Date: 14TH November 2011

Dear Chandra Bahadur Pun,

Thank you for your Freedom of Information request dated 11th November 2011 for information about street lighting. Please find below Doncaster Council's responses to the questions you have raised.

Question 1 –

I live in 20 Northumberland Avenue, Intake, Doncaster and I am the house owner, I would like to have information about street light removing because it has already damaged my car due to its on the middle of the drive way. Would you please tell me what are the procedure and cost?

Response –

The estimate to remove the existing street lighting column 27318 and provide a new street lighting column is £1830. The existing street lighting column is a concrete column, due to the age of the concrete street lighting column, the council does not resite concrete street lighting columns therefore a new steel street lighting column would be installed.

To progress this work please contact Mr. J Blaik on the above number or via email on james.blaik@doncaster.gov.uk.

I also note that you do not have a drop crossing on the footpath outside your property as such you should not be driving a vehicle over the footpath from the road into your property. I can also provide you with an estimate to install a drop crossing.

I hope that this information is useful to you.

Reviewing any decisions made:

You can ask us to review any decisions made about your request. You do this by writing to Freedom of Information Manager,
Council House,
Floor 2,

**Doncaster Council, PO Box 257, Council House, College Road,
Doncaster DN1 1RN**

College Road,
Doncaster,
DN1 3DA
E-mail: FOIAppeals@doncaster.gov.uk

You can apply to the Information Commissioner for a decision about our compliance or otherwise with the Freedom of Information legislation. Please contact the Commissioner for details on how to do this - telephone 01625 545700, address: Information Commissioner, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Internet: <http://www.informationcommissioner.gov.uk/>

Yours sincerely,

Mr. James MG Blaik,
Principal Engineer Street Lighting and Drainage.
