100	Cancelled
DAB system Radio Scotland and Alba , quite clear , all other BBC Stations erratic or not available. commercial stations quite clear .					Radio	No				inbound	Wed, 4 Aug 2010 23:17:43 +0100	Cancelled
Dear Sirs/Madams, I am continuing to have the problems described in my last 2 Emails, they occurring now, on 94.1MHz, my strongest carrier. You have not acknowledged receipt of my mails, let alone given any indication of actions you may be taking. Please will you tell me what you are doing to address the problem? Yours Sincerely										inbound	Thu, 5 Aug 2010 10:05:42 +0100	Cancelled
In Melton Mowbray there is a bad reception for Radio 4. I enjoy listening to Radio 4 when driving but the signal in and around Melton Mowbray is extremely poor. I have only noticed this issue with Radio 4 on FM I don't get the same problem with Radio 1 or Radio 2 for example. I guess all these stations are being broadcast from the same mast.					Radio	No				inbound	Thu, 5 Aug 2010 12:41:46 +0100	Cancelled
interference is a continuous mushy noise with rhythmic double bangs. It appears to be on radio 4 of the programmes I listen to . It does not happen on radio 3. It occurs on both a downstairs and upstairs analogue radio. Thank you.	Yes				Radio	No				inbound	Thu, 5 Aug 2010 13:53:50 +0100	Cancelled
I cannot find any local stations other than BBC Leeds on DAB. We receive and often listen on FM to (for example) BBC radios York, Humberside, Sheffield, Newcastle but cannot pick them up on DAB. What are we doing wrong? Other than BBC 4 and World Service that is the extent of most of our listening so we actually are receiving fewer stations.										inbound	Thu, 5 Aug 2010 18:23:34 +0100	Cancelled
I have today had an officer here at my home to investigate interference on my Amateur radio in particular on 4M this was "cured" but at 23:10 to night the noise has returned.	Yes				Radio	No				inbound	Thu, 5 Aug 2010 23:29:49 +0100	Cancelled
I use a Roberts WiFi Radio, this week I find that none of BBC Cumbria's listen again shows are available. This is also the case for other local radio stations. I have contacted Roberts who say that the BBC are making changes and they cannot tell me when I will be able to receive these broadcasts. Can you tell me when? xxxx										inbound	Fri, 6 Aug 2010 08:05:34 +0100	Cancelled
My radio is affected, I get poor reception on Radio 1 and some commercial channels. Once you hit the A3 the signal is clear, but for the last two weeks I can get no signal on the channels. I have tried with 3 cars and multiple portable radios, but the signal does not appear to be strong enough in my area at all. This is not good enough.					Radio	No				inbound	Fri, 6 Aug 2010 10:36:12 +0100	Cancelled
Based in Friern Barnet drive to Crouch End hear pirate radio interfering on Absolute Radio, I emailed Absolute a 2 yrs ago, this is happening again Contacted Absolute Radio :- Unfortunately we are pretty much powerless to act on pirate radio stations. You can help us however, as the BBC operate a form which is sent to Ofcom detailing the problem					Radio	No				inbound	Fri, 6 Aug 2010 11:05:34 +0100	Cancelled
I usually listen to radio kent. Lately I have experienced another station or transmission on or near the same frequency. This seems to be worst when listening in the car and travelling around my local area. Reception of DAB radio (all stations) continues to be unacceptably variable in this densely populated part of Greater London. FM reception is excellent in any part of the house. I have read of 4 new DAB transmitters planned for within the M25. Will any of these bring my DAB reception up to an acceptable level?					Radio	No				inbound	Fri, 6 Aug 2010 21:23:35 +0100	Cancelled
My radio is a Roberts 202. FM works fine but the DAB reception is very poor. This is as predicted by the post code checker. The radio is in principle portable so an external aerial is not appropriate. When do you expect to be improving the signal to OX14 2BD please? We are on the edge of quite a large town not in a remote area.	Yes				Radio	No				inbound	Sat, 7 Aug 2010 12:59:34 +0100	Cancelled
We have a Pure Evoke 3 digital radio. When I press the button on the remote for Guide a message appears on the screen some days saying "Programme information not available for this station" i am usually checking for Radio 4 so that I can save it to my SD card. There was no info for most days this week tho it is back today. What can I do?										inbound	Sat, 7 Aug 2010 15:41:33 +0100	Cancelled
For the last week I have been unable to listen to BBC Radio Scotland due to continual sound breakup. Signal strength shows weak and inconsistent. All other BBC channels are fine with strong signals.	Yes				Radio	No				inbound	Sat, 7 Aug 2010 17:05:34 +0100	Cancelled
At approx 1900 hours every evening chronic interference /jamming noises suddenly occur on radio4 VHF. It last till about midnight. It also occurs on the car radio drive up to the front of the house or close proximity. It seems more dominant to the east side of the building and area. We can manage reception at the back/ north end of the property.					Radio	No				inbound	Sat, 7 Aug 2010 20:17:35 +0100	Cancelled
Problems with FM reception. 5.8.2010 - Radio 3 has background fuzz as though signal is weak. 7.8.2010: Radio 3 okay but now Radio 4 unlistenable with sound break up. This is continuing today 8.8.10. Reception via freesat is problem free.					Radio	No				inbound	Sun, 8 Aug 2010 06:59:34 +0100	Cancelled

In June I complained to the BBC about an interfering signal in the BBC LW; experienced in the Duver Marina, Bembridge, IoW. The continuous howl/squeal was transmitted from the harbourmaster's cabin. (It stopped when he cut off the main electricity supply.) I remind you that the tragic voyage of the 'Ouzo' started here. Can you halt this problem?					Radio	No				inbound	Sun, 8 Aug 2010 08:59:41 +0100	Cancelled
Radio 4 only has major interference and cannot be listened to.	Yes				Radio	No				inbound	Sun, 8 Aug 2010 10:11:34 +0100	Cancelled
EVERY 3MINUTES I GET 20 SECS approx. OF HEAVY CRACKLING. . I have bought a new radio because of this bad reception on my old one. But the new one had the same interference on it as the old one. I returned my new one for a check-up and was told the reception was perfect while it was in the shop (two weeks).	Yes				Radio	No				inbound	Mon, 9 Aug 2010 08:47:35 +0100	Cancelled
Inability to receive Radio Nottingham audibly in any format FM 95.5 or 103.8 AM 1584 DAB the last is just not available?					Radio	No				inbound	Mon, 9 Aug 2010 10:05:39 +0100	Cancelled
I have somehow on my Pure One Classic DAB radio picked up stations from the Humberside multiplex as well as the Leeds multiplex.Why is this?										inbound	Mon, 9 Aug 2010 12:00:02 +0100	Cancelled
I always listen to Radio 4 on 95.7 FM and get good reception until today. I have tried on five different radios in the house, and all are the same.	Yes				Radio	No				inbound	Mon, 9 Aug 2010 13:11:44 +0100	Cancelled
We have lost all reception of FM Radio 4 - on all radios car house and portables					Radio	No				inbound	Mon, 9 Aug 2010 13:54:30 +0100	Cancelled
The repection on Radio 4 is terrible. I am unable to access it on FM and I can not find it on another station. I would like to know why this is happening. This problem happened a few weeks ago and is always happening.					Radio	No				inbound	Mon, 9 Aug 2010 16:59:53 +0100	Cancelled
I am perfectly familiar with radio wave propagation issues and simply want to know when digital radio will be available in my area. I sent an email to you weeks ago and have not had the courtesy of an acknowledgement far less an answer. In short - you appear to be providing digital where it is not needed and no service where it is. OFCOM?					Radio	No				inbound	Mon, 9 Aug 2010 17:59:38 +0100	Cancelled
Poor reception only on Radio 4 VHF. Other stations ok . This also applies to Radio 4 reception in vehicles throughout Speyside in the last few days.					Radio	No				inbound	Mon, 9 Aug 2010 18:29:34 +0100	Cancelled
Reception of Radio 4 on 96.1 Mhz in the Aviemore area is not audible due to heavy background noise and extreme distortion on modulation. As a retired Broadcast Engineer I would suspect a link problem					Radio	No				inbound	Mon, 9 Aug 2010 19:05:35 +0100	Cancelled
We have always had reasonable Radio 4 reception but three days ago reception became poor. This has not affected other stations. Radio Scotland reception remains good. My mother xxxx has the same problem.	Yes				Radio	No				inbound	Mon, 9 Aug 2010 19:23:36 +0100	Cancelled
I am experiencing severe interference on AM / Medium Wave and Long Wave, a loud buzzing like machinery or a signal every evening around 8pm to 9pm. It is intermittent and may be due to local DIY power tools but I don't know of any work going on nearby. I don't think it is internal or due to loose wires as it is too powerful.										inbound	Mon, 9 Aug 2010 20:53:46 +0100	Cancelled
Loud buzzing interference 24 hours a day on AM & LW makes them unusable. VHF is never good but is as usual, DAB & radio on TV OK - since 6/7.8.2010. DAB & radio on TV is OK. Have tried 6 house radios & 3 car radios in drives plus immediate neighbours also checked with similar results. Please help fast - its driving us nuts !										inbound	Mon, 9 Aug 2010 22:41:36 +0100	Cancelled
Dear Sir / Madam, I would like to notify you if a Pirate Radio station, broadcasting in the Reading, Berkshire area on 87.5FM The name of the station is 'Uk's Finest 87.5' and has been broadcasting for almost a year now. There is also bad language used throughout the day. Thank you for your attention. Kind regards xxxx										inbound	Tue, 10 Aug 2010 07:23:36 +0100	Cancelled

for the last few days the signal for radio 4 fm has had so much interference it is impossible to listen to it. this applies on my radios at home and at work 3 miles away and on my car radio and i pod. radio 1 signal is perfect in above situations. i would say that the problem is getting worse day by day					Radio	No				inbound	Tue, 10 Aug 2010 09:11:43 +0100	Cancelled

The problem occurred briefly a couple of weeks ago and then got better again. I was away from 4th to 8th Aug - when I got back I could not get clear reception on Radio 4 from any of the radios in the house or the car. The sound is very muffled and "burbly" - it is impossible to hear what's said (not just diff). Fiddling with tuning doesn't help					Radio	No				inbound	Tue, 10 Aug 2010 09:59:38 +0100	Cancelled
Very poor signal on Radio 4 for last few days. Neighbours and relatives also affected. Happened a few weeks ago and was rectified in a day so not sure why it is taking so long to fix this time.					Radio	No				inbound	Tue, 10 Aug 2010 10:23:48 +0100	Cancelled
Heavy interference/poor reception on Radio 4 FM on a number of radios in more than one house and in the car.					Radio	No				inbound	Tue, 10 Aug 2010 10:24:02 +0100	Cancelled
Several evenings a week there is interference on my radio. It is bad on MW and worse on LW and lasts for nearly 2 hours. Walking round the local area with a portable radio I found that the interference is strongest immediately above the BT junction box outside No.12. None of the immediate neighbours were running anything that might cause it.										inbound	Tue, 10 Aug 2010 11:23:39 +0100	Cancelled
i am having problem picking up my local radio station, it seems that there is interference from a local pirate radio station, cool 94.7 fm. After some investigation i have noticed that they not only broadcast illegally over the airwaves but also have a web cam and interactive website http://xxx					Radio	No				inbound	Tue, 10 Aug 2010 11:29:38 +0100	Cancelled
Radio 4 has a very weak signal (96.1) with a lot of distortion. I can normally get a good clear signal on 4 different radios in the house and on my car radio in this area. At present it is not possible to listen to radio 4 on any of these, and unsurprisingly friends up to 10miles away are having the same experience.					Radio	No				inbound	Tue, 10 Aug 2010 11:35:33 +0100	Cancelled
Yes for over a year I have been complaining to OFCOM about a pirate station called Omega 104 fm that is blocking out my listening to BBC Radio Berkshire on 104.1 fm. This station pirates news from other stations and broadcast programs from the world service. Radio Berkshire is on the Radio stations available web site in SW London. Hope you can help.					Radio	No				inbound	Tue, 10 Aug 2010 14:53:49 +0100	Cancelled
Reception problems with FM radio in Kingussie and surrounding area. 4 miles down the road in XXXX radio reception is fine. Issue with FM reception began to occur about a week ago. URGENT - avid fan of radio 4.					Radio	No				inbound	Tue, 10 Aug 2010 17:00:19 +0100	Cancelled
major distortion on all 4 radios attempting to get R4 FM within the house (all off different aerals) since Sunday 0600 - still bad (Tuesday 1700) We have never in 25 years had this problem.					Radio	No				inbound	Tue, 10 Aug 2010 17:06:06 +0100	Cancelled
Kingussie and surrounding area affected. Many people complaining of bad reception. The reception is crackly and distorted and totally un-listenable to on radio 4. It is affecting all the radios in our house and both the car radios - all were affected at the same time. I know this as I tried one radio after another in an attempt to listen.					Radio	No				inbound	Tue, 10 Aug 2010 17:29:40 +0100	Cancelled
Since returning from holiday I find that there is now interference on Radio 4 on FM 96.1. There does not appear to be interference on Radios 1,2,3 or local. I have tried three radios in the house, and also my car radio at the house and in , and all have the interference, and all were fine before.	Yes				Radio	No				inbound	Tue, 10 Aug 2010 18:23:52 +0100	Cancelled
From yesterday Radio 4 FM signal has had a lot of interference and maybe a weak signal. Other radio stations seem to be OK. The problem occurs on a number of radios including the car one.	Yes				Radio	No				inbound	Tue, 10 Aug 2010 19:11:44 +0100	Cancelled
No reception from channels 3, 4 and 5' these were working last night. I believe that our transmitter in St Anthony is a repeater transmitter re-transmitting from Caradon. At best we only have 10 TV channels and 11 radio stations. Why do we have to pay a full license fee for this very poor service? Please send me a complaints form.										inbound	Tue, 10 Aug 2010 19:35:44 +0100	Cancelled
Sound distortion on radio 4.					Radio	No				inbound	Tue, 10 Aug 2010 20:59:45 +0100	Cancelled
The problem has been around since about Saturday or Sunday. My neighbour is experiencing a similar problem on Radio 4 FM and has contacted the BBC to report it. The sound is completely unlistenable. You can make out a voice but the reception problem is so bad that it is impossible to make out what is being said.					Radio	No				inbound	Tue, 10 Aug 2010 21:05:54 +0100	Cancelled
Over the past 3 days we have been experiencing a lot of interference on R4 FM such that it is not worth listening to. No other FM stations are affected. R4 LW is OK.					Radio	No				inbound	Wed, 11 Aug 2010 09:41:55 +0100	Cancelled
Local Turkish (?) pirate radio station broadcasting on 105.8 totally masking Absolute radio. Massive interference in the area is also apparent from in-car reception at 105.8					Radio	No				inbound	Wed, 11 Aug 2010 09:47:34 +0100	Cancelled

