

FOI2340 - Concerning Serious Incident reporting Criteria and Process.

We can confirm that Southern Health NHS Foundation Trust can advise as follows in response to your Freedom of Information request.

- Please can you share your serious incident reporting criteria and process?
- Are all patients that are admitted to a caseload who die unexpectedly reported as a serious incident for the organisation?
- If not – what criteria do you use?

We would suggest referring to the NHS England Revised Serious Incident Framework – March 2015 – Part One – definitions and thresholds on pages 12-20 via the following link:

<https://improvement.nhs.uk/resources/serious-incident-framework/>

In addition, the attached policies may also assist you:

SH NCP 16 – Policy for Managing Incidents and Serious Incidents (SI)

SH NCP 17 – Procedure for Reporting and Managing “Incidents”

SH NCP 75 – Policy and Procedure for Reporting and Investigating Deaths
