Dear Ian,

Thanks so much for sending through the final LIP3 today. Our recommendation will be taken to the Deputy Mayor and you should hear back by the end of this month.

Thanks again for all your hard work to get to this final version

Kind regards
Steph

Dear all,

Firstly, many thanks for your patience.

Secondly, having reviewed the remaining SEA responses the updates below remain as is, except for a change in para 1.13, where the number of responses has gone up to 10.

There was a detailed reply included, where the core theme of biodiversity was present, which is captured in the previously suggested paras. There were a number of points that related to the documents not being in accordance of the LIP3 with TfL requirements, which is ultimately up to TfL and the Mayor as the approving body.

Adjusted LIP3 attached.

Dear all,

We are still awaiting advice on how we deal with those responses received on Friday 28 June, and in the meantime please see latest version of the LIP3 and the SEA. Tweaks to the LIP3 are as follows and have been highlighted in the document.

New [and replacement] para 1.13 page 8

The Council consulted on the Draft SEA Environmental Report between 4 June and 28 June, etc...

New para 2.166 - Page 57

The SEA consultation resulted in a number of comments etc...

New borough objective 4.6 - page 58

To ensure biodiversity matters are considered for LIP projects, in line with the Council's overall environmental strategy

Project Centre will produce a post Adoption Statement that shows how we have considered the responses to the SEA.

Dear all,

I am just finalising the text for the LIP3 to account for comments on the SEA, which were mostly relating to Biodiversity. We have, however had two late replies that need assessing, and I have shared these with the consultant to review. I will still try to get revised LIP3 and SEA to you by 10 am, but just wanted to give you the heads up.

Thanks Ian for the clarification, as long as we receive on the 1 July we should be able to get it through in the July approval round.

Kind regards

Steph

Dear all,

Just a further clarification, that the SEA will be sent on 1 July. If there are any substantive issues I will advise you as soon as we are aware.

Dear all,

Can I just clarify the current status of the SEA consultation and the timetable.

The SEA consultation went live the first week of June, and is running until 28 June.

We are dealing with questions as they come in, and will have our Lead Member lined up to sign off the document over the weekend, as soon as the consultation closes. We will then send the SEA and any minor tweaks to the LIP3, should they be required.

regards