Radio 4 sounds like its not quite tuned in/ Radio 1 and local are fine but Radio 4 very poor for several days and colleagues at work have same problem. Also aware other people on Granton TX having same issue.					Radio	No				inbound	Wed, 11 Aug 2010 09:53:48 +0100	Cancelled
It relates to DAB radio reception in my car. I often have 'no signal' problems on Radio 4 & 5 when travelling. Is this my radio or reception problems?	Yes				Radio	No				inbound	Wed, 11 Aug 2010 10:05:47 +0100	Cancelled
I moved here in December last year and could receive DAB without issue. This changed two/three months ago when no BBC stations could be received but about 5 stations could be found when the radio was one window. but elsewhere nothing. I switched to analogue with poor quality reception except for a very old independent transistor radio which is OK	Yes				Radio	No				inbound	Wed, 11 Aug 2010 14:47:34 +0100	Cancelled
Hi, Since moving into the new property I have never been able to receive BBC DAB channels. I can only receive 2 multiplexes, despite having a roof-top aerial. Will transmission strength/new transmitters be added soon? *Sometimes* I have picked up very weak BBC stations but after a re-scan they have disappeared. Will this 'black spot' be fixed? Thx,	Yes				Radio	No				inbound	Wed, 11 Aug 2010 14:47:34 +0100	Cancelled
You say that FM Radio4 at Grantown is reduced quality reception; reception is very poor and station cannot be listened to. This problem applies only to Radio 4- all other stations (and therefore radio sets in our home) are fine. As you are aware of this issue please advise when will this problem be solved?	Yes				Radio	No				inbound	Wed, 11 Aug 2010 16:05:40 +0100	Cancelled
I listen to radio 4 on long wave from 6.45 to 19.15. The last few days it has been cutting out intermittently for a few minutes at a time. This morning it went off at about 8.10 for at least 20 minutes. Have had no warnings they were working on transmitter. Very annoying as missing ends of plays etc. Is this due to you or interference?Please advise	Yes				Radio	No				inbound	Thu, 12 Aug 2010 10:42:26 +0100	Cancelled
The transmitted signal strength of Radio 3 FM at Ludlow has intermittently effectively ceased. The station is usually at full strength until about 9:30am, and then abruptly drops so substantially that none of the 6 radios I have receives it at all (nor do those of my neighbor'). No other BBC station is affected. PLEASE CORRECT FAULTY TRANSMITTER					Radio	No				inbound	Thu, 12 Aug 2010 12:18:17 +0100	Cancelled
The transmitted signal strength of Radio 3 FM at Ludlow has intermittently effectively ceased. Have a Tech DAB One, which until about 2 months ago gave excellent reception, even with telescopic aerial. Then all BBC stations became noisy, bubbling, long drop-outs. Fitted external aerial, loads of new stations, all fine except all BBC, same problem, bubbling, 10 seconds to lock on, drop-outs. Signal strength high, pulsing on BBC		Yes				Radio	No				inbound	Mon, 16 Aug 2010 11:59:51 +0100	Cancelled
I enjoy Radio Leeds' Yorkshire cricket commentary online. I bought a wi-fi radio so that I could listen around the house or in the garden. All worked fine for a couple of weeks. Now I get a lady saying there is no event at present even when there is commentary playing on the bbc site. It's happening as I write this. Many thanks.											inbound	Mon, 16 Aug 2010 12:41:39 +0100	Cancelled
12 months ago I asked the same question....WHY must my reception of Radio 2, which is normally perfect, be drowned out to the point of extinction each year by the license granted for the period of Ramadan to a station broadcasting a far stronger signal? It affects 3 radios in the house, so it's not just a 1 off- PLEASE LOOK INTO THIS & EXPLAIN !!!											inbound	Mon, 16 Aug 2010 13:59:45 +0100	Cancelled

I use a DAB radio and for the last two weeks have been unable to receive the BBC EPG. I have tried retuning but this has made no difference. Until now I have had no problems with EPG. Why has this happened?										inbound	Mon, 16 Aug 2010 17:17:50 +0100	Cancelled
We live next door to a pub and when they are playing music our FM signal is badly distorted. Is there any explanation for this? Can it be rectified? Many Thanks					Radio	No				inbound	Mon, 16 Aug 2010 17:53:41 +0100	Cancelled
Whilst listening to Capial Gold on 1242 MW at various times throughout the day there will be interference that makes it unlistenable and it lasts for several hours. It sounds as if someone is using an unsupressed motor of some sort. This has been happening for the last month now and starts at various times of the day.	Yes				Radio	No				inbound	Mon, 16 Aug 2010 18:53:47 +0100	Cancelled
We suddenly have lost all digital channels including TV and radio. TV is only 6 months old with built in freeview. Have checked all aerial connections which are ok - tried another TV on same aerial which doesnt pick up channels either. Think our transmitter may be down in this area but dont know who to contact for confirmation - can you advise										inbound	Mon, 16 Aug 2010 19:17:41 +0100	Cancelled
Address, Outdoor dipole antenna, lcom radio. Interference to S9+ across much of the HF spectrum; combination of poorly suppressed power supplies/plasma TV and PLT devices (both Comtrend type and pulsed variety). Still present with ALL mains power to house switched off. A power cut to the village causes interference to cease.	Yes				Radio	No				inbound	Mon, 16 Aug 2010 22:35:46 +0100	Cancelled
I listen to Radio 5 and TMS on 198LW. When I go to work, or the gym, I have to pass along a road, and within the last two months, there has been a buzzing sound on my car radio! The road I travel is the XXX at about number XXX XXX Rd, XXXX, when I hear a buzz on the car radio. I think that there are lots of tax firms in the										inbound	Mon, 16 Aug 2010 23:29:37 +0100	Cancelled
Listening to R5, and 198LW. On the XXXX by XXXX Rd, in XXXX there is interference to my car radio. There is a buzzing sound. There are a lot of taxi firms in this area, Is one of them not confirming to the radio rules? This buzzing noice has been going on for a couple of months now! Please can you investigate for me?										inbound	Tue, 17 Aug 2010 00:05:48 +0100	Cancelled
We are getting radio interference on R4 on Friday PM and all day Sat's from 1 or poss. 2 'pirate' stations broadcasting over a wide spectrum from 92 to approx 95 FM to the extent that radio 4 becomes intolerable to listen to. when it 1st started it obliterated R4 but subsequently the power has been reduced. We have no problems at any other time.	Yes				Radio	No				inbound	Tue, 17 Aug 2010 10:35:54 +0100	Cancelled
Radio went off around 11.15am, tv also off. Neighbour nearby has same problem. Presume Skriag has a fault?					Radio	No				inbound	Tue, 17 Aug 2010 12:12:36 +0100	Cancelled
We are a commercial recording studio. We are experiencing a very nasty high frequency noise, which is being picked up by our microphones, guitar amps, and keyboard instruments. The noise is definitely airborne. We are currently partially closed for business until we can resolve the problem. I have contacted Ofcom, who have referred me to the BBC.										inbound	Tue, 17 Aug 2010 14:24:26 +0100	Cancelled

I run a private radio station in the Birkenhead/Merseyside area. Recently I believe a pirate radio station is interfering with not only my radio station in Birkenhead but also radio Merseyside. I believe this pirate station is being run from a caravan in the area and that the people behind it are involved in drug dealing.											inbound	Sat, 28 Aug 2010 18:05:35 +0100	Cancelled
This only happens in short bursts of about ten to twenty minutes and almost always on Radio 4. Radio 3 and 2 sometimes get it too but hardly at all and not always. Why if it is electrical equipment should it be just Radio 4? Reception is also sometimes affected by planes flying overhead but not always. xxxx	Yes					Radio	No				inbound	Sun, 29 Aug 2010 20:41:35 +0100	Cancelled
Can't listen to LW because of loud mains hum. Unsure how long this has been happening. It's evident on each radio I have tried from transistor portables to a Racal RA1772 with external aerial. Switching off the mains reduces the hum but does not eliminate it. A walk around the area with a portable shows problem to exist over a wide area. More room please	Yes					Radio	No				inbound	Mon, 30 Aug 2010 08:41:33 +0100	Cancelled
BBC Radio Berkshire you cannot seem to regulate your presenter sound levels on DAB. Either the presenter is too loud and you cannot hear the other person or the inserted item is too loud so you have to turn it down and then you cannot hear the presenter. This is a particular problem with News Bulletins when an insert is played.											inbound	Mon, 30 Aug 2010 08:47:34 +0100	Cancelled
I have a DAB radio in my van and up until about 3 weeks ago the reception for all DAB channels was excellent but recently I struggle to get good reception around mid Sussex. On searching the internet it appears to be a big problem... What's happened???						Radio	No				inbound	Mon, 30 Aug 2010 08:53:34 +0100	Cancelled
Hello. For a couple of months, reception has fluctuated on a day to day basis (sometimes fine, other days awful.) The village "is" in a hollow/dip - however I've previously had v good reception upstairs & pretty good downstairs - both sets (Pure receivers) in line of sight of window. Are any transmitters on reduced power? Happy to log stats...	Yes					Radio	No				inbound	Mon, 30 Aug 2010 11:11:33 +0100	Cancelled

Have been able to listen to BBC Radio Devon for seven years in Bristol but in the past few weeks the transmission has been suffering from interference from Radio Wales. No one can seem to help me with this. Is there something wrong with the transmission.	Yes					Radio	No				inbound	Thu, 23 Sep 2010 15:47:33 +0100	Cancelled
has constant problems with reception.		No				Radio	No				inbound	Thu, 23 Sep 2010 15:47:35 +0100	Cancelled
Very poor/no analogue reception both in the house and in the car within radius of around one mile. Just 'white noise' no evidence of another transmission. Started around midnight yesterday. DAB is fine.	Yes					Radio	No				inbound	Thu, 23 Sep 2010 16:59:35 +0100	Cancelled
NOT RECIEVING STEREO BROADCASTS FOR RADIO2/4- WELL VERY INTERMITTENT AND VERY ANNOYING						Radio	No				inbound	Thu, 23 Sep 2010 18:35:33 +0100	Cancelled
Very loud interference drowns long wave reception on my portable at intervals throughout the day. It seems to be caused by something on a timer switch and starts around 7.30 am. I live in an upper conversion and my downstairs neighbour says it can't be coming from there. Is there a simple method I can use to trace the source?											inbound	Fri, 24 Sep 2010 08:05:35 +0100	Cancelled
FM reception is poor but mono FM is usually better than AM. There is a lot of steel in the house structure, DAB is far worse than FM except in quite impractical places. We have four FM radios in daily use - mostly BBC programs - and three more are used occasionally. Then there is the car. Can you suggest how we should 'go digital'?		Yes				Radio	No				inbound	Fri, 24 Sep 2010 10:11:35 +0100	Cancelled
"I am getting interference on all programmes since a school was built about a year ago just behind my house and would like advice on how to improve my reception."											inbound	Fri, 24 Sep 2010 11:29:52 +0100	Cancelled
Signal distortion has suddenly started on all FM radio (distorts on loud notes / beats in music). Same problem on 3 radios in house (one has a separate loft aerial). Similar problem in car until you move out of Cheam locality. Seems to be affecting other radio stations as well as BBC (Magic became so bad, my daughter switched it off!!!).						Radio	No				inbound	Fri, 24 Sep 2010 12:05:53 +0100	Cancelled
Hi Listen to Radio 2. Recently it has become distorted. The 'ffzzz' type of noise is in time with the louder modulations. A bass drum or someone raising their voice. Similar to turning up an amplifier too far, and having it 'clip'. Same on 5 radios (mine, my neighbours and my car.) Other FM stations are fine. It must be the BBC.						Radio	No				inbound	Fri, 24 Sep 2010 13:11:34 +0100	Cancelled
from dusk till dawn i get a sawtooth type of interference. i beleve it is coming from a security light.at the rear of a neighbours garage. It starts at dusk and stops at dawn	Yes					Radio	No				inbound	Fri, 24 Sep 2010 14:05:35 +0100	Cancelled
My aerial points to Crystal Palace. My Naim tuner is picking up Radios 3 and 4 in MONO only. Other stations are being picked up in stereo. Is there maintenace work going on at this transmitter? Someone else has noted that Wrotham is having problems - as you advise.	Yes					Radio	No				inbound	Fri, 24 Sep 2010 14:35:33 +0100	Cancelled
This is my 3rd attempt to report pirate activity from noon Fri.-Sun eve over 92 to 96fm obscuring all stns in this band.I recently rec'd an e-m from you ref. to CAS-286018-57DMX1 advising that a mains outage in the LA post code was the cause of my DB problem!! I despair.I would very much appr. being able to listen to my radio at w/ends again.	Yes					Radio	No				inbound	Fri, 24 Sep 2010 16:17:39 +0100	Cancelled
The problem exists with reception of Radio 2 frequencys on the 88-91 band in the XXXX area of Market Harborough. The signal is very poor and breaks up constantly yet Radio 1s reception on 97-99 is perfect at all times. Other people in the area also have commented to me on how poor the signal is and are not able to tune to Radio 2.						Radio	No				inbound	Fri, 24 Sep 2010 17:53:37 +0100	Cancelled
Dear Sir or Madam. For the last two days Radio 3 has broadcast in mono for most of the day. I would be interested to know why. I don't think it can be my tuner becasue I can get stereo on other channels. I have sent you my electronic mail address so that you can reply to me very easily. Thank you.											inbound	Fri, 24 Sep 2010 18:41:41 +0100	Cancelled
Problem is with R3 only. Suddenly my hifi tuner (an old Cyrus) went mono for R3 - all other stations (1,2,4 and Radio Devon) are OK and stereo. It first happened approx April 2010. It cleared up - approx May but around time the Proms began it went back to mono. Now and again infrequently, stereo. My aerial is poor but has been the same one.	Yes					Radio	No				inbound	Fri, 24 Sep 2010 19:17:38 +0100	Cancelled
Plese let me know asap when you swill be able to repair this fault to Radio 2 very poor reception as indicated above since end of august						Radio	No				inbound	Sat, 25 Sep 2010 09:35:34 +0100	Cancelled
Reception was intermittent around lunchtime 22/09 then disappeared until 17:00. Saturday there was only brief periods of reception between 14:00 and 14:20. Other portable radios receive a very weak signal.	Yes					Radio	No				inbound	Sat, 25 Sep 2010 14:29:34 +0100	Cancelled

I listen to Radio 4. Over last 10 days or so there has been such heavy interference that its impossible to listen to. Radios 1 and 2 are fine, but are not what I want to listen to. I havent changed or moved my radio in last 10 years. 6 or so years ago when this happened before it was due to presence of local radio station near my house.	Yes					Radio	No				inbound	Sat, 25 Sep 2010 14:29:35 +0100	Cancelled
No signal on 90MHz from about 2:45pm. Reception is white noise + some electronic tones. This mornings signal has had several random glitches consisting of a "pop" followed by a faction of a second silence.						Radio	No				inbound	Sat, 25 Sep 2010 15:11:34 +0100	Cancelled
Your system does not seem to cater for car radios. While driving through Otford, Kent, I get breakthrough from another, possibly pirate, station. I don't like it.	Yes					Radio	No				inbound	Sat, 25 Sep 2010 15:35:34 +0100	Cancelled
Radio 1 on 99.4MHz, Radio 2 on 89.8MHz, Radio 3 on 92.0MHz and Radio 4 on 94.2MHz from Hemdean seem to be in mono only today Saturday 25th September 2010. Other transmitters are weaker (as usual) but in stereo.											inbound	Sat, 25 Sep 2010 15:59:35 +0100	Cancelled
Main portable fm radio 3 reception distorted for last three days. Similar results experienced with another portable radio and also with car radio. All radios have worked perfectly until now. Portable DAB radio works perfectly. Played DAB radio at same time as fm radios and only latters' reception affected. All given advice taken.	Yes					Radio	No				inbound	Sat, 25 Sep 2010 17:53:34 +0100	Cancelled
Listening to the football coverage on radio 5 the reception is usually fine. However, trying to listen to last mondays Monday Night Football Club was impossible. The reception very poor with a constant, loud crackling rushing sound. This interference is affecting the entire AM network and is present on all our radios. The reception has not improved	Yes					Radio	No				inbound	Sat, 25 Sep 2010 18:23:34 +0100	Cancelled
We have not been able to get radio reception on our DAB radios for about a week. We have two radio's one upstairs and one in the lounge, neither give us radio reception now. help		Yes				Radio	No				inbound	Sat, 25 Sep 2010 19:05:35 +0100	Cancelled
Interference caused by local street lighting (fitted with Zodian electronic ballast). Seriously affects short wave radio reception when local street lights are on. Already sought advice from RSGB EMC group who advised me to contact OFCOM but their site redirects me to the BBC. Full details available but will not fit in this box. Regards,	Yes					Radio	No				inbound	Sat, 25 Sep 2010 20:47:38 +0100	Cancelled
Cant find a list of the FM frequencies you broadcast on for FM radio in your help list or so far anywhere. wife has just brought a Sony FM walkman and wishes to know frequency for radio 4. Thought it would be easy to find on your web site. Xxxx											inbound	Sun, 26 Sep 2010 06:41:34 +0100	Cancelled
Problems with both FM radio reception & DAB radio reception. Sometimes no problem with either, however frequent problems @ 1000hrs to 1400hrs on certain days when reception deteriorates from "excellent" to "appalling".						Radio	No				inbound	Sun, 26 Sep 2010 10:17:38 +0100	Cancelled

