

TOTTENHAM STRATEGIC REGENERATION FRAMEWORK DELIVERY PLAN 2014

INTRODUCTION

The Tottenham Strategic Regeneration Framework (SRF) approved by Haringey Council's Cabinet on 18 March 2014 sets out seven strategies for success that will guide the Tottenham Regeneration Programme:

1. **World-class education and training** - including new schools, better access to apprenticeships and more Tottenham young people attending university;
2. **Improved access to jobs and business opportunities** attracting major investment and encouraging local business growth to boost employment;
3. **A different kind of housing market** - improving existing homes and building new, high-quality homes to meet demand at a range of prices and tenures;
4. **A fully connected community with even better transport links** – continuing to improve rail, Tube and bus links, including making the case for Crossrail 2, as well as opening up Tottenham to more walking and cycling routes;
5. **A strong and healthy community** – improved healthcare facilities, reduced crime and strong social networks for young people;
6. **Great places** – putting Tottenham's character and heritage centre-stage while creating better public spaces to meet, shop and have fun;
7. **The right investment and quality development** – building partnerships and securing money to achieve these priorities with a focus on high quality design.

These strategies will support the delivery of the future vision for Tottenham:

By the age of twenty, a child born in Tottenham today will have a quality of life and access to the same level of opportunity that is at least equal to the best in London.

The SRF Delivery Plan will focus on the following four priorities in the short to medium term to deliver the aspirations within the SRF and those gathered from the local community as part of the 'Tottenham's Future' engagement programme:

1. **People:** To deliver improved access to jobs and business opportunities; world-class education and training; and a strong and healthy community;
2. **Place:** Better caring for the place and delivering improved public realm in all of the local centres that comprise Tottenham;
3. **North Tottenham including High Road West,** a new stadium/leisure destination and a comprehensive estate regeneration and housing renewal programme; and
4. **Tottenham Hale:** a key area of opportunity in South Tottenham, building on the delivery of a new station and a range of mixed use development.

By 2025, there will be:

- Up to 10,000 new high quality homes
- Over 5,000 new jobs created or accessed with 1million sq ft of employment and commercial space added.

This Plan includes sections on:

1. Achievements to date
2. 'Tottenham's Future' engagement programme - how it shaped the Strategic Regeneration Framework
3. The activities to be delivered for each of the four priorities in the short-to medium-term
4. Programme funding
5. Programme risks
6. Governance
7. Communication, consultation and engagement
8. Monitoring including annual review.

1 ACHIEVEMENT TO DATE

FEBRUARY 2012

- £41m funding and investment approved for the regeneration of Tottenham (Council/GLA)
- Tottenham Hotspur FC £430m stadium development given planning approval
- HRH Prince of Wales and HRH Duchess of Cornwall visit Tottenham High Road

MARCH 2012

- Council/Homes for Haringey begin engaging with Love Lane estate residents about their priorities for improvement
- Launch of '12 in 2012' pledges for Tottenham

APRIL 2012

- Job Centre Plus reopened

MAY 2012

- Carpetright planning permission approved by the Council
- Tottenham Town Centre Growth Manager appointed
- Tottenham Green Regeneration Stakeholder Group first meeting
- Arup commissioned to produce Tottenham Investment and Development Framework and High Road West master plan options
- Jobs for Haringey programme launched

JUNE 2012

- Seven Sisters Regeneration Project (Wards Corner site) given planning permission
- Tottenham Green stakeholder & public workshops held to inform proposals for £1.5m investment in the Green, facilitated by the Prince's Foundation for Building Communities
- Summer on the Green held as part of the London Festival of Architecture
- Council and Homes for Haringey support the relaunch of the Love Lane Residents Association

JULY 2012

- 639b opened as community enterprise space by GLA
- First Bruce Grove Regeneration Stakeholder Group meeting – informing proposals for £850k of public realm and market improvements

AUGUST 2012

- A Plan for Tottenham published
- Work starts to rebuild Carpetright building
- Adams & Sutherland appointed to design Growth on the High Road schemes
- Summer events held, part of programme for Tottenham 2012 & the Cultural Olympiad
- 'Cruyff Court' multi use games area opened in Ferry Lane

SEPTEMBER 2012

- Construction works begin on Phase 1 of Tottenham Hotspur FC development
- Project Tottenham community film festival (part of the cultural programme)
- Tottenham Medley Market takes place on Tottenham Green East

OCTOBER 2012

- 'Invest Haringey' event held showcasing key sites and development opportunities
- Public consultation on Bruce Grove public realm projects begins

