

1. Amended Advice Notes 16 (widths) and 22 (notation)

[REDACTED]

3. Waymark

4. Minutes of meeting with Stakeholders

[REDACTED]

1. Please find attached amended Advice Notes 16 and 22. Advice Note 16 has been amended to make clear that an Inspector can add a map to an order for clarification of a width. Advice Note 22 has been updated to clarify the notation that should be used with respect to a combined order. It was recently discovered that the Advice Note only stated the notation for a diversion order under the Highways Act. It now acknowledges that the notation for an order under the Town and Country Planning Act is slightly different. These notes will be updated on GOV.UK shortly.

3. Please see the attached link to access the latest edition of *Waymark* [WAYMARK SPRING 2016](#).
4. On 10 March 2016 a meeting was held in Bristol with a number of our Stakeholders. For information purposes, please find attached a copy of the minutes of that meeting. These will be circulated to the attendees next week.