Radio 5 on 693 has a what I can best describe as a warbly distortion to the speech. The problem is present on all four of my AM radios plus the car radio.It is not evident on 909 on any radio. I cant remember exactly when this started, but I think probably 2 - 3 weeks ago at the latest. Up to then Radio 5 on 693 was fine.	Yes				Radio	No			inbound	Mon, 27 Sep 2010 14:35:34 +0100	Cancelled
I am experiencing interfrance with the TV caused by the use of a HAM radio operated by Mr. XXXX (XXXX). Please can you advise who to contact with reagrds to this, as i am under the assumption this is illegal broadcasting. The interference happens regularly and sounds like morse code. I am contactable on XXXX. Thank you.									inbound	Mon, 27 Sep 2010 18:17:34 +0100	Cancelled
reception on DAB and FM is very poor in the evenings on Radio 4 this problem has been very bad for about 4 days until then i had very good reception and no problems with DAB or FM. Is this low power or is work being done on the Droitwich transmitter?		Yes			Radio	No			inbound	Mon, 27 Sep 2010 23:11:36 +0100	Cancelled
Interference and poor reception in the evenings on radio 4 DAB and FM	Yes				Radio	No			inbound	Mon, 27 Sep 2010 23:23:39 +0100	Cancelled
For the last two months I have been unable to receive good reception on any BBC radio stations on FM. The signal has gone from 80% to 40% for Radio 3. Other BBC channels are similar. What is the problem?	Yes				Radio	No			inbound	Tue, 28 Sep 2010 09:29:37 +0100	Cancelled
Listening to Radio 3 on Bang and Olufsen FM radio as part of a music system. Perfectly clear reception on 91.3 then suddenly at 10:10 today, and about 10:15 the other day reception suddenly went 'hissy'. Moving to 91.0 provides reasonable reception but it's not as clear as 91.3 and suffers from cars and aircraft passing by.	Yes				Radio	No			inbound	Tue, 28 Sep 2010 10:23:36 +0100	Cancelled
No FM or digital signal. Went off at approx 09.40 hours. LW is available and broadband also available..									inbound	Tue, 28 Sep 2010 10:41:35 +0100	Cancelled
Intermittent interference affects radio in one room. Have checked with adjoining neighbour who said he is only using a computer in the next door room,	Yes				Radio	No			inbound	Tue, 28 Sep 2010 11:11:42 +0100	Cancelled
Interference with reception on Radio 4 (which we listen to every morning). We are usually tuned to 93.50 and the interference starts at about 8.00 a.m. each morning. We move down to 93.20 and it is sometimes bearable at that frequency and sometimes not. if you move up from 93.50 you quickly tune into what sounds like an illicit reggae station.					Radio	No			inbound	Tue, 28 Sep 2010 11:35:34 +0100	Cancelled
For the last couple of weeks, I have found it difficult to pick up distortion-free Radio 3 or Classic FM. I think this may be caused by interference because it was fine on Sunday, it could be caused by equipment used on weekdays.	Yes				Radio	No			inbound	Tue, 28 Sep 2010 11:53:34 +0100	Cancelled
cannot listen to any main radio stations due to constant interference-only started today 28 sept-is there any transmitter work going on in the area?cannot check online as postcode not recognised-am in					Radio	No			inbound	Tue, 28 Sep 2010 14:23:33 +0100	Cancelled
Very poor & variable reception on two tuners recently. Today the signal is weak and is being broadcast in mono on all the BBC FM channels. Is this part of a softening up process to try to persuade us to switch to DAB (a very poor substitute for a decent analogue FM stereo broadcast) or is this a temporary transmitter problem?					Radio	No			inbound	Tue, 28 Sep 2010 17:53:34 +0100	Cancelled
No stereo reception on Radio 1, 2, 3, 4 (or Classic FM but I appreciate that's not you!). There is stereo reception on Radio Sussex. Is there any maintenance going on?									inbound	Tue, 28 Sep 2010 18:23:35 +0100	Cancelled
We have been having enormous trouble receiving FM radio 4. It does seem to coincide with most of your reports of "weak signal", but there are no clues as to how long this lack of reception might go on for. What is going on?The suggestion of using alternative transmitters which don't work in this area is not very helpful when you have the post code					Radio	No			inbound	Tue, 28 Sep 2010 23:29:41 +0100	Cancelled

I seem to be going round in circles. This complaint is about an interfering signal at xxxx, Isle of Wight, preventing boats from receiving the shipping forecast etc on Long Wave. Complaint Ref 233695. The only reply I have (just) received told me to complete this form - again.					Radio	No				inbound	Wed, 29 Sep 2010 08:35:35 +0100	Cancelled
We have three DAB radios at address and from 7am to mid morning Radio 2 comes up station not available on all sets. This is intermittent and is not every day but seem to be a bit more regular over the last 2/3 weeks. Problem has only arisen in the last 2 months have had DAB for a couple of years with no problems. Regards xxxx	Yes				Radio	No				inbound	Wed, 29 Sep 2010 09:11:34 +0100	Cancelled
Radio 3 constantly keeps "dropping out" the signal as if a faulty CD at their end. Also occasional loud roaring & hissing & complete loss of signal which then returns. At least once every other hour this happens. Radio 4 is not affected. TV is fine [mainly] though I find I get break-up sometimes after 9:00.p.m. Transmitter on Guildown?	Yes				Radio	No				inbound	Wed, 29 Sep 2010 10:35:36 +0100	Cancelled
I notice frequent breaks on Radio 3 FM both on my home radios at the above address and in the car all around the south and midlands in recent weeks. Sometimes it is for a few seconds - but can be for several minutes at a time - the radio just goes dead. Just now, 15.20 while there was a break, another station (local?) came through! Thank you,					Radio	No				inbound	Wed, 29 Sep 2010 15:35:35 +0100	Cancelled
on all dab+ hifs the radio is intermittent... the sound goes blank and sometimes when i switch off and then back on it comes up with NO SERVICE. There IS an issue with the Hastings Transmitter but it is extremely disappointing that NOTHING is/has been done about this problem especially since my problem seems to be with national BBC radio stations					Radio	No				inbound	Wed, 29 Sep 2010 15:41:34 +0100	Cancelled
CAS-265345-T4JNZ8 As reported before the Guildford R3 FM analogue transmission loses audio signal but carrier remains. This happens for about 2/3 minutes and is on a fairly regular basis, could be at least once a day. Also, a recent thing, the whole signal goes. One occurrence of this was at about 07.10 29/9/10. All 5 radios are the same. Bye!	Yes				Radio	No				inbound	Wed, 29 Sep 2010 18:11:36 +0100	Cancelled
I had a digital radio two years ago but gave it away as we have zero reception here. I can receive radio through the freeview box but that's in the living room and I listen to the radio through the night on my bedside radio alarm. When analogue signals are switched off, will I be entitled to claim my licence fee back? Will the situation improve?					Radio	No				inbound	Wed, 29 Sep 2010 20:06:49 +0100	Cancelled
Tuning to radio three on analogue FM frequency 91.3 MHz the signal strength has been low both last Wednesday 22nd September and today 29th September with no stereo reception up to between 4 and 5 o'clock in the afternoon but restores to full strength after that. I am tuned to Crystal Palace? not the usual one for this general area Bow Brickhill	Yes				Radio	No				inbound	Wed, 29 Sep 2010 22:09:44 +0100	Cancelled
I sent a request about information about switching to digital tv and radio but the people who replied said they could only comment on digital tv. Please will you let me know when our area is switching to digital radio and when the analogue radio signal will be switched off. If poss please call me on xxxx or email to this address. thank you										inbound	Wed, 29 Sep 2010 23:36:01 +0100	Cancelled
In an area between XXXX Rd and XXXX road centred around Little london road there is a transmitter that is swamping radio 4 longwave reception with other radio channels. Usually a music channel. This is not a problem with my equipment. My car radio receives radio 4 on longwave correctly everywhere except in this area					Radio	No				inbound	Thu, 30 Sep 2010 10:17:36 +0100	Cancelled
Everytime I listen to my fm radio in the my car a new radio station Total Star fm butts in during the traffic reports. I was listening to BBC Bristol and the traffic report came on only to have an advert for Total Star to run over the top of the traffic report. It is very annoying and I have sent an email to them.										inbound	Thu, 30 Sep 2010 10:29:48 +0100	Cancelled
MW Radio 5 Live for the past few days is getting interference neighbours are the same.					Radio	No				inbound	Thu, 30 Sep 2010 13:17:35 +0100	Cancelled
When listening to LBC (97.3mhz) the station is interefered with by what sounds like airline pilots. We are very near a flight path - can I do anything to stop this? Only affects LBC.	Yes				Radio	No				inbound	Thu, 30 Sep 2010 13:47:42 +0100	Cancelled
I don't have email but you can get me on my landline. xxxx There is interference and electrical noise happens every day at 4:45. It also affects the radio. I have no colour and the sound is poor.										inbound	Thu, 30 Sep 2010 14:53:45 +0100	Cancelled
Over the last ten days or so, stereo FM reception in my house has been constantly attacted by interference. I listen to Radio Scotland and Radio 3 and 4. I have 2 radios at different locations in the house and both have the same problem. I would like to know if there is a fault with my local transmitter. Your system cannot recognise my postcode!!	Yes				Radio	No				inbound	Fri, 1 Oct 2010 08:41:33 +0100	Cancelled
For several weeks I have been unable to listen to Radio Scotland on DAB. Signal strength is low and sound quality is poor to non existent. All other BBC channels are fine and show good signal strength.	Yes				Radio	No				inbound	Fri, 1 Oct 2010 09:29:37 +0100	Cancelled
I get very poor DAB reception - it is largely inaudible. Could this be due to trees or to the fact that the house has some concrete in the construction? Can I have the problem diagnosed, without having to buy and try a series of radios? I suppose an aerial would only allow me to use fixed radios.					Radio	No				inbound	Fri, 1 Oct 2010 18:29:35 +0100	Cancelled

on an ONKYO radio I have had working for about 1y I get AM , FM , but ' no signals ' on display when I select DAB . aerial or unit have not been disturbed since all was working fine ?										inbound	Fri, 1 Oct 2010 20:54:17 +0100	Cancelled

Most of AM/MW band has continual v loud interference on 3 separate radios in our house. About the only station I can receive on AM / MW is TalkSport. We've never had this problem before the last 2 weeks. Next door moved in a few weeks ago. Terraced house. Is it possibly to do with any equipment (WiFi etc) they may have set up? Really missing 5Live	Yes					Radio	No					inbound	Tue, 5 Oct 2010 13:53:34 +0100	Cancelled
BBC Radio 3 keeps cutting out irregularly, it can be fine for hours, then go several times in several minutes. This has been happening for several days.	Yes					Radio	No					inbound	Tue, 5 Oct 2010 14:26:10 +0100	Cancelled
This lunchtime the radio reception on BBC Radio Three has been constantly interrupted by rap music in a transmission from a station calling itself Lightning FM on 90.8. Presumably this is an illegal station. Reception is clear so it is probable the station is fairly nearby.						Radio	No					inbound	Tue, 5 Oct 2010 14:26:55 +0100	Cancelled
pirate radio station interfering with radio 3 FM, 91.00-91.30, in North fulham. First aware of it about 1400 hrs, Tuesday 5 October. Ruining my afternoon listening!						Radio	No					inbound	Tue, 5 Oct 2010 14:41:37 +0100	Cancelled
intermittent poor signal for last 1hr and 1/2	Yes					Radio	No					inbound	Tue, 5 Oct 2010 15:23:49 +0100	Cancelled
Radio 3 has dropped out several times for a few minutes in the last hour (it is now 15:00 on 5 Oct 2010). It is also in mono only. Radio 4 is in mono too, but other stations are in stereo. I'm sure this must be at the transmitter end, but your site says there is nothing wrong with Wrotham.	Yes					Radio	No					inbound	Tue, 5 Oct 2010 15:23:51 +0100	Cancelled
I am enquiring about R4 LW Droitwich 198 KHz on behalf of an ex-colleague in Paris. Is the TX on normal power? The ex-colleague says that he is having real problems receiving the station, and has been for several months. Many thanks, xxxx PS. The post code is irrelevant for obvious reasons!	Yes					Radio	No					inbound	Tue, 5 Oct 2010 16:13:13 +0100	Cancelled
a new factory was built at the end of my drive quite recently-farm barn replacement about 100 yards away.During working hours radio reception has been impossible during working hours most of the time.There was never a problem before this factory was occupied-during our tenure of 35 years.The interference vanishes after 1800 hours .						Radio	No					inbound	Tue, 5 Oct 2010 17:59:58 +0100	Cancelled
The above form is hopeless. I want to complain about analogue radio (FM) which has constant interference; DAB radio - virtually impossible to get. No digital TV; analogue reception on channels 1, 2, 3 & 4 only. You would think we were living up a mountain in 1950, yet we are only a few miles from the transmitter. What's wrong?						Radio	No					inbound	Tue, 5 Oct 2010 20:59:38 +0100	Cancelled
Noticed a pirate radio station coming over the top of Radio 3 from this afternoon and Radio 3 would go off the air completely at times. Everything is working OK this evening. Noticed the problem in the area between Tottenham FC and xxxx as well.	Yes					Radio	No					inbound	Tue, 5 Oct 2010 20:59:57 +0100	Cancelled
While listening to Radio 3 FM in the afternoon my HiFi tuner suddenly muted for periods of one to 60 seconds. A portable radio tuned to Radio 3 FM hissed during the same periods. I retuned a separate channel on the HiFi tuner to 91.0 and when the dropout occurred I switched from one channel to the other and found either one or the other better.						Radio	No					inbound	Wed, 6 Oct 2010 09:59:51 +0100	Cancelled
About 11am each day the radio signal just cuts out pretty much across the board. The only thing I appear to be able to pick up are foreign sounding, or what appears to be low budget local/pirate radio						Radio	No					inbound	Wed, 6 Oct 2010 11:05:53 +0100	Cancelled
I have radios in every room in the house, during the night the reception is okay but it worsens during the morning until it disappears completely. Lasts till early evening then it comes okay again.	Yes					Radio	No					inbound	Wed, 6 Oct 2010 12:05:49 +0100	Cancelled
xxxx I have had interference on Classic FM for some weeks now. I get an intermittent hissing noise.												inbound	Wed, 6 Oct 2010 15:53:35 +0100	Cancelled
have always had an excellent signal but now all bbc radio stations sound like daleks! The digital radio alarm upstairs is still working. Please can you help?	Yes					Radio	No					inbound	Wed, 6 Oct 2010 18:11:56 +0100	Cancelled
When listening to any bbc radio station the signal drops out. this is now happening more and more frequently. It will cut out for upto 30 seconds at a time and can be as much as every 2 - 3 mins. This is happening to all my neighbours and work colleagues in xxxx						Radio	No					inbound	Wed, 6 Oct 2010 21:59:42 +0100	Cancelled
The signal on my DAB Radio is always breaking up and the signal quality is extremely poor. This has been an ongoing problem and no matter how times I complain no one evr gets back to me or does anything about it. This is a waste of my license fee.	Yes					Radio	No					inbound	Thu, 7 Oct 2010 00:47:35 +0100	Cancelled
I receive shropshire, coventry and warwick but the signal is not good on H & W. It has got worse over the last two years but new equipment has made it better. It's still not brilliant however	Yes					Radio	No					inbound	Thu, 7 Oct 2010 07:59:38 +0100	Cancelled
I don't have any												inbound	Thu, 7 Oct 2010 09:17:44 +0100	Cancelled
Reception of Radio 4 is always variable. I believe we tune to 93.5Mhz. Recently at about 10:00 the usual poor reception becomes much worse and we have to switch off. This occurs simultaneously on two different radios in different part of the flat presumably this indicates a change in the signal being received. It does not sound like interference.						Radio	No					inbound	Thu, 7 Oct 2010 10:47:34 +0100	Cancelled
For years I have been listening in Bristol to Radio Devon on 801 MW and for the past 5 or 6 weeks Radio Wales has been overlaying the signal with a very strong distorted signal. I'd like to know why this is happening - Tel xxxx	Yes					Radio	No					inbound	Thu, 7 Oct 2010 11:18:01 +0100	Cancelled

