In the meantime I refer you to the Department's website on the next steps for bringing the byelaws into force- <https://www.gov.uk/local-government-legislation-byelaws> . Upon receipt of the signed byelaws the Council will want to ensure the local community is aware of the impending byelaws,

Hi [REDACTED]

Could I just clarify one further point about the date and time the byelaws come into force?

The transitional provisions provide that the calculation of the time periods will commence from 01:00 am on the date they come into force. Therefore, as the confirmation is one calendar month from the date of confirmation, the byelaws will essentially come into affect at 01:00 am on 12 March 2015?

Thanks for confirming the Council have now gone out to consultation on their proposed mooring byelaw.

Following statutory consultation, we have received a letter of objection from a member of the public on the Council's proposed byelaws. The letter of objection is at the end of my email.

The attached link sets out how any objections received by the Department on byelaw proposals are taken forward. <https://www.gov.uk/local-government-legislation-byelaws> In line with this guidance I would be grateful for the Council's response to the points in the letter.

I would be grateful if you could also let me know when the consultation period concludes so we can keep a look out for any other representations and ensure these are forwarded to the Council promptly for a response.

Dear Sir/madam

I wish to register my objection to the sites designated for mooring in the following areas:
Plan 13-18 the 1 hour mooring here is not needed as there is mooring available by the Teddington lock and operated by the EA. The areas with the red lines for 1 hour mooring on the map region here are in the narrowest stretch of the river. This area is also where there are major canoe, skiff and other clubs using this narrow stretch of the river. No other similarly narrow area of the river has 1 hour mooring on these maps.

Plan 1-6 the 24 hour mooring by Garrick's Eyot will prevent boat club users gaining access here.
Plan 7 The 24 hour mooring site by Broom Rec will prevent park users having a view of the river from the park benches here. This is also one of the busiest sections of the river for sailing so navigation is needed to be wide as possible at this point.

Kind regards

Hi [REDACTED]

Thank you for your email enclosing the objection. Is the only objection that has been received so far?

The 35 day advertisement period commenced on 26th September 2014 so expired on Thursday 30th October 2014. Allowing for the additional week to send objections through to the DCLG, I calculate that the final deadline for submitting objections is Thursday 6th November 2014.