NOVEMBER 2012

- Aldi reopens on the High Road
- TfL agree to invest £20m in new 'gateway station' at Tottenham Hale
- £34m Tottenham gyratory works start
- Public consultation on Tottenham Green regeneration designs

DECEMBER 2012

- Tottenham Christmas events held – a winter market, music festival and switching on of the Christmas tree lights at Tottenham Green
- £10k 'Town Team' funding awarded
- 'It took another riot' Mayor of London's Independent Panel on Tottenham report published

JANUARY 2013

- Tottenham High Street Charter launched
- Planning permission approved for 285 new homes for Lawrence Road

FEBRUARY 2013

- £50m investment in new primary school and 222 homes given planning permission at Brook House
- THFC and Middlesex University announce University Technical College for north Tottenham
- Initial funding awarded by Heritage Lottery Fund for High Road restoration project in north Tottenham

MARCH 2013

- Planning Committee approval of proposal to demolish Chestnut Road building currently used by Opera House nightclub and replace with 64 apartments

APRIL 2013

- Consultation begins on the High Road West masterplan options
- Bruce Grove 'Week of Action' delivered with the Council, Met Police, London Fire Brigade, community groups and local traders including a week-long deep clean operation in Tottenham

MAY 2013

- Announced that TfL will manage the West Anglia train routes through Tottenham & £90m electrification of the London Overground line through South Tottenham Station
- Consultation begins on the Tottenham CPZ
- Launch of Tottenham News distributed to all residents and business in Tottenham wards
- Completion of £5m restoration programme at Lordship Rec

JULY 2013

- Cabinet approval of 10 strategic priorities for Tottenham

OCTOBER 2013

- Agreement signed with John McAslan + Partners to transform an empty Tottenham shop into a design hub offering work placements and training to local people
- 'Tottenham's Future' consultation launched, delivered by Soundings

NOVEMBER 2013

- Sainsbury's superstore on the High Road opens; partnership between the Council, Spurs, Sainsbury's and Job Centre Plus supported local residents in applying for the 216 roles, the vast majority filled by Tottenham residents
- Special Cabinet meeting approves draft Strategic Regeneration Framework for consultation and a housing investment and estate renewal strategy

DECEMBER 2013

- Some of Tottenham's longest-serving independent businesses presented with plaques to honour their contribution to the high street
- First Tottenham Young Poet Laureate turns on Tottenham's Christmas lights at the Winter Market

FEBRUARY 2014

- Tottenham welcomes HRH Prince Charles on his fourth visit to Tottenham since 2011
- Tottenham's Future consultation closes with over 3,700 responses

MARCH 2014

- Cabinet approval of Strategic Regeneration Framework and Tottenham's Future consultation report published
- Planning approval granted for TfL Tottenham Hale 'landmark' station upgrade
- Tottenham Physical Development Framework completed by Arup
- Tottenham focus of breakfast talk at New London Architecture
- Council's first attendance at MIPIM (international property investment fair)
- £50m Site Acquisitions Fund approved by the Council
- West Green Road bridge art installation (funded by Arts Council and Council)

APRIL 2014

- The College of Haringey, Enfield and North East London judged as good or outstanding across all areas, placing it amongst the highest-performing colleges in London
- Planning approval of the first major hotel in Haringey at Tottenham Hale

