Sophie

I can advise that the SLCG does not currently hold any contracts with the Community and Voluntary Sector.

In 2016 the SLCG developed a contract with the Newry Confederation of Community Groups for an "Outbound Telephone Support Service" but this is currently managed by the HSCB Social Care Directorate.

The SLCG had previously managed several contracts (jointly with social care leads) however these were transferred in 2015 to either the Social Care Directorate within the HSCB (contact Carol Burns) or to the Southern Trust Outcomes Group and managed by their contracts Department (contact Dawn Livingstone).

Below is a list of the contracts that there were transferred to HSCB Social Care Directorate:

- Barnardos Disabled Children and Young People CINI
- Cedar Foundation 1) Support to Transition Services -2) FSI for Breaks For Disabled Children & Young People
- NIACRO
- STEP For Belong
- Tiny Life

Also attached is the list of contracts that were transferred to the Southern Trust Outcomes Group in 2015.

I hope this helps – I can provide more detail if needed.

Regards

Merrisa
