Importance: High

Steve

I do need some advise a.s.a.p please.

I now have a question in, raised by Betheaston Parish Council regarding this issue which requires an answer for the forthcoming Parish Cluster meeting.

Subject: Raised table - Batheaston High Street

Steve

I've been asked by Cllr Gerrish to make contact with yourself to either arrange for a sound check or advise on how to establish whether this installation is causing a noise nuisance.

Cllr Gerrish has had a member of the public complain to him about the noise HGV's are making when going over this table.

Are you able to assist with this? Do you require any further information?

Regards
Stefan