MAY 2014

- Work commences on West Green Road shop front improvements

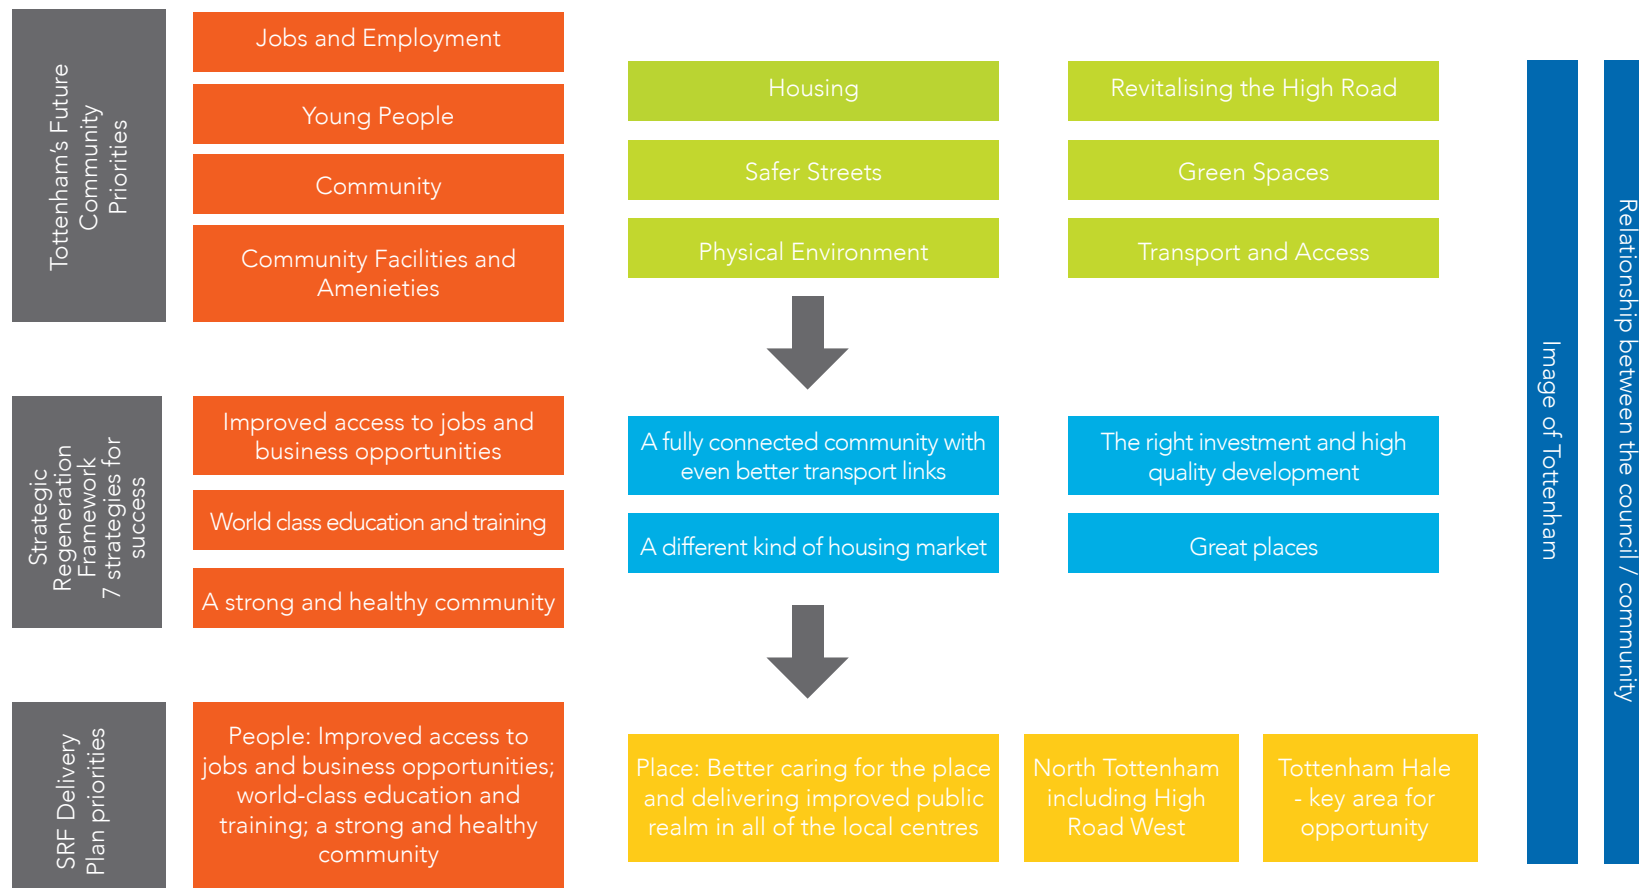

JUNE 2014

- Launch of Tottenham Market on Tottenham Green
- Works at South Tottenham station commence including accessibility improvements

'TOTTENHAM'S FUTURE'

- HOW IT SHAPED THE STRATEGIC REGENERATION FRAMEWORK AND THIS DELIVERY PLAN

'Tottenham's Future' engagement programme shaped the Strategic Regeneration Framework and resulted in the development of the seven strategies for success, which in turn are incorporated into the four priorities which this Delivery Plan details:

3 THE FOUR DELIVERY PLAN PRIORITIES

PRIORITY 1: PEOPLE

Improved access to jobs and business opportunities; world-class education and training; and a strong and healthy community

Project name	Description	Partners	Cost / funding	Outputs	Key milestones
1a. Community engagement - Prevention, Resilience and Early help					
Resident engagement in place-shaping Lead officer: Assistant Director, Social and economic regeneration – Tottenham (Jan Doust)	Provide opportunities for residents to give their views, tell their stories and design the neighbourhoods in the regeneration area, and shape the community and services offer	Residents Schools Voluntary and community sector Durham University Partnership	£230k consultation and engagement costs £40k youth engagement – (existing funding THFC/YS)	All High Road West and Northumberland Park residents engaged Plan in place for involving children and young people Residents Charters agreed and implemented for Love Lane and Northumberland Park Estates	May – September 2014: Engagement plans for residents implemented for High Road West and Northumberland Park September 2014: Establish engagement hub for residents of Love Lane estate Summer 2014: Launch of plan for children and young people's engagement (including film) September 2014: Launch 3 year partnership 'Building Trust in Communities through Digital Media' (TBC) Autumn 2014: Tottenham schools hold 'Let's talk about Tottenham' day

