FOI Request: Jackson-20190907

Dear Mr Jackson

Thank you for your recent requests for information, to which I respond together below.

1. Is each Astrea Academy responsible for publishing its own (local) anti-bullying policy and procedures? Yes.

2. Please provide pdf copies of policy guidelines and specimen forms published by the Trust to encourage compliance by its Academies with Section 88/ 89 of the Education and Inspections Act 2006. Sections 88 and 89 of the Education and Inspection Act 2006 do not apply to academies, since they are not a “relevant school” as defined in subsection (5). Nevertheless, the Trust does require schools to determine behaviour policies and publishes guidance to support them in doing so. This can be found online at:
<https://astreaacademytrust.org/wp-content/uploads/2019/09/Behaviour-Best-Practice-Guidance201920.pdf>

3. Does each Academy observe the Anti-bullying Alliance’s annual Anti-Bullying Week?

This is a matter for individual schools in accordance with their bullying policies and operational decisions made by the school from time to time.

You also requested the following by academy in each of 2017/18 and 2018/19:

1. Number of bullying incidents:

- age and gender of students involved;
- special educational needs students involved;
- number of incidents satisfactorily resolved with no further action

2. Number of incidents that resulted in:

- student detention;
- student isolation;
- student exclusion;
- parent/ carer action, and
- police action.

This breakdown is provided in Appendix 1. Please note that it has not been possible to aggregate information from Netherwood Academy or Astrea Academy Woodfields, due to differences in recording.

Where the term “N/R” appears, this indicates that the information is not recorded.

Where the term “N/A” appears, this indicates that the information is not applicable, usually due to the age range of the school, but sometimes because a school has transferred into the Trust after the academic year in question.

No exemptions have been applied to this response.