Indoor loft aerial to stereo unit and 3 portable radios 2 with aerial wires attached and 1 extending aerial. Problems on all radios began Aug/Sept. time. starts in morning on BBC Radio2 high pitch noise that gets worse and you cannot listen. Evenings it sometimes improves. Tried 88.1 through to normal 89.1. Local radio fine 103.5	Yes					Radio	No				inbound	Thu, 7 Oct 2010 11:35:41 +0100	Cancelled
xxxx may be a call for distribution. Up to 5pm every day has poor - no signal on BBC radio stations. After that it is fine.	Yes					Radio	No				inbound	Thu, 7 Oct 2010 12:17:37 +0100	Cancelled
Each day since 5th Oct (and possibly before but I've been away) interference starts soon after 10 am and stops suddenly between 1 pm and mid-afternoon. Radio reception goes fuzzy and hard to hear. Interference seems to fast-cycle, like a machine operating.	Yes					Radio	No				inbound	Thu, 7 Oct 2010 12:47:58 +0100	Cancelled
No stereo again on BBC Radios						Radio	No				inbound	Thu, 7 Oct 2010 14:53:35 +0100	Cancelled
Think there's an error on the Electronic Prog Guide info today. R4 progs selected - but - R1 received! Example: I programmed to receive 'Bookclub' today using EPG. BUT Radio1 prog was recvd - though the transmission has labelled the file on my SD card as 'Bookclub.' Same with 'World at One' - tagged/labelled correctly but wrong content.											inbound	Thu, 7 Oct 2010 18:29:42 +0100	Cancelled
Case 281278-PWTWM6. Repeat of problem on 90.3 on 7 Oct approx 17.35 & 18.40. Approx 1 minute burst of noise then 3 minutes silent. House high on N slope of N Downs oriented N-S. Radios at back, north facing, of house affected. Radio at front facing south & Guildford transmitter not affected. Guildford transmitter OK.	Yes					Radio	No				inbound	Thu, 7 Oct 2010 20:47:35 +0100	Cancelled
My neighbour and i have recently been unable to tune in to BBC radio 4 on the FM channels of our analogue radios. We both have several radios and this applies to all radios.						Radio	No				inbound	Fri, 8 Oct 2010 10:53:37 +0100	Cancelled
I have three outside located FM aerials beamed on Wrotham. The reception has deteriorated over last 2-3 weeks-low power-no stereo,etc. Your message confirms engineering conversion work at the transmitter. I cannot use another one (eg Crystal Palace). My question-will the full FM anologue signal strength be re-instated shortly at Wrotham?						Radio	No				inbound	Fri, 8 Oct 2010 10:53:48 +0100	Cancelled
FM signal lost, continous loss of signal						Radio	No				inbound	Fri, 8 Oct 2010 11:17:39 +0100	Cancelled
The entire FM bandwidth of each of my radios has recently been affected by heavy background noise, sometimes drowning out the speech or music. There is occasionally a rhythmic sound reminiscent of an electric motor. It continues most of the day until about 17.00, when reception reverts to normal. I have checked all my electric devices, with no luck	Yes					Radio	No				inbound	Fri, 8 Oct 2010 12:59:53 +0100	Cancelled
Within the past 7-10 days, our radio reception has become very poor. It is not interference from other stations but static-type noises - like listening from inside an operating shower. We have lived here for over 30 years and not had this problem before, whatever the weather. The radio is where it has always been.	Yes					Radio	No				inbound	Fri, 8 Oct 2010 13:05:43 +0100	Cancelled
My radio reception has been going off at about 10-00am each morning this week and stays off for most of the day. Reception both analogue and DAB absolutely awful. Why is this? many thanks xxxx	Yes					Radio	No				inbound	Fri, 8 Oct 2010 13:41:34 +0100	Cancelled
Hi Neither of my stereo tuners are receiving Radio 2 or Radio 3 in stereo. They are vintage Quad and Revox tuners but it seems odd that both are not showing a stereo signal on their displays. Non BBC stations are working fine. Thanks											inbound	Fri, 8 Oct 2010 13:41:39 +0100	Cancelled
All morning I have tried to listen to both Radio 4 and 2 on my Roberts radio (an expensive gift) and on these and other channels the signal disappears every 16 seconds or so - it is constantly retuning itself - there really is no point in listening to the radio - the signal is fine on the radio on my freeview. Why is this?	Yes					Radio	No				inbound	Fri, 8 Oct 2010 14:17:57 +0100	Cancelled
Radio 4 (94.4) - no signal Radio 2 (90.0) - mono (Radio 4 (93.5, from Wrotham) - mono only	Yes					Radio	No				inbound	Fri, 8 Oct 2010 14:17:58 +0100	Cancelled
Further to my previous complaint, this reception problems continues to affect Radio 4 from mid-morning until the afternoon every day. Its onset and offset are abrupt. It sounds like machinery being operated. Are you investigating this? I would be very grateful if you could resolve this problem soon as I cannot enjoy the service I'm paying for. Ta!	Yes					Radio	No				inbound	Fri, 8 Oct 2010 14:41:36 +0100	Cancelled
Distorted reception to radion 4 during the day (white noise sound makes listening difficult). The Today programme is received OK as are the evening broadcasts between 6 and 8pm. The distortion only seems to happen during the day. Moving the radio and the orientation of the arial does not help. Other stations are received OK						Radio	No				inbound	Fri, 8 Oct 2010 15:11:34 +0100	Cancelled
Poor audio quality, mainly distortion on the 97.7 fm transmitter in guildford. I've noticed this at home, in the car and also at a friends house and in there car.						Radio	No				inbound	Fri, 8 Oct 2010 15:11:35 +0100	Cancelled
Issues with Radio 3/Radio 4/Radio 7 dropping out frequently.						Radio	No				inbound	Fri, 8 Oct 2010 15:17:37 +0100	Cancelled
this afternoon the sound goes off on my radios for about half an hour, comes back on for a minute or so and then goes off again. this has been on all the radios in the house. This has never happened before.	Yes					Radio	No				inbound	Fri, 8 Oct 2010 15:47:37 +0100	Cancelled

It's not just the one radio. I have 6 radios around the house, each of which is affected. Two of them are very good Bose models. All my FM channels are overcome and this has been going on for about a week. I usually listen to R2 and R4. They start off OK in the morning and gradually deteriorate until nothing can be heard except white noise.	Yes					Radio	No				inbound	Fri, 8 Oct 2010 15:47:37 +0100	Cancelled
no raido 4 in house on all radios and in car.						Radio	No				inbound	Fri, 8 Oct 2010 16:23:37 +0100	Cancelled
I have been unable to get Radio 4 on two of the analogue radios in my property today for much of the day. There were some earlier interference problems and a little yesterday evening but currently there is no service at all on 94.4FM. I can tune in via my television's digital channels.	Yes					Radio	No				inbound	Fri, 8 Oct 2010 16:23:40 +0100	Cancelled
The problem started with occasional interference & gradually became more widespread until today, when I appear to have lost all Radio 4 FM reception on 3 analogue radios & a small digital one, for hours at a time. It did seem before to improve at weekends & evenings, so I thought you may have transmitter problems, but today is Friday	Yes					Radio	No				inbound	Fri, 8 Oct 2010 16:29:34 +0100	Cancelled
I always have Radio 4 on all day on analogue radios in two different rooms facing East and West. Since about noon today, Friday 8th October, Radio 4 has been going off, then coming on again briefly (as just now!), before going off again. Radio 2, Radio 3, BBC Radio Kent and Classic FM have been unaffected, and television reception has been normal.	Yes					Radio	No				inbound	Fri, 8 Oct 2010 17:08:06 +0100	Cancelled
The signal on radio 4 and radio 2 has just become very weak. In the past, when I have noticed this, I have seen notices about transmitter maintenance on your website, but there are none at present. Have you any ideas? Xxxx	Yes					Radio	No				inbound	Fri, 8 Oct 2010 17:36:41 +0100	Cancelled
There seems to be a lot of times when Radio 2 on 90.00 mhz is broadcasting in mono. I have several radios and they are all the same, including my car radio as I travel in the area. It seems to be an intermittent thing as some days it's stereo then others mono. This morning mono and now stereo											inbound	Fri, 8 Oct 2010 18:11:35 +0100	Cancelled
I live in Bognor Regis and receive the BBC National DAB stations in my car. The transmitter it's coming from is BURTON DOWN in West Sussex. For the last month or so now I've noticed that the signal has started to break up more than usual when driving around my area. Other channels are OK. Have you reduced the power of this transmitter recently?		Yes				Radio	No				inbound	Sat, 9 Oct 2010 03:35:34 +0100	Cancelled
We have a number of portable radios and they are normally moved around the house. Interference is worst when radios are located in rooms at the side of the house next to other properties. We listen to BBC and RTE Long wave broadcasts and have interference on all stations. Interference has increased lately and is particularly bad today.	Yes					Radio	No				inbound	Sat, 9 Oct 2010 12:35:38 +0100	Cancelled
I have an Arcam FM tuner always with good reception, with 3 (maximum) green bars showing as the signal strength. I have a good quality rooftop FM directional aerial pointed at Wrotham. I have only noticed today that the signal strength is down to only 2 bars on BBC FM radio from Wrotham. Has there been a recent change (Aug onwards)? xxxx						Radio	No				inbound	Sat, 9 Oct 2010 14:11:38 +0100	Cancelled
is radio 2 still broadcasting in stereo on fm. i'm only getting mono, but other fm stations are in stereo.	Yes					Radio	No				inbound	Sat, 9 Oct 2010 15:05:45 +0100	Cancelled
Until about ten days ago I used to have clear reception for Radio4 on 93.5 FM using indoor or inbuilt aerials on radios around my house. Now the reception has been affected by a background hissing that sometimes drowns out the signal altogether. I can reduce the background noise by retuning to 93.2 FM but now the same has happened there too.	Yes					Radio	No				inbound	Sat, 9 Oct 2010 16:11:36 +0100	Cancelled
I have noticed a drop in signal level effecting the main national FM stations such as Radio 2 and Radio 4 on several portable radios around the house and on both car stereos when driving around the Longwell Green, Keynsham and Keynsham areas. All receivers both portable and car stereos are new and work well on local stations.						Radio	No				inbound	Sat, 9 Oct 2010 16:29:38 +0100	Cancelled
I have only been able to get white noise on Radio 4 for a few days and it has been the same in other parts of Rayleigh. It is the same on my car radio. It seems to be transmitting from 92.8 and could be pirate transmission. Another channel is coming in very close and blotting out reception.						Radio	No				inbound	Sat, 9 Oct 2010 18:55:32 +0100	Cancelled
For the last few days none of my FM radios is receiving Radio Four (93.5 FM). All we are getting is a hissing sound. I even tried the FM radio in the car and I am getting the same problem. I am assuming the transmitter is being worked on at present, but could clarify the situation. Radios Two, Three seem to be OK.											inbound	Sat, 9 Oct 2010 20:30:31 +0100	Cancelled
Every morning around 1015 the signal on 93.5 fm Radio 4 becomes very noisy, retuning to 94.25 helps as the signal is much improved although the better reception usually comes from 93.5. Radio 3 on 91.35 is similarly affected.						Radio	No				inbound	Sun, 10 Oct 2010 10:35:51 +0100	Cancelled
your reply did not answer. This is an ongoing interference with BBC FM frequencies. White noise starts about 10 am and increases to the point where it drowns out the programme.						Radio	No				inbound	Sun, 10 Oct 2010 10:35:58 +0100	Cancelled
Problems receiving Absolute Radio (105.8) in this general area. - Problem is with stereo system and in car when driving around the local area. I suspect a pirate radio station as i can here an underlying station and lots of static						Radio	No				inbound	Sun, 10 Oct 2010 11:53:40 +0100	Cancelled
Seems to be late morning - not thought to be machinery - nothing new and if from school close by also happens at the weekend Having trouble confirming if neighbours have a similar problem - will try harder to find out. The reception makes reception impossible - not just the one radio but have tried with others.						Radio	No				inbound	Sun, 10 Oct 2010 11:53:41 +0100	Cancelled

Unable to get all BBC radio stations on my stereo they are there in mono but not stereo.	Yes					Radio	No				inbound	Sun, 10 Oct 2010 12:35:34 +0100	Cancelled
most late mornings and afternoons both analogue radio's - one with an FM aerial and the other (upstairs) without have reception problems. This was advised on some days on your web site saying that Wrotham had signal problems but the last few days it says it is OK yet I still have reception problems in late morning and up to about 4 or 5pm.	Yes					Radio	No				inbound	Sun, 10 Oct 2010 12:54:04 +0100	Cancelled
The station interfering is radio energy, a pirate radio station and is affecting BBC Radio 4. contact number: xxxx											inbound	Sun, 10 Oct 2010 13:35:34 +0100	Cancelled
I think someone is using a large illegal radio transmitter that is causing problems. I fear it may be a pirate radio station. If you can contact me onxxxx											inbound	Sun, 10 Oct 2010 14:53:35 +0100	Cancelled
we moved to this address in July 2010, our radio's, previously received good reception. We now find it very hard to tune in any BBC stations. If we are able to tune a station in, the reception is very poor. We have borrowed a digital set with exactly the same results.	Yes					Radio	No				inbound	Sun, 10 Oct 2010 15:47:39 +0100	Cancelled
Continuing intermittent dropouts of otherwise 100% signal and 100% quality. Dropouts are variable 24 hrs.a day and lasting a few seconds, occasionally longer. signal drops randomly to from 30% to 0 %.Four different DAB radios tried. Previous to last month all 4 radios were receiving 100% reception/quality without dropouts.		Yes				Radio	No				inbound	Sun, 10 Oct 2010 17:17:45 +0100	Cancelled
I cannot receive radio 1-7. For the last 2-3 years I have been receiving normally up until 5pm this evening. I get the same 'squealing' and 'scrambled' reception all 4 DAB sets in my home. (I have 4 different sets in 4 rooms) but I can receive radio Stoke and other commercial DAB channels. What's going on?!		Yes				Radio	No				inbound	Sun, 10 Oct 2010 22:23:40 +0100	Cancelled
I lost all my BBC stations on my DAB radio a couple of months ago but I get local stations (excluding BBC) perfectly. What's going on?		Yes				Radio	No				inbound	Mon, 11 Oct 2010 00:53:39 +0100	Cancelled
Signal for Radio 2 At lunchtime on Sunday 10th Oct '10 the F.M. signal (stereo) began hissing all day for no apparent reason as it was O.K. at 9.00 A.M. Tried the mono signal but not much better.Tried again at 03.00 A.M.Monday but still no good. Xxxx	Yes					Radio	No				inbound	Mon, 11 Oct 2010 03:47:34 +0100	Cancelled
I have no signal on the bbc dab multiplex, the 2 commercial multiplexes have full signal. I also have good dvb-t reception through the same aerial.		Yes				Radio	No				inbound	Mon, 11 Oct 2010 07:11:34 +0100	Cancelled
Radio interference, eg listening to BBC4 LW, begins regularly about 0800am and continues for about 1-2 hours. Suspect there is unsuppressed equipment in neighbouring property.	Yes					Radio	No				inbound	Mon, 11 Oct 2010 08:41:37 +0100	Cancelled
Used two DAB radios in the morning (10/10/10) - both working well. Out for the day, when returned in the evening one portable radio won't tune any station except "Amazing Radio". The high quality radio gets other programs but with signal levels down at 20%.		Yes				Radio	No				inbound	Mon, 11 Oct 2010 08:53:36 +0100	Cancelled
Loss of signal Radio 4 all radios in the house Fri 8/10/10 afternoon. 11/10/10 loss of Radio 4 and or acute buzzing interference intermittently accompanied by French radio around 07.15. Barometer fluctuating around 29.5 with clear skies BUT problem never experienced before (last 20+ years). Recurrence a concern. (Digital always impossible)	Yes					Radio	No				inbound	Mon, 11 Oct 2010 09:00:16 +0100	Cancelled
My neighbour plans to install a powerful radio transmitter very close to my house. I want to find out in advance what the likely effects will be on my TV and radio reception. I can provide detailed technical specifications of the equipment which is not yet available in this country but will be imported from the US shortly it is a DB11 Steppir Yagi											inbound	Mon, 11 Oct 2010 09:17:41 +0100	Cancelled
I have DAB radios running off 2 different aerials. Signal disappeared yesterday (10th) mid afternoon. Improved later but still not up to normal standard with a fair bit of bubbling on all sets.						Radio	No				inbound	Mon, 11 Oct 2010 09:23:38 +0100	Cancelled
the DAB signal has nearly disappeared from at least 10pm on 10/10/2010 and is poor today the 11th at the same time the tv analogue signal is also poor we always have a good signal on DAB and analogue TV						Radio	No				inbound	Mon, 11 Oct 2010 09:29:46 +0100	Cancelled
We have had no reception for any BBC channel on either of our DAB radios since last night. Not had a problem before. In spite of re-tuning the display says "Station not available". Reception is weak but available on non BBC stations. We also have had problems since last night with Freeview reception on the TV but are not sure if this is related.		Yes				Radio	No				inbound	Mon, 11 Oct 2010 09:53:37 +0100	Cancelled

Mobile reception has been poor for several days (different vehicles in the North Norfolk area). Massingham Tx seems to be the worst affected. Even fixed radios are very poor. Last night Radio Norfolk was not audible above static. Radio Northumberland comes in strongly and intermittantly.						Radio	No				inbound	Mon, 11 Oct 2010 11:08:18 +0100	Cancelled
large interference itermtingly occurred over last few days - friends in locality have had the same problem radio 4 has been especially bad						Radio	No				inbound	Mon, 11 Oct 2010 11:11:34 +0100	Cancelled
DAB Radio London and radio 4 is extremely poor level and can only be reached faintly by moving the aerial, but LBC is OK. It has only started 2 days ago. It must be a local transmission interfering. 3 different radios in different parts of the house have the same problem.						Radio	No				inbound	Mon, 11 Oct 2010 13:06:40 +0100	Cancelled