Project name	Description	Partners	Cost / funding	Outputs	Key milestones

639 Enterprise Centre Lead Officers: Assistant Director, Regeneration (Dan Hawthorn) Area Regeneration Manager – Tottenham Hale and South Tottenham (Peter O'Brien)	Work with the GLA to develop and promote new projects/ uses with a local employability focus Site for potential relocation of Tottenham Regeneration team	GLA	Team relocation cost – TBC, within existing budget	Project outputs to be confirmed once developed	Tottenham Regeneration team relocation – Autumn 2014
Down Lane Park refurbishment Lead Officer: Head of Commissioning, Environmental Services & Community Safety (Paul Ely)	To complete the park refurbishment in stages to the agreed master plan for the site	Friends of Down Lane Park	£500k – £1m dependent on match funding	Deliver master plan and increase usage of park Obtain Green Flag status Develop tennis provision	Phase 3 completion – March 2015 Full completion – March 2016

PRIORITY 3: NORTH TOTTENHAM INCLUDING HIGH ROAD WEST

A new stadium and an estate regeneration programme centred on Northumberland Park

Project name	Description	Partners	Cost / funding	Outputs	Key milestones
High Road West masterplan Lead Officer: Area Regeneration Manager – North West Tottenham (Sarah Lovell)	Development of a master plan framework for the High Road West area. The masterplan framework will build on previous consultation with the local community and will aim to deliver an improved neighbourhood which meets the needs of existing and new residents and businesses.	Residents and businesses in the High Road West area GLA Homes for Haringey	£60,000 from the allocated £500,000 masterplanning fund	A master plan framework for High Road West which sets out key principles (informed by the local community) to guide change in High Road West covering themes such as: Housing Transport Movement Density Massing These key principles will inform the development of the Regulation 19 Tottenham Area Action Plan document.	Masterplan workshops - Summer 2014 Masterplan Framework consultation - September 2014 Cabinet asked to consider the masterplan - Autumn 2014
Tottenham Hotspur Stadium and associated development Led by Tottenham Hotspur Football Club	This project aims to deliver the remaining elements of the Northumberland Park Development - this includes the new 56,000 seat stadium and 285 residential units	Led by Tottenham Hotspur Football Club	Funded by THFC	Delivery of new stadium 285 new housing units	CPO decision by Secretary of State

Project name	Description	Partners	Cost / funding	Outputs	Key milestones
White Hart Lane Station and Public Realm Project Led by TfL	<p>The White Hart Lane Station and public realm project aims to develop concept designs for an enhanced and more obvious Station and gateway to the public transport network for this important growth area.</p> <p>Creating new space for commercial and community uses that will provide employment opportunities and animation of the public realm</p> <p>Create a well-designed piece of public realm for Love Lane, White Hart Lane and parts of Penshurst Road</p>	Transport for London Greater Anglia Network Rail Greater London Authority	£200,000 from the Mayor's Regeneration Fund	<p>A single, integrated concept design and costings for:</p> <p>A new White Hart Lane station building (to Network Rail GRIP stage 3)</p> <p>Associated public realm improvements</p> <p>A meanwhile strategy that lists a series of tasks and meanwhile uses that would fit into the Now and Soon timescales to help instigate some immediate change and build community confidence and support in the area.</p>	<p>Consultation with High Road West community on detailed designs - September 2014</p> <p>Final design report- Autumn 2014</p>
Tottenham High Road Heritage Initiative Lead Officers: Principal Planning Programme Manager (Jacqueline Veater)	<p>To develop proposals for the shop front improvement scheme along Tottenham High Road. The project will focus on a small group of properties in the Northumberland Park Ward within the conservation area.</p> <p>The scheme aims to restore the character and the heritage of the North Tottenham area.</p>	Heritage Lottery Fund (HLF) High Road Businesses	<p>First round bid- £97k- (£50k from HLF and £47k from the Council)</p> <p>Second round bid – c£1.5m, total value of the project is just over £2m including an approximate contribution from property owners of c£190,000 and a contribution of £500,000 from the Council</p>	<p>A strong and successful bid to Heritage Lottery which secures the funding to improve shop fronts of a small group of properties in the conservation area.</p> <p>The first phase of the project will provide draft conservation area appraisal and management plan, action plan for community activity and a feasibility study.</p>	<p>Commission and carry out feasibility study- Autumn 2014</p> <p>Draft second round bid submission to HLF in November 2014 for decision by March 2015</p>

