Dear Mr Parry,

**Re: Freedom of Information Act 2000
Complaint to Information Commissioner
ICO ref: no. FS50662449**

I write in connection with the above matter.

In your original request you sought information about Seaside Batch 6 leased on 1 Oct 2012. In essence you wanted to know whether these properties were in need of refurbishment or refurbished at the time of exchange 'which description of the properties is correct?' I have reviewed the information provided by the Council in response to this request which was arguably too general. I confirm that the Council holds the following information falling within the scope of your request; according to the Council's records Batch 6 included 52 dwellings broken down into the following categories:

13 unrefurbished routine empty homes
10 unrefurbished major works empty properties
29 former temporary accommodation properties where refurbishment work was under way.

I am copying this letter to the Information Commissioner and I understand that they will be consulting you further.

Yours sincerely,

**Louise Hanrahan