Believes theyre experiencing consistent interference for last six months from temporary generator at the transmitter on Radio 2. Contacted by someone investigating interference previously to advise that it was due to the generator but problem has persisted. Mentioned windfarms nearby too and rythmic beating could also be heard on phone.										inbound	Mon, 11 Oct 2010 13:35:43 +0100	Cancelled
BBC Radio London "not available" according to my dab radio. Phoned Roberts radio and they said it was a transmitter fault seeing as I had gone through all the steps to retrieve the programme and nothing helped. Can get other BBC stations . It has completely disappeared off the screen. I have been receiving the programme for 3 years.		Yes			Radio	No				inbound	Mon, 11 Oct 2010 14:53:34 +0100	Cancelled
Hello, Last night we experienced a strange 'gurgling/blurting" effect on our DAB radio whilst listening radio7. Same on 2nd set and other stations. .I re-tuned the radio but no change. I tried moving the aerial and shortening it, it sounds like overload distortion ? Thought it was transmitter cahnge but doesn't appear to be. Many Thanks. xxxx					Radio	No				inbound	Mon, 11 Oct 2010 15:47:51 +0100	Cancelled
Interference (white noise or crackling or buzzing) has suddenly started on FM Radio 4 and is very annoying. I have several radios and I am having the same problem with all of them in different rooms of the house.	Yes				Radio	No				inbound	Mon, 11 Oct 2010 23:06:41 +0100	Cancelled
Last night, Sunday, and tonight after about 12 pm the reception for BBC 7, 4 and World Service deteriorated considerably. last night reception was lost completely at about 1.00pm, very upsetting as I am a night owl. it would be useful to know why I get short, 1/2 minutes, breaks in reception.		Yes			Radio	No				inbound	Tue, 12 Oct 2010 00:47:33 +0100	Cancelled
06h20 signal dramtically deteriorates, same yesterday, and in evening, restores for no apparent reason	Yes				Radio	No				inbound	Tue, 12 Oct 2010 06:47:53 +0100	Cancelled
why are we having problems with digital tv/radio reception and also the analogue signals too. im sick of hearing the 'it must be the high pressure line' are they doing work on the transmitters? if so why not say so regardsbut with deep annoyance xxxx										inbound	Tue, 12 Oct 2010 09:29:43 +0100	Cancelled
My problem was partly answered by your help guide - we have had high pressure, and the interference is sort of "twittering", but it only is present on the Radio3 signal from the Barnoldswick transmitter. The other stations seem totally unaffected. Is Radio3 broadcast at lower power perhaps?					Radio	No				inbound	Tue, 12 Oct 2010 09:29:44 +0100	Cancelled
R4 FM reception is usually quite poor here (we normally cannot get stereo but mono is acceptable) but in the last week it has been very poor indeed. We have tried 92.75 and 93.75 but the signal is very weak and we are geting burst of static and hiss, it is also difficult to tune in analogue radios because the signal strength is low					Radio	No				inbound	Tue, 12 Oct 2010 09:54:39 +0100	Cancelled
Interference appears to start around 09.15 and goes on until early evening. Moving radios helps. Building works nearby also canal boats with generators.					Radio	No				inbound	Tue, 12 Oct 2010 10:20:22 +0100	Cancelled
On Monday, Oct 11, I had v bad reception on Radio 4. Later in the morning I had no DLS on this channel. Sorry I did not think to check other channels. Today, Tuesday Radio 4 is the only channel with reception which is not perfect. On Anglesey on Monday there was very heavy pollution in the sky and I assumed this was the cause. Please keep Analogue!		Yes			Radio	No				inbound	Tue, 12 Oct 2010 10:53:35 +0100	Cancelled
Since the 10th of October 'hissing' interference has been permanant on the two radio stations that we listen to most; radios three and four. This is permanant even on my car radio whilst traveling in this post code and on all four domestic radios in my home. Enquiring from my neighbours, they seem to be having the same problem.					Radio	No				inbound	Tue, 12 Oct 2010 10:53:36 +0100	Cancelled
Today and yesterday BBC london no longer available on DAB. I have tried retuning and moving the receiver but to no avail. No other BBC channels affected.		Yes			Radio	No				inbound	Tue, 12 Oct 2010 12:23:39 +0100	Cancelled
Has not been able to get Radio Scotland from yesterday evening.	Yes				Radio	No				inbound	Tue, 12 Oct 2010 12:23:52 +0100	Cancelled
For two days now reception on the TV and radio has been absolutely awful, TV screen has signal that reception is poor or some such thing. Radio has followed pattern today. Went up into loft and brought down old radio set and old TV set both of which are not digital and they both work perfectly but cannot get all the programmes on the TV. I have had a taxi station interfering with my reception on 5live and radio 4 for the last three weeks xxxx										inbound	Tue, 12 Oct 2010 16:35:41 +0100	Cancelled
Over the last month the DAB radio reception has been poor in the north facing rooms on a variety of DAB radio sets, both with fixed aerials and one with a moveable internal DAB aerial. Can you help?					Radio	No				inbound	Tue, 12 Oct 2010 17:29:43 +0100	Cancelled
Brief break ins (with hissing) of some other signal e.g. there might be music or a voice. Lasts about one second. Occurs at less than 5 minute intervals. Occurs on BBC radio 4 fm and BBC radio Berkshire fm: I don't tune to other stations. Is similar to breakins on my car fm radio which usual occur at the same points on familiar journeys.	Yes				Radio	No				inbound	Tue, 12 Oct 2010 19:11:38 +0100	Cancelled
On the evening of 09/10/2010 I noticed that DAB signal on BBC stations had reduced to almost nothing. Programmes are unintelligible. Previously I got a very good signal. I have more than 1 radio & all are affected.					Radio	No				inbound	Tue, 12 Oct 2010 19:11:40 +0100	Cancelled
A pirate radio station is using a frequency close to that of Radio 4 affecting reception. It started today.	Yes				Radio	No				inbound	Wed, 13 Oct 2010 07:35:34 +0100	Cancelled

2 problems FM - Radio 4. R4 FM reception has always been weak (house radios and Car Radios) but recently it has got a lot worse. Particularly the radio in our kitchen which has a T-shaped soft wire antenna DAB- coverage is dreadful on all our DAB receivers. they all have extended antennas, we have 2 upstairs and 2 downstairs. tel xxxx		Yes				Radio	No				inbound	Wed, 13 Oct 2010 09:47:37 +0100	Cancelled
A few times every day - particularly around lunchtime - BBC 1 stop working. after a few seconds the radio displays "tuning" and finds the station again.		Yes				Radio	No				inbound	Wed, 13 Oct 2010 10:00:06 +0100	Cancelled
Bubbling H2O sounds ruin enjoyment of Radios 3 & 6 Music on my Pure DAB radio...& I understood a new DAB transmitter was surely planned in 2010 for Shaftesbury (a high hilltop town), also serving the Blackmore Vale...but checking for BBC DAB transmitters, none are listed for Shaftesbury, although there's a microwave tower here, also used by ILR FM		Yes				Radio	No				inbound	Wed, 13 Oct 2010 13:33:38 +0100	Cancelled
The interference is a buzz, lasting anything from 2s to 10s, so is, obviously, from an unsuppressed switch, such as a thermostat. The frequency of occurrence varies from about twice a minute in cold - below 10C - weather, to about every half an hour in hot weather so is evidently, from a space heating thermostat. It is, also, very bad on AM.	Yes					Radio	No				inbound	Wed, 13 Oct 2010 13:47:58 +0100	Cancelled
radio tuned to radio 4 FM. In the mornings usually between 8-30 and 11-00 there is a sound very like the ping of a sonar depth gauge and then very loud crackling and then the station disappears with just the hiss that is present when trying to set up a station. nothing can be done to find the station again. radio back on after 2 hrs seems ok.	Yes					Radio	No				inbound	Wed, 13 Oct 2010 15:01:56 +0100	Cancelled
Approx At 7 minute intervals dab radio and digital tv in same room simultaneously lose signal eg.pixellation for approx 5 seconds. no other rooms or equipment in house is affected by this.nothing has been altered to cause any change of reception regards xxxx		Yes				Radio	No				inbound	Wed, 13 Oct 2010 17:54:21 +0100	Cancelled
This is nothing to do with transmitters.There must be faulty equipment operating nearby, I get click, click, click on FM radio, at various times of day, every 1.5 secs or so, and terrestrial TV screen gets "snowed" at the same rate. Is there any alternative to walking the street myself with a portable radio, to triangulate and try to pin it down?						Radio	No				inbound	Wed, 13 Oct 2010 20:17:37 +0100	Cancelled
AM Radio reception suddenly began to Buzz on 11/10/10. All radios in the house are affected. It sounds like electrical interference. But I have not introduced any new appliances. Very loud buzzing noise on all AM stations. Can you please help? Thank you Yours sincerely xxxx	Yes					Radio	No				inbound	Thu, 14 Oct 2010 09:29:51 +0100	Cancelled
Should be getting Radio Wiltshire and BBC Cymru keeps cutting in.	Yes					Radio	No				inbound	Thu, 14 Oct 2010 10:00:49 +0100	Cancelled

Had two weeks very good reception - proves our equipment is OK. Now back to bad interference, although not totally blocked as before. Has to be someone using the frequency and we would appreciate your investigation	Yes				Radio	No				inbound	Thu, 28 Oct 2010 09:53:42 +0000	Cancelled
I have spent alot of money on two portable DAB radios. The reception is worse than FM around the house The interference is terrible and the sound is distorted which makes for a poor listening experience even by the windows away from TVs etc...I believe I have been mislead by the general marketing of DAB which is an expensive mistake. Humbug!		Yes			Radio	No				inbound	Thu, 28 Oct 2010 10:29:36 +0000	Cancelled
My number is xxxx if you need to contact me. I want to report a pirate radio station which interferes with radio 2. It affects factories and private houses in my area. It is random information that is broadcast during the day. There has been Indian music and a hitler speech and Postman Pat. Main factory affected is AMS in our area.										inbound	Thu, 28 Oct 2010 12:23:35 +0000	Cancelled
My car radio (nissan Qashqai bought 1/09/10) keeps cutting out on BBC Radio Lincolnshire 98.4 FM, whilst driving around within this area. The car dealer and Nissan technical dept. say that there is nothing wrong with the radio. Is there fluctuations of signal strength from the Belton Transmitter? Tel. no. xxxx										inbound	Thu, 28 Oct 2010 12:53:37 +0000	Cancelled
I used to get 5live but I can't recieve the station anymore. I have more than one radio and they are all affected.	Yes				Radio	No				inbound	Thu, 28 Oct 2010 13:18:00 +0000	Cancelled
No radio reception on my digital TV. I used to be able to pick up BBC channels by pressing my remote control "view" button where they were listed in the 800s. Now I get "No data". I've tried resetting, to no avail.										inbound	Thu, 28 Oct 2010 13:35:41 +0000	Cancelled
This problem relates to the AM reception on my car radio in a year old VW Passat. Sometimes the reception is very bad and then the radio seems to crackle and the normal reception returns. A freidn who lives nearby reports he has the same problem on his car radio in a nearly new Ford Mondeo.					Radio	No				inbound	Thu, 28 Oct 2010 16:06:16 +0000	Cancelled
I have tried several DAB radios in my house and mobile in the local area, reception is poor to none existent on the main BBC radio channels. Commercial channels such as Gold and local radio are almost impossible to get. I am sure you are well aware of these problems but continue to advertise DAB radio as the future of radio. Please reply with help					Radio	No				inbound	Thu, 28 Oct 2010 17:23:34 +0000	Cancelled
You are not asking the right question - reception is good. My question is why does the signal fade slowly on DAB and annalog.		Yes			Radio	No				inbound	Fri, 29 Oct 2010 10:35:47 +0000	Cancelled
Purchased a new Vita R4 Music/Audio system and at random intervals there is a sound comes through, when listening to FM or DAB, which only lasts a second or two. It is a high pitch and sounds similar to a morse signal. It can happen at any time. I thought it may have been a fault with the new radio but the shop exchanged it but problem remains.										inbound	Fri, 29 Oct 2010 12:23:53 +0000	Cancelled
Can get 5L Extra but not 5L on DAB. Hitachi AX-M136i connected to folded dipole DAB antenna on roof. Pick up plenty of DAB stations but not the one I really want - 5 Live! Any ideas please! Xxxx		Yes			Radio	No				inbound	Fri, 29 Oct 2010 14:00:21 +0000	Cancelled
Our neighbours have 2 radio antennas which we believe is causing interference contantly with tv and radio. We get clackling and colour distortion. I have spoken to the housing association and they have done nothing.										inbound	Fri, 29 Oct 2010 14:00:34 +0000	Cancelled

I have a 4 element roof aerial in my loft and have had good reception for 14 years. Earlier this year, signal level dropped on my JVC tuner from 88db to 77db, and is now down to 63db. Last year, a dramatic drop in TV signal from SANDY forced a move to satellite. NOTHING is common to both systems. I suspect digital work at transmitters.	Yes				Radio	No				inbound	Fri, 29 Oct 2010 21:06:14 +0000	Cancelled

Case number CAS-251449 This is my third attempt to get something done about this interference. The details are laid out in my previous posts, but briefly it seems that the GOLD AM transmitter on 1458 KHz (located at Ashton Moss, Greater Manchester) is radiating interfering sidebands spaced at plus and minus 70 KHz. The inaction is a disgrace.										inbound	Sat, 30 Oct 2010 10:29:35 +0000	Cancelled
Bought Robertson digital/internet radio as reception here is poor. At first possible to listen to Radio 4 but over last two months it has become more difficult as the radio often cannot connect. Every other radio station is fine, and it is ok to listen to R4 on our computers but not the radio. This problem happens most often occurs in the mornings.										inbound	Sat, 30 Oct 2010 10:29:36 +0000	Cancelled
Have reception problems with the radio and has got worse the last few days making it impossible to listen to at times, I believe the interference is coming from next door shop as they were closed last week for a few days and we had perfect reception. They tried turning off different lights but no help. As they were away it was OK must be their circuit	Yes				Radio	No				inbound	Sat, 30 Oct 2010 14:29:46 +0000	Cancelled
I've just renewed the ends on my Aerial and I usually check signal strength. I did the same 2 months ago and both national & regional were on the same signal strength back then but not now. Could you please tell me weather or not the local transmitter is on reduced power for maintenance. This is for DAB radio only. Thankyou										inbound	Sat, 30 Oct 2010 23:00:16 +0000	Cancelled

No digital radios in my house can receive BBC DAB stations. I can get some DAB stations (e.g. XFM). Please tell me when the BBC will be fixing this problem and installing better transmitters in this area ?					Radio	No				inbound	Thu, 25 Nov 2010 00:41:34 +0000	Cancelled
I recently purchased a Roberts DAB radio hoping to improve reception from Radio WM. The reception is appalling, it crackles and fades, and is generally much worse than the FM signal. Can you please tell me why?	Yes				Radio	No				inbound	Thu, 25 Nov 2010 09:47:33 +0000	Cancelled
"The Fort Augustus transmitter seems to have a problem transmitting Radio 4 there is a constant hissing noise and the automatic tuner wont pick it up lots of people in the area are complaining about this."					Radio	No				inbound	Thu, 25 Nov 2010 14:07:20 +0000	Cancelled
Our problem concerns 'crackling' noises in the background of radio 4 reception on FM. Other stations are fine and clear. I have had the radio checked and the aerial and down lead. The aerial is a half-wavelength dipole set at right angles to the direction of Wrotham Hill. Reception used to be fine on all BBC stations until about 1/9/10.	Yes				Radio	No				inbound	Thu, 25 Nov 2010 17:17:35 +0000	Cancelled
I have just submitted a report of 'crackling' reception on Radio 4 FM. What I also wanted to say (but ran out of space) was that Chris Evans mentioned that he was experiencing the same problem on the Radio 2 breakfast programme this morning (25/11/10). I don't know where Chris Eevans lives, but this does suggest it may be a more general problem.	Yes				Radio	No				inbound	Thu, 25 Nov 2010 17:23:36 +0000	Cancelled
23/24/25th Nov. No Signal once external temperature starts to drop. This also happens in high winds. Signal acceptable during the day. This is my second e-mail as this lack of signal is unacceptable.										inbound	Thu, 25 Nov 2010 19:29:35 +0000	Cancelled
Have lost Radio 5 which is about the only broadcast media I bother with. I do not have a TV. I have 2 DAB radios and neither can receive R5 although it was OK early this morning.	Yes				Radio	No				inbound	Thu, 25 Nov 2010 19:41:34 +0000	Cancelled
I am unable to find heart radio on my free view tv, it was on there last sunday! Could you please advise me, thanks.										inbound	Fri, 26 Nov 2010 00:41:33 +0000	Cancelled
I suffer from a continuous harsh buzzing-type interference from my mains electricity supply. This causes problems with AM BBC Radio 5 reception. The interference is present on mains and battery powered receivers and is heard around the whole house - it disappears only when I switch off power at the mains. It's not produced by any of my appliances.										inbound	Fri, 26 Nov 2010 12:05:36 +0000	Cancelled