Project name	Description	Partners	Cost / funding	Outputs	Key milestones
Northumberland Park Estate Master Plan Framework Lead Officer: Area Regeneration Manager – North East Tottenham (Adam Hunt)	<p>The development of a master plan framework for Northumberland Park. This is the first stage in engaging local people in the development of plans for physical, economic and social change and the creation of an even better new neighbourhood for north London.</p> <p>The masterplan framework will set out key principles for change that will inform the development of the Regulation 19 Tottenham Area Action Plan document.</p>	Residents and businesses of Northumberland Park GLA Homes for Haringey Northumberland Park Community School	£100k (Council)	A masterplan framework for Northumberland Park A set of key principles (informed by the local community) to guide change in the area covering themes such as: land use, infrastructure, housing, transport, movement Community Engagement Strategy	Summer 2014: Community involvement strategy agreed and engagement with residents to commence Autumn 2014: Master plan framework and key principles to guide change produced
Northumberland Park Regeneration and Improvement Lead Officer: Area Regeneration Manager – North East Tottenham (Adam Hunt)	<p>This project takes forward the findings of the master plan framework project to develop a more comprehensive programme of regeneration and improvement activity on and around the Northumberland Park estate</p>	Residents and businesses of Northumberland Park GLA Homes for Haringey Northumberland Park Community School	TBC	A detailed masterplan for Northumberland Park North Tottenham People Pathfinder Renewed Somerford Grove Multi Use Games Area	
Marsh Lane site Lead Officer: Area Regeneration Manager – North East Tottenham (Adam Hunt)	<p>To utilise this Council owned site for the delivery of:</p> <p>1) meanwhile uses</p> <p>2) long term redevelopment in keeping with our regeneration ambitions for Northumberland Park</p>	Surrounding landowners Local community and stakeholders	£50,000 for initial feasibility (and meanwhile use subsidy if required)	The delivery of meanwhile uses on this site which are informed by community priorities and which contribute to economic activity in Northumberland Park A clear plan for the long term redevelopment and utilisation of this site	Meanwhile uses strategy and approach agreed – Autumn 2014 Meanwhile uses and activities on site – from Spring 2015 onwards A long term plan for the site agreed – Spring 2015

PRIORITY 4: TOTTENHAM HALE

A key area for opportunity, building on the delivery of a new station and a range of mixed use development

Project name	Description	Partners	Cost / funding	Outputs	Key milestones
Tottenham Housing Zone* Lead Officer: Area Regeneration Manager – Tottenham Hale and South Tottenham (Peter O'Brien) *All external funding subject to announcement of successful Housing Zone bid (autumn 2014)	<p>The Council's bid for Housing Zone funding will aim to bring greater cohesion to development proposals coming forward and to ensure the delivery of quality schemes and a quality place, with a balanced mix of tenure options. The bid centres on three core themes:</p> <p>More affordable homes: a concerted effort through enhanced grant levels to deliver more affordable homes than would otherwise come forward given the viability constraints on key sites</p> <p>A quality place: including an emphasis on the place-shaping investments and a determined focus on quality through the planning and development process</p> <p>Innovation in delivery: exploring new means of bringing homes to market, developing new approaches to tenure mix across the Housing Zone and in the range of affordable housing products delivered</p>	GLA HCA TfL Local landowners Lee Valley Regional Park Authority	Funding* from: Housing Zone grant GLA Regeneration Build to Rent Affordable Housing Programme Site Acquisition Fund (Council) Council contribution to Harris Academy £500m HM Treasury UK Guarantee lending facility (seek to tailor to be fit for purpose for delivery)	1,900 homes across 8 priority sites, with additional sites taking total potential development level to 3,300 homes A further set of sites can come to, or are already coming to the market bringing the total number of new homes at Tottenham Hale to 5,000. 4,000 jobs created in the Tottenham Hale area To develop a model delivery approach to meet local and London housing demand Deliver a Green Link (linear park) linking the High Road to the Lee Valley Regional Park including improvements to Down Lane Park Tottenham Hale district centre public realm strategy and delivery of suite of public realm works to include improved connections to the High Road	Cabinet consideration of the Housing Zone approach including authority to enter into grant agreements – July 2014 Cabinet consideration of commencement of procurement for development partner(s) – July 2014 First homes delivered in 2016 Develop Design Quality Framework by 2015 Undertake a gas and electricity infrastructure study for Tottenham Hale and/or other areas – Summer 2015

