Jimmy

All 3 responses have been sent to the 'whatdotheyknow' addresses this morning, and I also attach all 3 here for convenience

There is a covering email note for FOI 1045 19, which relates to C&V activity, and I have copied this in below

Covering note:

*'Please find attached the response to your recent request for information.'*

*Please note that the figures at appendix 1, represent the current service contract commitments, many of which will have a defined contractual period. Contracts are often subject to review and this can in turn result in a change in provider. In addition, within this cohort, there may also be non-recurrent funding elements which may reflect in year contract variations. We have, as best we can, made additional comments on the return where non recurrent elements are included.*

*Also, the attached appendix does not include Department of Education funding for Surestart & Brightstart programmes which is allocated through HSCB'.*

Again, please accept my apologies for the delays, I trust the responses are of assistance

Regards

Peter