Bose/external DAB module. Setup as specified. Intermittent bubbling sound. Total signal failure can occur at random but mostly in the evenings. Resumption takes place after a while. Rescanning is not the answer. Signal strength indication is good. Unpredictability is the name of the game.		Yes				Radio	No			inbound	Fri, 26 Nov 2010 12:41:39 +0000	Cancelled
Radio working OK - suddenly 13.55, ceased receiving R4 or R3, just a horrible noise. This happened on 3 Oct for a few hours (I reported it), about 10 days ago for 2 hours (I reported it and was told CAS-411591, a few days later, that it was 'probably' to do with Pontop Pike). Now again and no works shown at Pontop Pike. PLEASE INVESTIGATE	Yes					Radio	No			inbound	Fri, 26 Nov 2010 14:05:37 +0000	Cancelled
While listening to Feed Back on Radio 4 this afternoon the programme was replaced by a high pitched crackling sound. This has happened on a number of occasions recently and the signal is lost for quite some time - over an hour at least. We have five radios in the house and they are all still affected at 2.36pm.	Yes					Radio	No			inbound	Fri, 26 Nov 2010 14:41:35 +0000	Cancelled
In the morning the interference starts at 6.48am and lasts to about 9.30am - it gets less as it gets closer to 9.30am. In the evening the interference starts about 4.30pm and lasts until after 7pm. The morning and evening interference occurs about every six minutes and the radios lose the station for between 10 and 15 seconds.						Radio	No			inbound	Fri, 26 Nov 2010 14:59:36 +0000	Cancelled
It is now one month since Radio 4 (FM)(95.3) disappeared from the Fort Augustus relay transmitter. Radio Scotland seems to have taken over the wavelength. Various local people have reported this fault, and nothing seems to have happened.						Radio	No			inbound	Fri, 26 Nov 2010 16:30:33 +0000	Cancelled

The BBC EPG service has not been updated since 23rd November 2010. Non BBC channels have updated and the same problem persists on two different DAB radios.										inbound	Sat, 27 Nov 2010 23:17:37 +0000	Cancelled
I cannot now pick up readable BBC DAB radio signals. All other stations OK; ie only effecting BBC signals (weak/very weak). In last two weeks sometimes couldn't get signal but cleared up later to give good signal. No change in radio location, etc. This morning nothing but goose babble. What's changed with your signals?	Yes					Radio	No			inbound	Sun, 28 Nov 2010 10:59:34 +0000	Cancelled
There is still interference from a pirate radio station on 91.1 fm						Radio	No			inbound	Sun, 28 Nov 2010 14:35:37 +0000	Cancelled

Problem is DAB radio. Signal constantly burbles, & get no signal messages. Can only get radio 4, 2 & 7 no local channels or classic fm etc. Have a BOSE DAB radio. Reluctant to put up an outside ariel as not proven that this will help & more cost! Really disappointed as I checked the DAB postcode checker before purchasing & it said area was OK.						Radio	No				inbound	Sun, 28 Nov 2010 19:41:34 +0000	Cancelled
I walk/cycle regularly in Wood Green, London while listening to Radio 4 on a portable FM radio. Between central Wood Green and the outskirts of Crouch End, Radio 4 is completely obliterated by a foreign language radio station. I presume this is a pirate station so want to report it as a nuisance. It has been there for at least a year.	Yes					Radio	No				inbound	Mon, 29 Nov 2010 00:11:36 +0000	Cancelled
DAB Radio EPG is broadcasting the schedule for the past week, rather than the coming week.											inbound	Mon, 29 Nov 2010 09:11:37 +0000	Cancelled
Audience member has been unable to receive BBC Radio 4 since the 20/10/10. Feels that this is being caused by a fault with the BBC Transmitter in the area. The lady would like a response to this.						Radio	No				inbound	Mon, 29 Nov 2010 09:41:39 +0000	Cancelled
I have a DAB radio which seems to switches itself on at midnight each night. I have to unplug it to switch it off.											inbound	Mon, 29 Nov 2010 09:41:40 +0000	Cancelled
In the last week or so my Digital radio reception has become quite poor with the signal breaking up an awful lot. Is this due to the cold weather? Is there anything that will improve the situation? Thanks, xxxx						Radio	No				inbound	Mon, 29 Nov 2010 10:11:39 +0000	Cancelled
The broadcast BBC DAB EPG is not being received in a useable form for any channel from 30th November onwards on certain platforms. Prior to that date it works perfectly. This problem has occurred on a number of occasions before. On previous occasions I believe the difficulty was due to the format of the data broadcast.						Radio	No				inbound	Mon, 29 Nov 2010 10:41:57 +0000	Cancelled
Interference on Radio 4 making listening impossible on radios plugged into the mains. Reception on battery operated sets is OK. Neighbours are experiencing the same problem. Your feedback would be appreciated. Thank you						Radio	No				inbound	Mon, 29 Nov 2010 11:47:48 +0000	Cancelled
Total loss of reception on FM. Multiple radios tested. Partial signal on one. Each has its own aerial.						Radio	No				inbound	Mon, 29 Nov 2010 13:23:35 +0000	Cancelled
I have been having problems with BBC Radio 4 on 93.5 FM. Both on the Sanyo radio in my house and on my car radio reception is often disrupted by music from a different station which seems to be broadcasting locally on the same frequency. This has been going on for several months and is not dependent on weather conditions.						Radio	No				inbound	Mon, 29 Nov 2010 13:23:36 +0000	Cancelled
I am getting interference from a pirate radio station when I listen to LGN 103fm. I spoke to OFCOM and they gave me your number.											inbound	Mon, 29 Nov 2010 13:47:38 +0000	Cancelled
My usually best Radio 4 fm reception on 93.5 fm has been taken over by CBC Radio one london. There is no other fm frequency giving equivalent strength. Digital is no use to me as I use a small Sony portable	Yes					Radio	No				inbound	Mon, 29 Nov 2010 14:00:03 +0000	Cancelled
I am in NW London and having real problems with Radio 4 reception on FM lately. All of my analogue radios, and those in my parents' house, are having problems keeping on tune; the effect is as though the transmission has narrowed to an incredibly thin slice, that the equipment can't hold to. It even affects digital tuning equipment						Radio	No				inbound	Mon, 29 Nov 2010 17:41:44 +0000	Cancelled
There seems to be another station broadcasting on the same frequency as Radio 4. Musicsounds like reggae etc ... It's very irritating and is ruining my listening.	Yes					Radio	No				inbound	Mon, 29 Nov 2010 18:00:04 +0000	Cancelled
The EPG for the DAB radio service is broken. I cannot retrieve any data beyond today (2010-11-29). I am using a ModularTech DAB card in my PC. This loss of service happens a couple of times a year, probably because you have made subtle changes to the service, breaking various software links at the users' end. Thanks.											inbound	Mon, 29 Nov 2010 18:07:09 +0000	Cancelled
We seem unable to receive Radio 4 FM due to broadcast of a reggae station which seems to swamp the signal. This started on the morning of 28/11/2010. We can just pick up Radio4 on other FM frequencies but reception is poor.						Radio	No				inbound	Mon, 29 Nov 2010 18:23:35 +0000	Cancelled
My radio has been tuned to Radio 4 for many years, now when I turn on I get loud West Indian music, which is fine in its place but not when I want the news !	Yes					Radio	No				inbound	Mon, 29 Nov 2010 18:53:38 +0000	Cancelled
Radio 4 (normally recieved on 95.2) went of the air without warning two or three weeks ago and has not returned - why not? Prior to this event reception was perfect. We can receive R1, R2, R3, and unfortunately, BBC Scotland. (How has xxxx lived so long without being shot!) This problem has affected the whole of Fort Augustus not just us						Radio	No				inbound	Mon, 29 Nov 2010 19:59:35 +0000	Cancelled
We can receive all radio stations except Radio 4, I contacted BBC at Inverness and was advised that I would need to purchase a digital Radio in order to receive Radio 4 but my neighbour who also listens to R 4 & is unable to receive the station tells me that there is no digital radio in our area. please advise as we are avid R 4 listeners. Thanks						Radio	No				inbound	Tue, 30 Nov 2010 09:11:50 +0000	Cancelled
Next door neighbour has a great big radio mask in his garden for the past xxxx years and has he is a long term radio hand. It is coming across on our clock radio in the bedroom as we can hear him talking. I have talked to him and he maintains it is me that is causing the problem.											inbound	Tue, 30 Nov 2010 11:47:45 +0000	Cancelled

Radio Devon reception totally lost for the past few weeks.	Yes					Radio	No				inbound	Tue, 30 Nov 2010 12:41:35 +0000	Cancelled
Is getting asian music cutting in over radio 4 for the past week.	Yes					Radio	No				inbound	Tue, 30 Nov 2010 14:06:21 +0000	Cancelled
I recently bought my first DAB set and put it in a conservatory (non-built up area). Intermittently, the signal strength drops dramatically and often the unit says "Station Off-Air". I listen to Radio 3 and 4 but tested other stations and the same occurs. There's no apparatus of mine/neighbours that i know of that might cause this. VERY FRUSTRATING		Yes				Radio	No				inbound	Tue, 30 Nov 2010 15:41:40 +0000	Cancelled
Crackling and fizzing noises from time to time completely wipe out BBC and all other FM channels for an hour or so a day sometimes 3 times a day for up to one hour or longer which perhaps may be due to unsuppressed machinery or ?											inbound	Tue, 30 Nov 2010 15:59:59 +0000	Cancelled
I can use my dab radios to listen to all station exept bbc radio2 which I have listen to in FM.		Yes				Radio	No				inbound	Tue, 30 Nov 2010 21:59:35 +0000	Cancelled
the interference is experienced on or roundabout radio scotlands fm frequency in intermittent bursts which nearly drown out the signal,it is sometimes up to a minute or can be as short as 5 to ten seconds... I have experienced the same thing on my car radio 9same frequency half a mile = from our house when at my daughters house...	Yes					Radio	No				inbound	Tue, 30 Nov 2010 23:11:38 +0000	Cancelled
I'm woken by my digital radio playing radio 4 at 07:30. At this time in the morning there is intermittent interference (every few minutes their are a couple of moments of poor reception - sounds like speaker is underwater) By 9:00 this has stopped.		No				Radio	No				inbound	Wed, 1 Dec 2010 09:17:33 +0000	Cancelled
Seen this problem around the UK. I can recreate in XXXXx W Midlands. On the road from XXXXto XXXX 5 Live drops out frequently. 6 Music, on the same MUX, is solid. My radio, a factory fitted DAB in an Audi A4 xxxx, shows a "No Signal" icon next to all BBC National MUX stations when 5 live drops. Less than 2 mile from XXXX.		Yes				Radio	No				inbound	Wed, 1 Dec 2010 12:47:38 +0000	Cancelled
Hello, the current failure (from 16h35, 1/12/10) of all analog FM is affecting Daliburgh as well, contrary to the reception advice in your tool here. From the XXXX direction relative to grid of the off air FM RX antenna at Daliburgh, it actually relays Cletraval instead of Melvaig, which is the reason Daliburgh is also also off-air. TV						Radio	No				inbound	Wed, 1 Dec 2010 18:00:06 +0000	Cancelled
Intermittent DAB Radio break up and long periods (8 hours+) with no reception at all. 6 DAB radios owned All effected. Weather cold but bright. No snow/wind in our area. Have owned digital radios for several years at this location. Never any previous DAB problems. FM, AM and LW (and digital TV) unaffected.						Radio	No				inbound	Wed, 1 Dec 2010 18:17:34 +0000	Cancelled
The best reception for Radio 4 is on 93.4. But in the last few days there has been strong interference from another station on this frequency. I have tried 93.2, but this is not strong and is affected by movements in the room. This problem happened over many weeks in the summer, then disappeared. It has reappeared in the last few days.	Yes					Radio	No				inbound	Wed, 1 Dec 2010 23:11:35 +0000	Cancelled
Has not been able to receive BBC Radio 4 on analogue for the past month.Believes that this is due to an ongoing reception problem. The gentleman has already spoken to another BBC Advisor last week regarding this problem and was promised he would get a call back today about it.	Yes					Radio	No				inbound	Thu, 2 Dec 2010 09:23:42 +0000	Cancelled
The interference starts suddenly, usually quite early in the morning, and persists for some hours. We get it on two different Bose radios and on a portable radio. It only occurs on FM. We have had good reception for some years; this is a new problem. I can't think of anything in the house that might cause it.	Yes					Radio	No				inbound	Thu, 2 Dec 2010 11:23:34 +0000	Cancelled
I want to but mum a DAB radio for Christmas. can she receive BBC Radio Northampton digitally at her home, postcode XXXX?											inbound	Thu, 2 Dec 2010 14:17:35 +0000	Cancelled
We receive good DAB reception on all channels - although Radio Scotland seems to be the most variable. However, it seems that our only DAB option is to take Radio Scotland MW, when the station splits. Should this be the case? Searching the manual tuning options, I can see only the one Radio Scotland option.											inbound	Thu, 2 Dec 2010 15:11:34 +0000	Cancelled
We always listen to Radio Devon on FM 96.0 (Okehampton Relay). We can get very poor reception of Radio Devon on other frequencies but noting at all on 96. Have tried several radios but all the same.						Radio	No				inbound	Thu, 2 Dec 2010 15:54:04 +0000	Cancelled
Our digital reception had been fine from when we first bought a digital radio until last August. When we returned from holiday, reception was poor, and only available when the radios were in specific parts of a room. The poor reception affects radios in other rooms in our house. When I move near to the radio, the signal is obliterated. Help						Radio	No				inbound	Thu, 2 Dec 2010 17:59:44 +0000	Cancelled

Intermittent interference can be every few minutes affecting three radios in house both digital and analogue and it can last 30 seconds or 3 minutes at a time seems to be becoming more frequent as much as 8 or 9 times an hour impossible to hear radio when it occurs	Yes					Radio	No				inbound	Mon, 6 Dec 2010 20:41:37 +0000	Cancelled
I have a Roberts DAB radio. Since 6/12/2010 it fails to tune BBC Radio 4. It receives other BBC channels, Signal and Classic FM. When I try to tune in Radio 4 using the channel select function (not the preset button) Radio 4 shows as an option, but when I select it, there is no sound, and another station appears. No response to removing batteries.		Yes				Radio	No				inbound	Tue, 7 Dec 2010 09:59:35 +0000	Cancelled
My issue is not so much with the signal to my home receivers but the increasing jamming of the BBC signal when driving within an 8 mile radius of my home by car. St Alban's and xxxx area of Hertfordshire is getting more than acceptable pirate signals disturbing the radio 4 signal on 93.5 mhz.											inbound	Tue, 7 Dec 2010 14:29:47 +0000	Cancelled
No reception. Ie have to switch off fm radio, any station. This includes Digital reception. Problems start mid morning then stop & re occur after about 6.30 pm getting progressively worse until I have to switch off. Others have the same problem. I suggest someone is illegally broadcasting here, interfering with reception locally						Radio	No				inbound	Tue, 7 Dec 2010 16:53:35 +0000	Cancelled
Having a lot of trouble receiving Radio 4. Radio Reading is covering most of where Radio 4 should be. Poor quality reception since the summer and it is difficult to tune in. Has to tune to LW mostly to get Radio 4. About 10 neighbours have the same problem.						Radio	No				inbound	Tue, 7 Dec 2010 23:35:49 +0000	Cancelled
I've filled this form out before. My problem is that nothing in the area has changed - new builds - trees - electrical substations - nothing. I bought a dig radio which operated well for a year - we then bought another one as reception was so good. Returning from holidays in August, neither radio works unless placed in unusual positions and etc		Yes				Radio	No				inbound	Wed, 8 Dec 2010 09:11:34 +0000	Cancelled
The problem is worse on R4 FM and manifests itself by a noise similar to white noise starting quietly as interference and getting louder and louder and then stopping abruptly. It means that I am unable to listen it nstereo as the inference prevents this.I have the same situation approx 18months ago and the symptom dissappeared after a few month						Radio	No				inbound	Wed, 8 Dec 2010 10:41:34 +0000	Cancelled
Intermittent dropouts on Radio 5 Live on multiple DAB receivers in different parts of the house. Unsure if it affects other channels as I only have 5 Live on. Signal strength drops from high 90's to almost nothing for a few seconds to over a minute or more. Both receivers are on internal antennae. We have no microwave equipment in the house.		Yes				Radio	No				inbound	Wed, 8 Dec 2010 11:17:35 +0000	Cancelled