Project name	Description	Partners	Cost / funding	Outputs	Key milestones
Industrial living programme Lead Officer: Assistant Director – Planning (Stephen Kelly)	A managed response to unauthorised occupation of industrial units aimed at supporting a safe, sustainable community whilst safeguarding economic outcomes for Tottenham/Haringey		£600k over two years	Planning policy framework for unauthorised living to safeguard employment land Action plan to secure safe occupation (where appropriate) of industrial premises	
Tottenham Hale Station – integrated package of improvements Led by TfL	Redevelopment of the station with an extended ticket hall and new entrance TfL, the Council and the GLA are considering potential development opportunities in the station vicinity	TfL GLA	£20m	Extended ticket hall providing greater capacity and improved interchange between National Rail and Underground services A new gateway entrance Enhanced step-free access Urban realm improvements	Completion by 2017
Major upgrades to the West Anglia Mainline (STAR) Led by Network Rail	An additional third track will be constructed on the section of the West Anglia Mainline between Coppermill Junction, to the south of Tottenham Hale, and Angel Road to the north	Network Rail GLA	£72m (external)	A new four trains per hour service between Angel Road and Stratford Northumberland Park Station Bridge and Level Crossing Closure Further West Anglia Mainline upgrade work to be developed	Completion by 2018
London Overground upgrade Led by TfL	Electrification of the London Overground Gospel Oak – Barking line (which passes through South Tottenham) and an uplift in the capacity on the line	TfL	£115m + cost of rolling stock acquisition and platform lengthening	New, longer electric trains Reduction in overcrowding Improved air quality	Completion by 2017

Project name	Description	Partners	Cost / funding	Outputs	Key milestones
Cycle Superhighway 1 Led by TfL	Delivery of a five-mile high quality five-mile cycling route between Tottenham and Liverpool Street (exact alignment to be confirmed)	TfL	TBC	Five-mile Cycle Superhighway between Tottenham and Liverpool Street	Consult on route identified [date TBC] Completion by 2016
Crossrail 2 Led by TfL	Delivery of a high frequency, high capacity cross-London rail line Greater connectivity Boosting economic growth and regeneration	TfL Department for Transport (DfT) GLA	Scale of investment: £12-20bn (project funding to be confirmed)	Stations could be located in Tottenham Hale, Seven Sisters, Turnpike Lane and Alexandra Palace (locations not finalised)	Safeguarding for the proposed route will be updated by DfT supported by TfL: 2015 Estimated construction completion: 2029/30

4 PROGRAMME FUNDING

The Delivery Plan contains a combination of items that vary from existing / ongoing projects to areas where more detail is required in order to put a cost to the project. Where a cost is attributable the programme shows required funding as follows:

Description	Amount
Funding Identified	
Base Council Revenue Budget	£1,068,419
One-Off Council Revenue Budgets	£2,369,500
Council Capital Budgets	£2,005,000
GLA Grant Funding	£3,305,000
Other External Grant Funding	£2,848,667
Funding not Identified	
Base Council Revenue Budget	£230,000

The item not funded at present relates to the re-shaping of service delivery in Northumberland Park ward project under the 'People' priority.

These costs only represent a sub-set of the wider Tottenham Programme, for example projects that are substantially complete or do not have a start date are not included in the costs above, this would include both GLA and Council-funded projects. Equally the wider revenue budget for staffing resources to manage the programme is not included.

The physical regeneration aspects of the programme tend to be more developed and in these cases the costs are clearer and funding has been identified. There are several items where the cost is not known at present and these largely relate to the 'People' aspects of the programme, for example, the best start in life project, improvement in health care infrastructure and services, and initiatives related to healthy life expectancy.

Also there are several items where funding is likely to become available at a later date, for example funding for education facilities, which is funded by a combination of Council and Education Funding Agency resources which are only known on an annual basis.

