

- 1. Amended Advice Note 20**
- 2. Amended Sections 7 and 5 of the Consistency Guidelines**
- 3. Inquiry/Hearing notes**
- 4. New Attendance Sheet**

1. Further to ROW Note 01/2016, please now find attached the final version of amended Advice Note 20. This will be updated on GOV.UK shortly.
2. Again further to ROW Note 01/2016, please find attached a new full version of the Consistency Guidelines with revisions to Sections 5 and 7. This will also be updated online shortly.
3. Inspectors are reminded that from time to time requests are made for copies of the notes they have taken at an inquiry or hearing. Care should therefore be taken to ensure the notes do not contain any comments about the parties that you would not want seen by members of the public or that may cause offence.
4. Please be aware that a new Attendance Sheet was published on 24 February. It is not available on GOV.UK but can be obtained in due course from PINS net under forms/procedure forms. A copy is attached for your information. To bring us in line with planning, we will no longer be sending copies of the decision to those people listed in the 'Appearances'. The Attendance sheet makes it clear that decisions can be found on GOV.UK.

If you have any questions with regard to this RoW Note please contact me in the first instance.