Our PURE Evoke-1S radio was working well then approximately a week ago the DAB reception became restricted to a narrow range of stations. Among the stations no longer available was Radio 5 Live. I have tried to retune at intervals but without making any change. Is this a transmitter/reception problem?	Yes					Radio	No				inbound	Wed, 8 Dec 2010 11:41:37 +0000	Cancelled
There seems to be no reception on DAB in this area. My set can not sense any of the BBC stations. It works on FM, with no problems. Speaking to other locals their experience is the same. It is particularly annoying when we are urged by tv & radio ads., to purchase radios which will not work.						Radio	No				inbound	Wed, 8 Dec 2010 13:29:42 +0000	Cancelled
I used to use 93.5 FM as the best reception for Radio 4. This is using external amplified roof aerial and also portable radios around the house. In the last 2 or 3 weeks there is a pop music station broadcasting on 93.5 and this is received on all radios I use within the house. I can get Radio 4 at 93.15 but the quality is poor. Radio 3 is OK.	Yes					Radio	No				inbound	Wed, 8 Dec 2010 18:35:34 +0000	Cancelled
Pirate? I reported 6/12/10 * a stn on 100.6MHz that since has kept carrier on both modulated and unmodtd dep. on time of day/night. It seems overmodulated and interfering with 101.9MHz where Classic FM transmits in my area. Unmodulated it interferes but modulated is worse. Plse ask Ofcom to sort it - thanks. * Autoresp, no ref.given	Yes					Radio	No				inbound	Wed, 8 Dec 2010 18:41:34 +0000	Cancelled
Loss signal FM BBC Radio Scotland and BBC Radio 4. Also reported AM reception issue some months ago and has not had any updates with regards to how long this will last.						Radio	No				inbound	Wed, 8 Dec 2010 19:35:33 +0000	Cancelled
For >2 years suddenly and randomly we lose 93.1 FM reception BBC Radio Scotland. Today no stations at all on any radio inc car radios. MW unaffected	Yes					Radio	No				inbound	Thu, 9 Dec 2010 08:23:34 +0000	Cancelled
Radio 4 FM is giving a lot of interference on 93.50 on many radios in the house and on 2 different car radios in different locations moving locally. Changing the frequency to between 93.20 and 93.50 helps somewhat but programs are still difficult to hear without background noise. We have both built in and external aerials on our radios.	Yes					Radio	No				inbound	Thu, 9 Dec 2010 09:00:00 +0000	Cancelled
From January last year when recording on DAB radio programmes it says it s not available and will not let you record mostly on Radio 4 and sometimes on Radio 3 and Radio 7 has a Roberts DAB radio RB41	Yes					Radio	No				inbound	Thu, 9 Dec 2010 10:11:34 +0000	Cancelled
Listening at 93.50 impossible, another station comes in. Can pick up Radio 4 on 93.40, but interference & not previous good quality I used to get on the same radio at 93.50. Radio 4 through my digital TV is fine.						Radio	No				inbound	Thu, 9 Dec 2010 11:05:36 +0000	Cancelled
I have several radios in my house and I can't get radio 4 fm at all this morning as of 6am.	Yes					Radio	No				inbound	Thu, 9 Dec 2010 11:11:37 +0000	Cancelled
I have listened to Radio 4 for many years with no major reception difficulties, but since moving to a year ago I have noticed that on LW I get quite strong interference from another station, especially prominent since the summer. I'm wondering if this is a known problem?						Radio	No				inbound	Thu, 9 Dec 2010 13:54:21 +0000	Cancelled
I have a dab radio and have problems getting radio 4 every so often. I have rescanned the set but it makes no difference. This has been happening for a while now.	Yes					Radio	No				inbound	Thu, 9 Dec 2010 14:18:56 +0000	Cancelled
"I have had a intermittent crackling sound on my radio for the local BBC radio station the other local stations are fine as are other BBC station but this has been happening 2-3 months."	Yes					Radio	No				inbound	Thu, 9 Dec 2010 15:59:50 +0000	Cancelled

Audio cutting out on all BBC FM Stations.						Radio	No				inbound	Thu, 9 Dec 2010 16:17:40 +0000	Cancelled
Problem with radio 4 only (other stations are fine) it is cutting out and sounds 'tinny' and kind of metallic. Regular 4 listner problem began sometime after 3.30pm today.	Yes					Radio	No				inbound	Thu, 9 Dec 2010 16:17:49 +0000	Cancelled
Starting yesterday, my radio reception has begun breaking up in a random manner. It is happening on all three of my receivers and on Radios 2 and 4. Breaks in transmission of a couple of seconds' length are happening a couple of times a minute. We are currently between high pressure systems.						Radio	No				inbound	Thu, 9 Dec 2010 16:23:37 +0000	Cancelled
"Loss of BBC radio services at night the signal cut out and comes back alot it happens more at night than it does suring the day its very annoying."	Yes					Radio	No				inbound	Thu, 9 Dec 2010 16:23:38 +0000	Cancelled
Interference and poor reception intermittently for past two days. On two different radios in the house affecting radio 2&4. Drop outs, poor reception like bad tuning, loud single tone occasionally. Only in afternoons, noticed between 1400 and now today, think started 1600 yesterday until I gave up at 1900. Hope you can figure it out.	Yes					Radio	No				inbound	Thu, 9 Dec 2010 16:23:39 +0000	Cancelled
Momentary breaks in sound, probably caused by weak signal.						Radio	No				inbound	Thu, 9 Dec 2010 16:29:38 +0000	Cancelled

There is interference on my analogue radio. Seems to be confined to BBC radio stations (Radio 4, Scotland, 3 and 2). Radio 4 seems to be worst. Reception from independent stations is not as good as normal but there is not the level of interference I hear on the BBC stations. eg: the spoken word is disjointed/missing out words altogether.					Radio	No				inbound	Thu, 9 Dec 2010 16:29:57 +0000	Cancelled
The problem is not new. It has been happening for a number of years but within the last few days it has become particularly bad. It concerns the breakup of the sound and is very bad on both radios 3 and 4 with frequent short breaks in transmission.	Yes				Radio	No				inbound	Thu, 9 Dec 2010 16:30:01 +0000	Cancelled
No radio reception on FM or AM, just came back on approx 4.15pm. I normally always listen to Radio 4 but this has been unavailable all day	Yes				Radio	No				inbound	Thu, 9 Dec 2010 16:35:33 +0000	Cancelled
This is a fault report of an intermittent transmission fault we are experiencing on all our radios tuned to Radio 4. We are losing transmission for a few seconds every two or three minutes. We are in Aberdeen xxxx. Hope you can give some indication of the possible problems you may be experiencing.	Yes				Radio	No				inbound	Thu, 9 Dec 2010 16:35:34 +0000	Cancelled
You sent an asinine automated reply which was no help, suggest you need to get a real person, if there are any in the BBC to check out the problem. An real engineer would be good idea. We pay enough for the service. This is a fault report of an intermittent transmission fault we are experiencing on all our radios tuned to Radio 4. We are losing	Yes				Radio	No				inbound	Thu, 9 Dec 2010 16:53:40 +0000	Cancelled
"The sign drops in and out its like it switches to mono during broadcast this starts about half past four ever day."					Radio	No				inbound	Thu, 9 Dec 2010 17:11:34 +0000	Cancelled
Weak Signal on Radio 4, breaks in sound.					Radio	No				inbound	Thu, 9 Dec 2010 17:11:39 +0000	Cancelled
Since late last night we have been experiencing an intermittent audio feed on several BBC FM services (ie. BBC Scotland Iain Anderson & BBC Radio 4 Book at Bedtime (8 Dec 2245/2315) and BBC Scotland Drivetime & BBC Radio 4 PM (9 Dec 1700). The sound keeps breaking up. It appears to be a problem in the digital feed not the analogue transmission.										inbound	Thu, 9 Dec 2010 17:47:33 +0000	Cancelled
Radio 4, breaks in sound, accompanied by a beeping noise.					Radio	No				inbound	Thu, 9 Dec 2010 18:23:36 +0000	Cancelled
BBC Radio Scotland suffers interruptions of a fraction of a second, up to one second in length. BBC Radio 4 has the same problem, and has intermittent interference noise.	Yes				Radio	No				inbound	Thu, 9 Dec 2010 19:11:35 +0000	Cancelled
Both yesterday & today, the reception on my car radio has been poor while travelling home (c.6-7.30pm) from Aberdeen to, with frequent interference. Radios 1, 2 & 4 all affected. Same problems with FM radios in . No problem with DAB signal. FM signal was fine this morning.	Yes				Radio	No				inbound	Thu, 9 Dec 2010 19:35:34 +0000	Cancelled
Signal dropping out altogether or making voices 'daleky', but not all the time. Was fine this morning after poor reception last night. Again, very very poor reception for Radio 4 from 6.30 onwards. Just as bad on Radio Scotland and Radio 3. Checked that it wasn't the radio by turning on another radio in a different room.	Yes				Radio	No				inbound	Thu, 9 Dec 2010 19:35:35 +0000	Cancelled
Really bad random interference on analogue radio all over the Aberdeen area.										inbound	Thu, 9 Dec 2010 19:41:39 +0000	Cancelled
The stereo sound on Radio 4 keeps going off and at the same time there is an interference in the signal which almost sounds like music. We have lost the stereo signal on and off over the past few days but this is the first time that there has been this interference as well.	Yes				Radio	No				inbound	Thu, 9 Dec 2010 20:29:36 +0000	Cancelled
Reception of Radio Scotland is prone to random drop-outs, some lasting for several seconds. Radios 3 and 4 don't seem to be affected.					Radio	No				inbound	Thu, 9 Dec 2010 20:35:34 +0000	Cancelled
Reception is poor on Radio 4 FM so has to go to LW. Making a humming sound.	Yes				Radio	No				inbound	Thu, 9 Dec 2010 20:41:37 +0000	Cancelled
Radio 3 and Radio 4 (FM) break up every few seconds. Occurs on car radio across Aberdeen.					Radio	No				inbound	Thu, 9 Dec 2010 23:23:34 +0000	Cancelled
Keeps having a gap in transmission. Occurs in the car as well.					Radio	No				inbound	Thu, 9 Dec 2010 23:41:39 +0000	Cancelled
5 Live signal sounds muffled and distorted. Has been happening on and off for about 3 years. Thinks he is not on the Black Hill but on a relay station. At 4pm today there was actually breaks in transmission.					Radio	No				inbound	Fri, 10 Dec 2010 00:11:39 +0000	Cancelled
Radio 3, 4 and Scotland are all suffering from break up and variable volume for last five or six days. Tested on 3 separate radios.					Radio	No				inbound	Fri, 10 Dec 2010 09:11:37 +0000	Cancelled
There is a recent pirate station that seems to be interfering with Radio 4- not only at home but also generally when I am driving around. It is very intrusive. I googled to to see who I could report to but the only people I could find were The Radio Authority xxxx who have a duff phone no! Pls keep me updated on actio					Radio	No				inbound	Fri, 10 Dec 2010 11:47:33 +0000	Cancelled

Both dab radios indoors, 1 upstairs and 1 down, crackle and bleep, unless a person holds the aerial. The car dab radio also does the same as we pull up outside the house (unable to hold aerial), ok elsewhere. Can you please advise. Thank you. I miss my radio!					Radio	No				inbound	Fri, 10 Dec 2010 18:23:34 +0000	Cancelled
I have in fact traced this problem to flashing and fluctuating decorative lights on a neighbour's Xmas tree. I called on the neighbour to discuss the situation but I do not think much has been done to cure the interference such as by fitting a suppressor to the electrical supply to the lights. Perhaps an official approach from BBC/Ofcom is needed.					Radio	No				inbound	Sat, 11 Dec 2010 02:29:34 +0000	Cancelled
Dear sir. I have 2 dab radios and living in Wales expected to get radio Wales but I do not. What I do get is radio asia which a insult. What is going on when you are unable to get any local radio. There have been adverts for dab radios which is at best terrible in this area. Could you please look into boosting Radio Wales signal.										inbound	Sat, 11 Dec 2010 07:23:35 +0000	Cancelled
Radio 3 reception on 91.8 (only - not other channels) normally provides perfect reception using FM arial in roofspace. Some days, and suddenly, usually mid-morning but at no specific time, the reception deteriorates. It's as if the power of the transmission has suddenly been reduced or someone has switched on a competing source.	Yes				Radio	No				inbound	Sat, 11 Dec 2010 12:59:36 +0000	Cancelled
A loud blocking noise...not all the time...not on our DAB radio but on our FM and our neighbours. Radios on ground and first floor are both affected.					Radio	No				inbound	Sat, 11 Dec 2010 15:29:47 +0000	Cancelled
I have been losing signal every minute for the past week on Radio 4. Please fix this if possible.	Yes				Radio	No				inbound	Sat, 11 Dec 2010 20:59:42 +0000	Cancelled
I cannot get local Hereford & Worcester radio (amongst others) and radio 4 intermittantly has white noise on it.	Yes				Radio	No				inbound	Sat, 11 Dec 2010 23:17:36 +0000	Cancelled
signal appears for 10-15 mins during day then has nothing at all for the next few days, also neighbours have also had same problems its as if sometimes there isnt a signal being trasmitted at all										inbound	Sun, 12 Dec 2010 13:07:04 +0000	Cancelled
Every day the whole of our FM radio reception gets completely wiped out for about an hour at a time several times a day ie. not only BBC Radio 2 our preferred station but also all the others eg. Heart Spirit FM etc. the interference being horrendous noises which we believe must be caused by unsupressed machinery. Strength of signals red bars none	Yes				Radio	No				inbound	Sun, 12 Dec 2010 16:41:34 +0000	Cancelled
I keep getting intermittent interference problems. It affects my FM radio , Dab radio and wireless pc mouse/keyboard. The radio will crackle / fizz for a few seconds at the same time my mouse and keyboard freeze and refuse to work. It also used to affect my TV picture but I now use sky. I used to hear cb talk on an old pc speakers.										inbound	Mon, 13 Dec 2010 00:23:36 +0000	Cancelled
Dance music has been broadcast on bbc radio 4's frequency all day. Who can I report this to? Ofcom, BBC, Police or other???? Best wishes, xxxx										inbound	Mon, 13 Dec 2010 01:11:34 +0000	Cancelled
My Radio 4 signal is coming through in Mono instead of Stereo. This has been happening for the past few days. This seems unusual.	Yes				Radio	No				inbound	Mon, 13 Dec 2010 06:47:38 +0000	Cancelled
I believe that a nearby taxi company radio's is affecting my reception, every 5 minutes all day is getting white flashing lines and sounds goes off and on for the past 3 months on analogue.										inbound	Mon, 13 Dec 2010 09:59:38 +0000	Cancelled

I have an old Sony radio/cd/tape about 10 years old and I used to be able to get FM radio. Recently FM is blank and I can only get Hope FM on it. My mother lives in Parkstone and also has a Sony radio - she tells me today she has put it in the cupboard 4 months ago because FM disappeared. Why would that be? xxx					Radio	No				inbound	Sat, 18 Dec 2010 09:29:41 +0000	Cancelled
I have lost the Radio 5 signal on my car radio in S.E. Wales. Newsreaders sound like daleks on helium. It was working when I travelled up country to Yorkshire, so it can't be my radio. I suspect it's something to do with the digital switchover. I have DAB in the house and can listen online but like most people I don't have DAB in the car.					Radio	No				inbound	Sat, 18 Dec 2010 09:41:33 +0000	Cancelled
Problem for last couple of years with bursts of buzzing obscuring channels on analogue radio. Affects telephone too. Concerned it is due to neighbours in flat upstairs as problem only occurs when they are in the flat. Neighbours are however elusive. Already reported to Ofcom but advise to log with BBC for investigation.										inbound	Sat, 18 Dec 2010 11:01:26 +0000	Cancelled
"While trying to record 'Great lives' on our DAB radio from the EPG we got an error message REC00059NP2 after this message came up after we had set up the programme to record it said can not play this file can you shed any light on the problem and what may be causing it."	No				Radio	No				inbound	Sat, 18 Dec 2010 13:23:34 +0000	Cancelled
The problem is with the use of personal DAB radio. I use, a good model by Phillips. When traveling north from Manchester the signal goes from good to very poor from York to Sunderland. It breaks up badly and listenable in FM only. The signal in the Sunderland area is much poorer than I receive in Manchester. When is this likely to improve?					Radio	No				inbound	Sat, 18 Dec 2010 13:35:36 +0000	Cancelled
Someone/ something is causing major interference on our radio (mainly listen to Radio 4 FM), sounds as if someone is transmitting on airwaves for several minutes at a time, at random intervals. Particularly bad 7-8.30am and early evening. Interference so loud have to turn radio off. I would like this investigated.					Radio	No				inbound	Sat, 18 Dec 2010 16:17:33 +0000	Cancelled
We are becoming exasperated by the current campaign regarding digital radio. We have bought or been given some DAB digital radios, but there is no transmitter covering our area and the DigitalUK site gives no clue as when, if ever, we will have coverage. So it is extremely frustrating to be continually told of the advantages of digital radio!										inbound	Sun, 19 Dec 2010 16:41:38 +0000	Cancelled