5 PROGRAMME RISKS

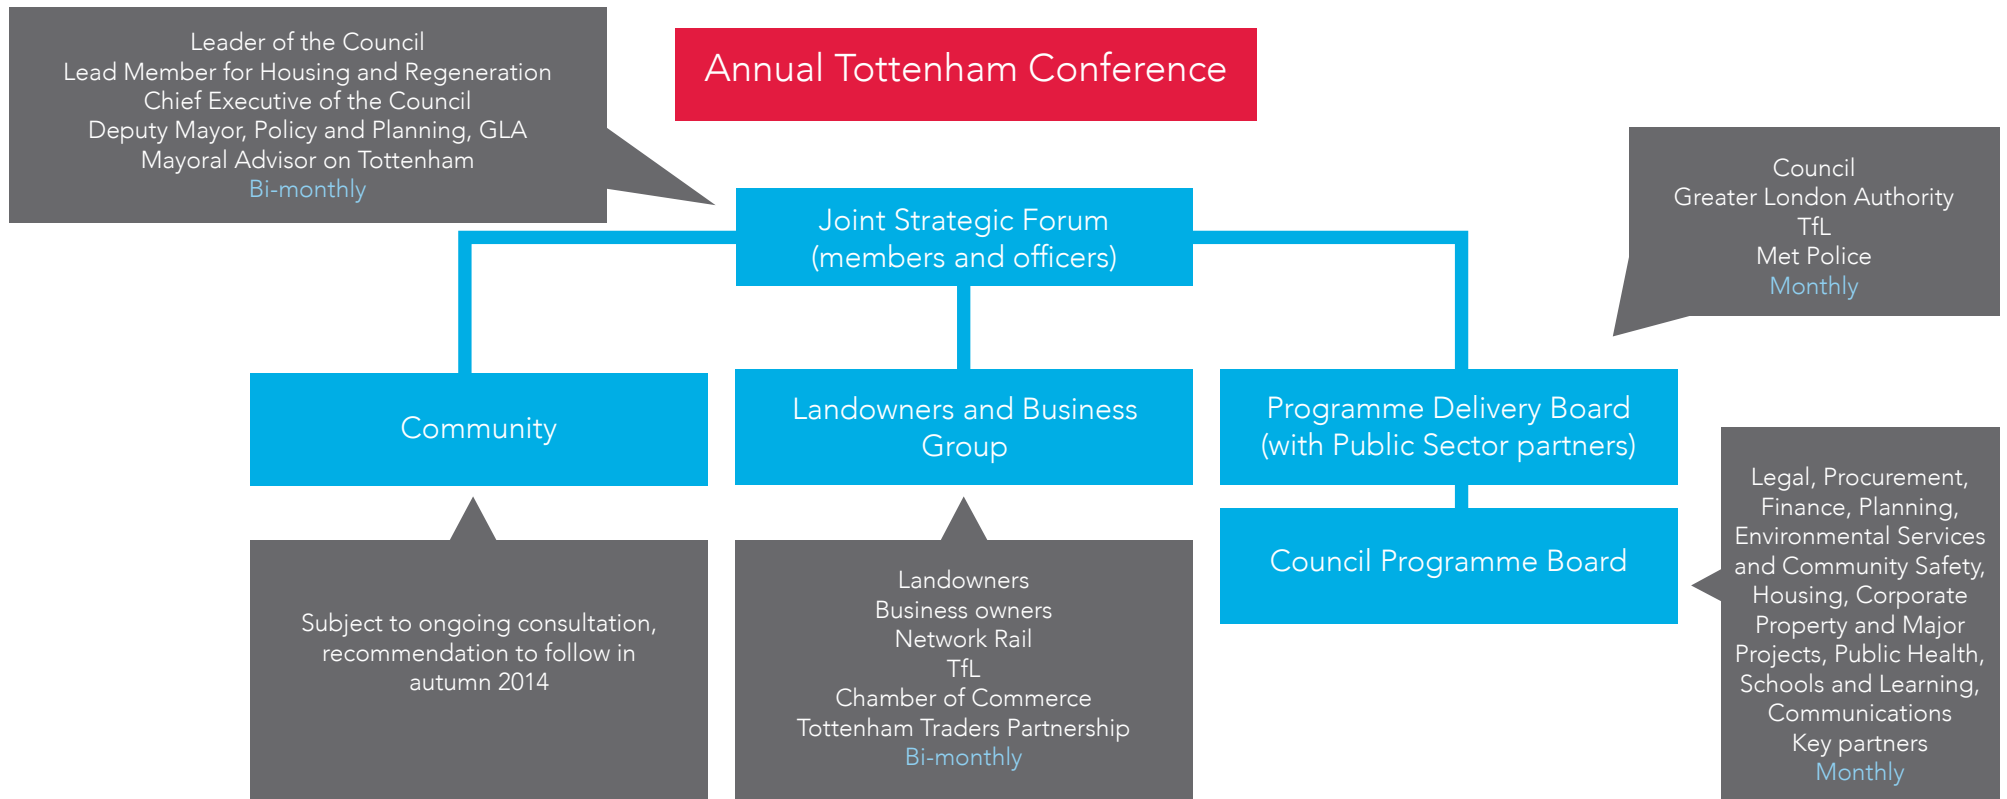

Risk description	RAG Rating	Mitigation	Lead Officers
Failure to secure sufficient investment and maximise the social and physical regeneration opportunities in Tottenham	A	Cabinet approval of SRF Delivery Plan; regular review of Plan and progress Funding packages agreed with GLA and TfL for projects in delivery Work with stakeholders to secure further funding where required	Director of Regeneration, Planning and Development; Tottenham Programme Director
Failure to secure local community/ stakeholder buy in to SRF Delivery Plan programme	A	Commitment to continue to work with the community and partners to shape projects Establish community governance structure Northumberland Park ward project will be shaped by residents	Director of Regeneration, Planning and Development; Tottenham Programme Director
Delay to projects led/delivered by external partners	R	Regular meetings to track progress and review at Delivery Board and Joint Strategic Forum	Director of Regeneration, Planning and Development; Tottenham Programme Director
As the SRF Delivery Plan will cover a twenty year programme, risk that Council and stakeholder focus on Tottenham will not be sustained	A	The Strategic Regeneration Framework and work by the Council and partners to date recognises the scale of the challenge in Tottenham, and sets out the commitment to deliver the seven strategies for success An annual Tottenham/SRF conference will monitor progress, celebrate success, and re-focus efforts The Delivery Plan will be reviewed in three and five years (2017 and 2019)	Director of Regeneration, Planning and Development; Tottenham Programme Director
Risk that the Council does not deliver enabling works/services (including business as usual) successfully to contribute to improving the image of Tottenham (e.g. public realm) and secure inward investment	A	Delivery Board and Council Programme Board (internal, across all services) to review and track progress regularly, and resolve any issues arising Proactively respond to feedback received from residents and stakeholders Ongoing work to promote Tottenham	Director of Regeneration, Planning and Development; Tottenham Programme Director
Risk that there is insufficient funds/ resources to deliver the extensive range of candidate projects hence preventing priorities of the programme to be achieved	A	This SRF Delivery Plan sets out the four priorities (and projects within each) where funding and resources will be directed in the short to medium term The annual Tottenham/SRF conference will monitor progress and re-focus efforts, and the Delivery Plan (and projects) will be reviewed in three and five years which will allow for a review of project success to date and areas of new focus	Director of Regeneration, Planning and Development; Tottenham Programme Director

6 GOVERNANCE

