Request:

I would like to find out the amounts paid by each school in North Tyneside in relation to temporary staffing cover (Teachers, Teaching Assistants, Nursery Nurses, Exam Invigilators, Caretakers, School Administrators, Lunchtime Supervisors).

My hope is to receive an electronic breakdown of the amounts paid by each school (Nursery, Primary, Secondary and SEN schools). The information I require for each school is: School name, amount spent, and the company this money was paid to.

Response:

We do not hold information on how much each school spends with each and every supply agency, as schools contact supply cover directly and do not use the centrally managed agency system.

Although the majority of schools in North Tyneside are maintained by the Local Authority the schools in North Tyneside opted some years ago to operate their own local bank accounts and their own local accounting systems (as permitted in the national regulations).

Schools therefore raise orders and pay all their invoices locally and record these in their own local accounting systems. The Council therefore does not hold this level of information.

Therefore this information should be requested directly from the individual schools. Contact details for schools can be found at the following link:
