Review by paediatrician in P2

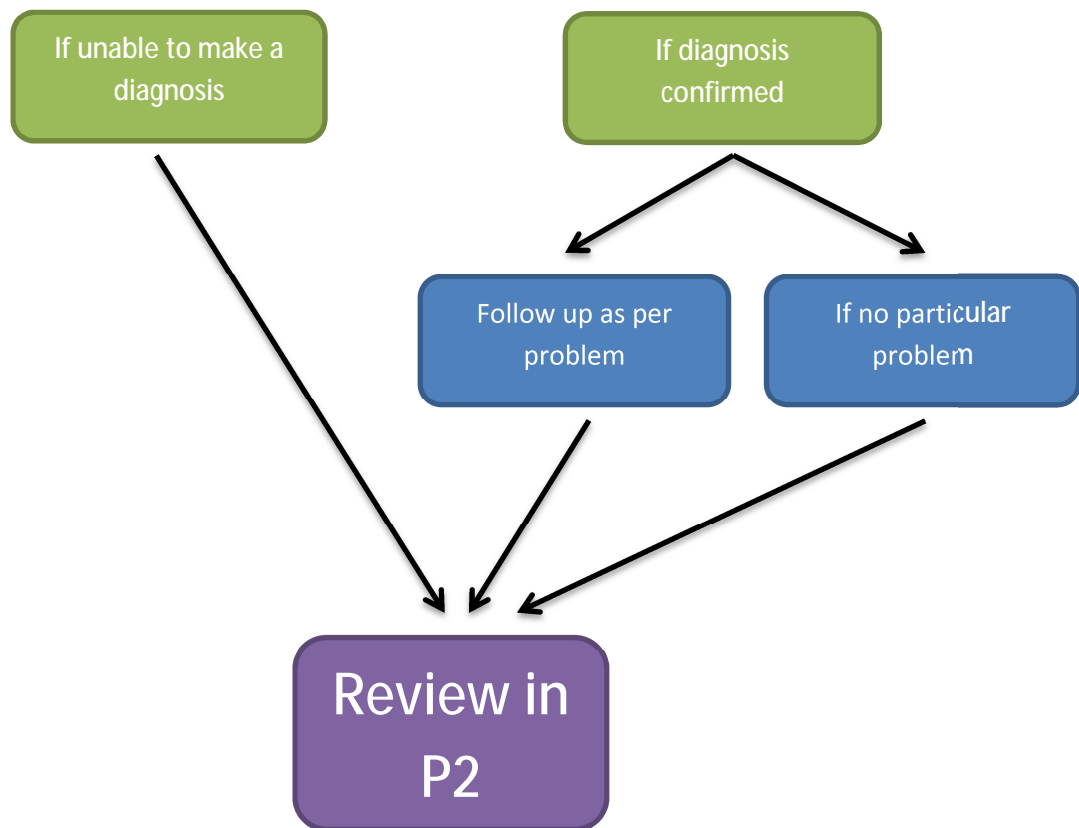

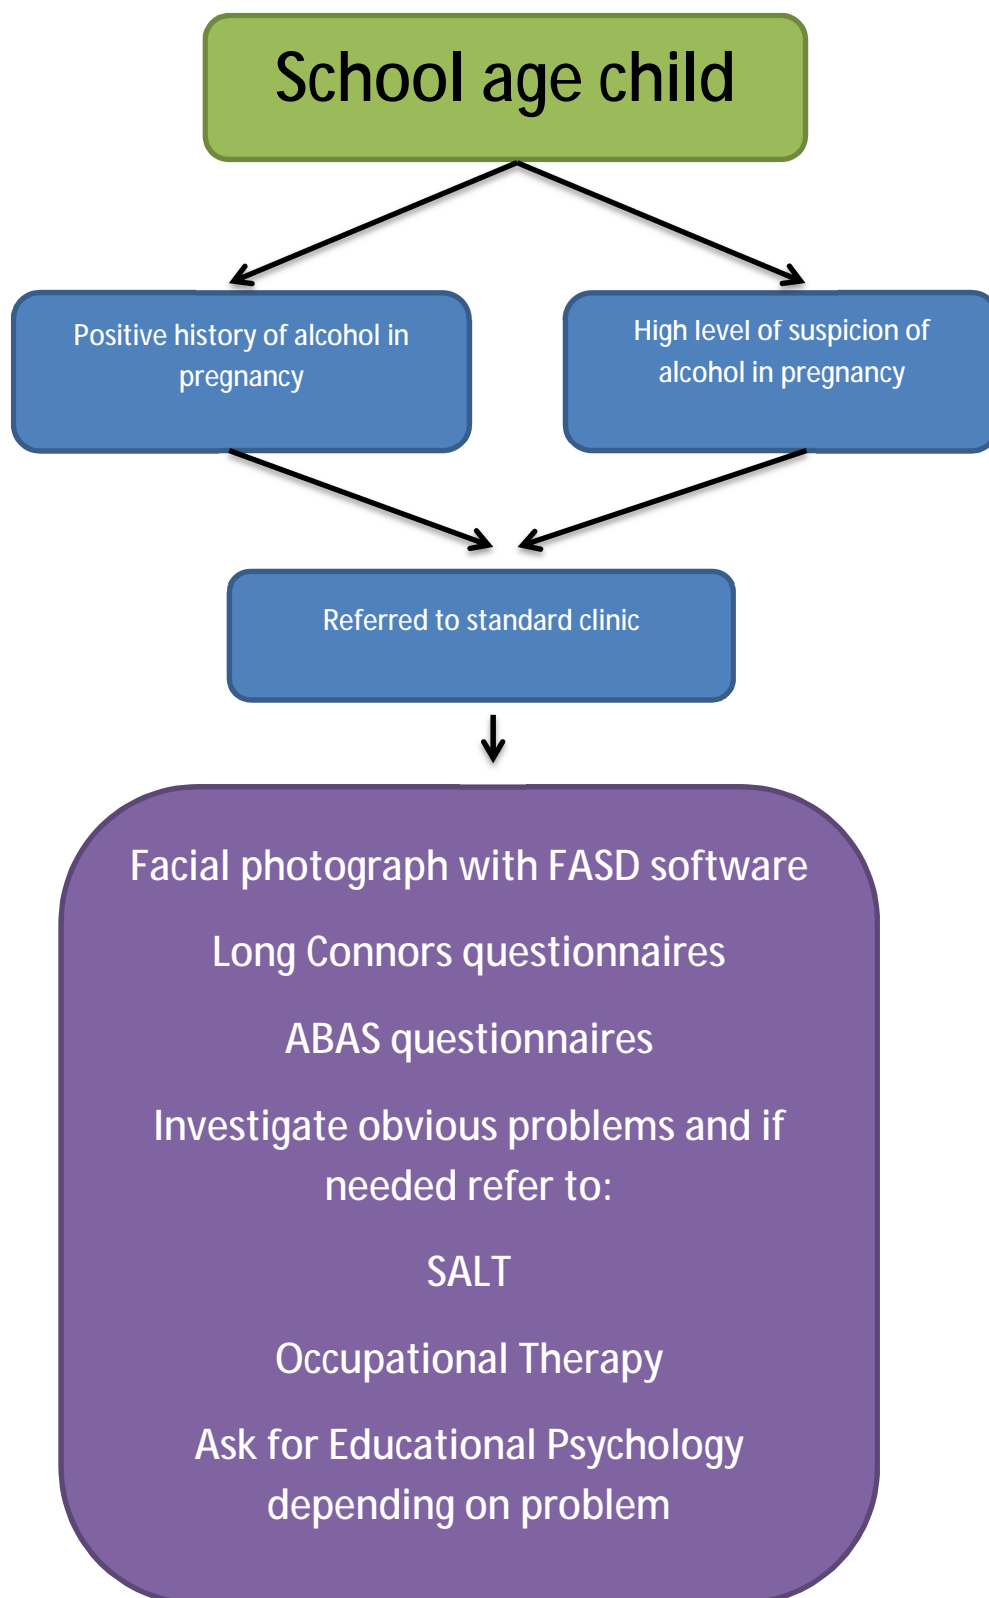

Positive alcohol history
and no sentinel features

P2 Review

- Check what problems are present
- Assess further depending on problem
- Review in P7 regarding transition

Suggested Questions for Alcohol Intake History

If you already have a good reliable history of alcohol in pregnancy do not repeat the questions

- How was your pregnancy-were you healthy? Did you have any concerns?
- Do you remember how many weeks you were when you knew you were pregnant?
- Before you were pregnant how much would you drink during the week/ the weekend?
- Do you remember if you drank at the beginning and/ or the end of your pregnancy?
- Were there times when you drank more and times when you drank less?
- How many drinks would you usually have in a day? a week? a month?
- What about drugs and/or smoking?
- Did you drink alcohol during a previous pregnancy?
- How many units did you drink per week prior to this current pregnancy?
- Have you consumed any alcohol in the last 3 months?
- How many units are you drinking now?
