Notes

All figures are based on the New Parks ward. This covers the Braunstone Frith, Kirby Frith, New Parks East, New Parks West and West End sub areas.

For joint tenancies each individual tenant has been counted separately. Hence the number of current tenants exceeds the number of properties in the area. Only those people who are named in a tenancy have been counted.

Where tenants have held two or more tenancies (i.e. where they have moved addresses), they will be counted more than once within the table.