Wednesday 29th Dec from 07.45 until 08.05	Yes				Radio	No				inbound	Wed, 29 Dec 2010 12:35:33 +0000	Cancelled
radio norfolk fm. For the past 2 months, beep de beep beep over the programme being received. I am not too bothered about the noise. More concerned that there is a fault with my receiver or something more serious, ie, power supply etc ??? Can you please throw any light on it. The fault does not seem to occur on BBC Radio 2. Any suggestions would be appr										inbound	Wed, 29 Dec 2010 12:47:34 +0000	Cancelled
There is constant interference on most of the shortwave am broadcast bands and on one amateur band. I have identified that this is exactly like previous interference caused by TV distribution equipment within a residential property. In this case I believe I have discovered which property is responsible.	Yes				Radio	No				inbound	Wed, 29 Dec 2010 14:41:35 +0000	Cancelled
I listen to Radio 4 FM via the Swingate transmitter from my home in Ramsgate, Kent. For several days there have been long periods of Radio 4 being replaced by a silent carrier affecting all my receivers and my car radio. Has there been a system problem ? When will it be permanently repaired please ? Regards xxxxx					Radio	No				inbound	Wed, 29 Dec 2010 17:47:41 +0000	Cancelled
Problem is intermittent. Tuned DAB radio to Radio 4, Radio 5 Live & local BBC Radio Devon Reception OK, then intermittently crackly. Finally the station signal is lost & the message "No Ensemble" appears on the radio display. Sometimes I can retune the stations, and at other times I can't. This has only started happening since early December.	Yes				Radio	No				inbound	Wed, 29 Dec 2010 18:23:34 +0000	Cancelled
3rd time in 3 months I have contacted you. SUDDENLY, from one second to the next, what had been entirely clear R4 & 3 reception turns into noise, with no faint bit of the programme audible. It is NOT, as I have been previously told, the transmitter, since no-one else has the problem. I am 1/2 mile from the nearest house so I doubt electricals.	Yes				Radio	No				inbound	Wed, 29 Dec 2010 20:17:35 +0000	Cancelled
For several months we have had a regular 1 or 2 sec interference on all radios in the house, my next door neighbour has same issue, the gap between interference is about 90 sec. I also think it is effecting hands free house phones. I have asked our son to send this mail on our behalf as we do not have access to Internet										inbound	Wed, 29 Dec 2010 20:41:34 +0000	Cancelled
BBC Radio reception in my location Harlow is very poor I have contacted your reception dept several times over the last 5 years & Harlow is not adequately covered by a BBC Dab Transmitter, Several of my friends have DAB radios for Xmas presents & I was appalled that the signal in Harlow is too weak for good DAB signals via a telescopic aerial.					Radio	No				inbound	Thu, 30 Dec 2010 12:23:35 +0000	Cancelled

For some months now, all of a sudden Radio 4 will go off air, sometimes for up to 20 minutes at a time. This happened several times during Tuesday 28th December. No other radio channels are affected. I have changed channel on the radio receiver the moment Radio 4 goes off and all other stations are being received satisfactorily.	Yes				Radio	No				inbound	Thu, 30 Dec 2010 12:29:35 +0000	Cancelled
I can receive Digital One & the Essex Dab transmissions here in Harlow, I cannot receiver the BBC National Dab Radio as the signal here is too weak with a telescopic aerial, Future plans to shut down Analogue Radio versions of BBC 4 & 5 will mean that I can no longer listen to these radio stations on the move, Are there any plans to improve this					Radio	No				inbound	Thu, 30 Dec 2010 12:47:34 +0000	Cancelled
No DAB Radio Reception on any channel										inbound	Thu, 30 Dec 2010 14:07:44 +0000	Cancelled
I have had a Pure Evoke-2 receiving DAB efficiently for about four years. A slight twiddle of the built-in aerial corrected minor reception problems. I have now substituted this - in exactly the same bedside location - for the smaller Pure One Classic. DAB is impossible - FM is fine. Suspect this smaller model not sensitive enough for DAB?? Thanks	Yes				Radio	No				inbound	Thu, 30 Dec 2010 16:11:36 +0000	Cancelled

poor reception for 3 months	Yes				Radio	No				inbound	Mon, 7 Feb 2011 16:35:37 +0000	Cancelled
have had a dab radio for two years and it has never worked properly - reception poor, intermittent, or nothing at all. The radio cost £90 but will only receive FM programmes - acomplete waste of time - all digital radio channels work on television however		Yes			Radio	No				inbound	Mon, 7 Feb 2011 17:23:34 +0000	Cancelled
My question is not about reception difficulties - but your site seems to want to put me here to ask my question which is simply this. I can find no information about when BBC Radio Oxford is likely to become available on DAB. Please can you help? Thanks.										inbound	Mon, 7 Feb 2011 17:35:42 +0000	Cancelled
Loud buzzing on LBC 97.3 FM started on Friday 4th Feb. Issue is effecting reception in XXXX Road (XXXX) and surrounding roads (XXXX Road and XXXX Road). Buzzing has been continuous today, but did come and go over the weekend .					Radio	No				inbound	Mon, 7 Feb 2011 21:35:33 +0000	Cancelled
bad radio reception on a preprogrammed tuner. having to search for better reception.					Radio	No				inbound	Tue, 8 Feb 2011 09:08:41 +0000	Cancelled
I have 3 radios and they are all affected by the same buzzing problem when trying to listen to the BBC Radio 5 Live station and this has never been like this in the 11 years I have lived here. Can you investigate this and get back to me? My number is xxxx	Yes				Radio	No				inbound	Tue, 8 Feb 2011 10:11:33 +0000	Cancelled
The BBC issued a press release early 2010, stating that the Western Isles would soon be receiving DAB radio. When will this happen? We recently bought a digital radio, but it only works on FM.					Radio	No				inbound	Tue, 8 Feb 2011 13:05:44 +0000	Cancelled
The radio cuts out for a few secomnds and then comes back on again but is very annoying	Yes				Radio	No				inbound	Tue, 8 Feb 2011 19:53:38 +0000	Cancelled
in car DAB reception is now terrible in Chesham. Used to be rock solid, and nothing has changed in the car/aerial. Reception still very strong in Amersham. Suspect local transmitter					Radio	No				inbound	Tue, 8 Feb 2011 22:17:33 +0000	Cancelled
My problem is that my car radio will not tune to Radio 5 live. I have tried many times to tune in, but no joy. have also tried from other areas of north wales. It does tune in to all other radio stations like radio 1,2,3 etc.		Yes			Radio	No				inbound	Tue, 8 Feb 2011 22:53:33 +0000	Cancelled
interference on FM radio reception since storms/strong winds on Friday.Radio 3 music is ruined by frequent blips in sound.This happens after every storm and is usually sorted after 1/2 days.As a retired xxxx at the local school I'd be interested to know technical details if possible.										inbound	Wed, 9 Feb 2011 09:23:33 +0000	Cancelled
Interference on R4 LW causing almost total loss of signal. Sounds a bit like jamming from another transmitter but is continuous with no breaks and does not vary in intensity.					Radio	No				inbound	Wed, 9 Feb 2011 15:08:48 +0000	Cancelled
When listening nto Radio 4, in the house or in this rea while driving, momentary loss of signal is occasionally happening - perhaps for 10 to 30 seconds at a time. This has been noticed early morning (before sunrise) and during daytime.	Yes				Radio	No				inbound	Wed, 9 Feb 2011 15:17:34 +0000	Cancelled
Interference coming from neighbour's possibly using satalite equipment, sounds like an electric razor everytime the guy turns on the TV. Would like this to be investigated.	Yes				Radio	No				inbound	Wed, 9 Feb 2011 15:35:38 +0000	Cancelled
Reception on Radio 4, 94.4, cuts out intermittantly for a few seconds and then returns. I have set a few receivers around the house and this happens on all of them. This started a few months ago when the off periods were more frequent and longer. It appeared to have improved but has returned with short few seconds breaks intermittantly					Radio	No				inbound	Wed, 9 Feb 2011 16:11:33 +0000	Cancelled
Radio two keeps switching off, it comes back, sometimes within minutes other times it takes longer. When it returns, for the first few seconds it sounds as though you are fine tuning. This is happening both at home and in the car whilstbttravelling around Kent. Its been happening over the last 2 weeks or more.					Radio	No				inbound	Wed, 9 Feb 2011 16:55:18 +0000	Cancelled

Radio 4 cuts out for about 30 seconds. It happened yesterday and again today. In fact been on and off since just before Christmas.	Yes					Radio	No				inbound	Wed, 9 Feb 2011 17:23:37 +0000	Cancelled
Every morning at approx 0900 and evening at approx 1700 digital radio4 goes off air for approx 1 minute.This has been happening for many months.. ps I am a retired BBC XXXX..		Yes				Radio	No				inbound	Wed, 9 Feb 2011 17:29:34 +0000	Cancelled
FM RECEPTION CUTS OUT ON BOTH RADIO 4 & RADIO 2 DURING THE AFTERNOON TODAY. THE INTERRUPTION TO RECEPTION IS SPASMODIC, SUDDEN & LASTS FOR VARIOUS LENGTHS OF TIME, FROM JUST A FEW SECONDS TO A FEW MINUTES. IT IS NOT MY EQUIPMENT AT FAULT BECAUSE I HAVE HAD EXACTLY THE SAME PROBLEM AT MY WORKPLACE, 1/2 MILE AWAY. DAB RECEPTION IS NOT AFFECTED.						Radio	No				inbound	Wed, 9 Feb 2011 17:29:36 +0000	Cancelled
"Since last month the Radio 2 and Radio 4 signal has deteriorated. We have 4/5 receivers but all are affected. It went the same day as Real Radio Wales was introduced, is that a coincidence? Since then the sound has been very faint but Real Radio comes through loud and clear." xxxxx	Yes					Radio	No				inbound	Wed, 9 Feb 2011 19:08:47 +0000	Cancelled
My house is high on a hill facing into the XXXX. BBC radio reception has always been quite poor, but the during last few weeks, my front-facing bedroom radio has been jumping from Radio 4 to Radio Derby, of its own accord. When this first started, the radio in the back bedroom lost reception of 4 completely. And we only listen to Radio 4!	Yes					Radio	No				inbound	Wed, 9 Feb 2011 21:41:34 +0000	Cancelled
All tv and radio channels have gone, last night (8th-9th Feb) 3 or 4 channels went - sky 3, yesterday, itv4, sky news and a couple of other ones tonight (10th @ 00:15) every channel is gone.											inbound	Thu, 10 Feb 2011 00:41:33 +0000	Cancelled
This is an early warning that the EPG service has been lost on BBC Digital Radio in my area. In addition there seems to be no text information for all BBC DAB Radio services being broadcast.											inbound	Thu, 10 Feb 2011 07:29:34 +0000	Cancelled
We have experienced perfect DAB reception for at least 5 years. About 7 days ago reception became nil. Have retuned and even bought new DAB radio with negative result		Yes				Radio	No				inbound	Thu, 10 Feb 2011 09:23:33 +0000	Cancelled
Interference started about two weeks ago only for preset analogue reception for Radio 2 - all other radio stations, including BBC ones, received on same radio are fine. Have tried retuning and using all frequencies in the Radio 2 band and nothing is clear. Digital reception for Radio 2 is OK on a different radio in the same house.	Yes					Radio	No				inbound	Thu, 10 Feb 2011 09:53:34 +0000	Cancelled
Have just purchased a DAB radio for improved BBC listening, however, sometimes it works OK and then will suddenly stop playing and say "no service available" and at other times will "say no service available" right from switching on the radio ! I was under the impression that DAB was the way forward for best reception and listening pleasure ?											inbound	Thu, 10 Feb 2011 10:09:07 +0000	Cancelled
I've had no BBC DAB for about a week. I don't know if my neighbours are affected. I bought a new radio and it doesn't work either. Requires a callback		Yes				Radio	No				inbound	Thu, 10 Feb 2011 10:41:33 +0000	Cancelled
Intermittent loss of Radio 4 FM 94.4 during the day and early evening. Can happen up to 5 or 6 times a day and last for between 30 seconds and 1 minute. Building site nearby, 200 yards away, retirement village and believes there is nothing in the village that could be affecting this. At 5pm the building site has closed.	Yes					Radio	No				inbound	Thu, 10 Feb 2011 11:05:33 +0000	Cancelled
I get interference and can't get Radio 2 on my car radio when I drive in the Chorley wood and Kingslingley area of the motorway. They have turned on the overhead gantries maybe this is causing the problem.											inbound	Thu, 10 Feb 2011 11:11:33 +0000	Cancelled
I have been getting intermittent interference on radio 4 on my radios both dab and fm for the last couple of weeks. It happens at various time of the day and evening but is only for half an hour and then it goes back to normal.	Yes					Radio	No				inbound	Thu, 10 Feb 2011 11:29:33 +0000	Cancelled
I have had a 4 element fm and a dab aerial fitted. outside.The fm reception is not as good as I have had here before(elevated ,at south edge of Thames valley).Both fm and DAB aerials point at approx 255 deg relative to magnetic north, whereas other aerials around point at approx 90 deg. Where should the aerials point for best radio 3 FM? thnk	Don't know					Radio	No				inbound	Thu, 10 Feb 2011 11:35:43 +0000	Cancelled
We have had no radio 2 since yesterday afternoon. We live very near to the M25 motorway at Chorley Wood. My son lives nearby and he also has no radio 2.	Yes					Radio	No				inbound	Thu, 10 Feb 2011 11:41:39 +0000	Cancelled
A taxi firm has moved in next door. Everytime they transmit on their radio it cuts out our digital radio. We are a hifi cable manufacturer and need to test cables on our digital radio. we are now unable to do this. Please can you help?		Yes				Radio	No				inbound	Thu, 10 Feb 2011 11:59:34 +0000	Cancelled
I reported this previously. We are a company that requires DAB reception for our testing work and this interference is affecting our ability to do our work. The interference is coming from a nearby taxi firm.						Radio	No				inbound	Thu, 10 Feb 2011 12:17:34 +0000	Cancelled

interference on all my radio stations										inbound	Thu, 10 Feb 2011 12:29:33 +0000	Cancelled
The problem only occurs on the hi-fi unit connected to an external aerial, not. the kitchen portable. It only occurs on Radio 4, and is intermittant, generally during the day not night. Only the radio 4 signal appears to become weak or not there at all. Iwondered if there is some local interf that is blocking just this?	Yes					Radio	No			inbound	Thu, 10 Feb 2011 13:08:45 +0000	Cancelled
I have been having problems with low level buzzing on my car radio for the last couple of weeks. I took the car back to the garage but they couldn't find anything wrong with it. It happens at various times of day. Reception in my home is fine just the car.	Yes					Radio	No			inbound	Thu, 10 Feb 2011 13:53:33 +0000	Cancelled
I have terrible reception on Radio 2 in the Chorley Wood area . I live near the M25.	Yes					Radio	No			inbound	Thu, 10 Feb 2011 14:08:48 +0000	Cancelled
Started yesterday morning with clock radio. Hissing and weak signal only on Radio2. On all radios except digital reception is fine. Even car radio in vicinity has weak signal on R2. Switched digital radio over to FM on radio 2 and signal is terrible. Seems localised and general and only effecting R2.	Yes					Radio	No			inbound	Thu, 10 Feb 2011 14:47:34 +0000	Cancelled
I have lost a number of stations including all BBC stations		Yes				Radio	No			inbound	Thu, 10 Feb 2011 19:47:34 +0000	Cancelled
I am a radio amateur experiencing continuous interference for the past few weeks especially in the 3.5mhZ band.It also badly affects MW broadcast stations.It is a crackling type noise that I have traced to the area around a telegraph pole about 500metres away from my house.The pole is on	Yes					Radio	No			inbound	Thu, 10 Feb 2011 20:29:33 +0000	Cancelled
