I understand that the Duke of York has access to RAF helicopters and planes for his personal and professional transport.

I also understand that he is permitted to take guests on some of these trips where it is cleared by security.

I would like to request a full list of journeys where Jeffrey Epstein or Ghislaine Maxwell travelled on board RAF aircraft as a guest of the Duke of York (with or without his presence). between the years 1997 to 2015 inclusive.

I believe this information can be found by looking at the Duke of York's travel and at the passenger logs for those flights.

I believe there is no security issue in confirming when these people travelled on board his flights.
