Dear Mr Stephenson,

Information Requested Under The Freedom Of Information Act 2000

Further to my acknowledgement correspondence of 18th June 2012, I am now able to provide you with the information you have requested in regard to Child and Adolescent Mental Health Services.

1 - Does your organization offer CAMHS (Child and Adolescent Mental Health Services)? If the answer is yes then please include this service in the list of services mentioned in the next sections of this request as specified.

Yes

2 - A complete and up to date structure of your services. The bare minimum I request for this section is a detailed organisation/structure chart or list on your Social Work, Allied Health, Substance Misuse/Drug & Alcohol and Mental Health departments and teams along with the details of the senior management staff. If your organization offers CAMHS, I would like to request this be included in the list of minimum services.

Please see attached documents detailing the Hywel Dda Health Board Mental Health, Learning Disabilities and Substance Service Structure along with the Specialist CAMHS Management Structure and Staffing.

3 - The number of agency or "locum" staff working within Social Work, Allied Health, Substance Misuse/Drug & Alcohol and Mental Health teams and departments (if your organization offers CAMHS then please include the agency staff for this service as well.) Along with this, please offer the grade or position of the agency worker along with their designated team/department and pay rate.

Mental health services have not used any agency/locum nursing staff for the years 09/10; 10/11 and 11/12.

As at February 2012 the locum positions in mental health services was as follows:

2 locum consultant psychiatrists

3 locum specialty doctors

In addition there was an unfilled locum consultant post.

4 - The agencies that currently supply your organization with agency staff for the services mentioned above along with charge rates for each agency worker currently placed.