Existing Groups to be retained: Joint Strategic Forum (Council and GLA, member and officer); Tottenham Programme Delivery Board (public sector); Landowners and Major Business Group – expanded to include Chamber of Commerce and traders representatives.

Proposal to establish an internal Council Programme Board to include Legal, Procurement, Finance, Planning, Environmental Services and Community Safety, Housing, Corporate Property and Major Projects, Public Health, Schools and Learning, Communications.

Community governance: This key element is subject to ongoing community consultation and will be brought back to Cabinet for consideration in autumn 2014.

7 COMMUNICATION, CONSULTATION AND ENGAGEMENT

It is a Council priority to ensure ongoing communication, consultation and engagement with the local community as the Delivery Plan priority projects are progressed. This will be supported by a dedicated Regeneration Communications Manager.

The key consultations around substantial change will focus on High Road West and Northumberland Park.

There is a recognised requirement to map stakeholders across Tottenham, and ensure closer collaboration and joined-up communication with partners delivering significant change in the area. This will be led by the dedicated Regeneration Communications Manager.

There will be an annual Tottenham conference to monitor delivery of the plan and discuss major thematic issues.

'Tottenham News': The community-focused, monthly newsletter distributed to all residents was relaunched in June 2014 with a new identity. An audit of the distribution will be undertaken by September 2014, and the distribution channels and outlets where it is available expanded.

The Council website Tottenham pages (www.haringey.gov.uk/tottenham) will be regularly updated including 'projects underway' and clear signposting of how to get involved. A Tottenham Regeneration micro site will be

developed to become a focal point for all regeneration activities.

Physical display and notice boards will be located in prominent public locations to provide information on the programme and projects, and how to get involved.

Tours of the regeneration sites will be made available to provide insight into what's happening in the area, and four talks held per year. The talks will be short breakfast or evening events to highlight particular projects or priorities.

MONITORING INCLUDING ANNUAL REVIEW

Work has been undertaken to establish the current position of seven key indicators in the Tottenham regeneration area. This includes the 3, 5, 10 and 20 year milestones for achieving London top quartile performance by 2034, and what this would mean in real terms based on the latest population and data.

The selected measures below cover the key programme priorities of access to jobs and employment, educational attainment, health, and community safety, which are indicative of the impact of wider social regeneration:

- Youth employment (18-24 year olds);
- Long-term unemployed (16-64 year olds);
- Level 4+ at Key Stage 2;
- 5 A*-Cs at GCSE including English and Maths;
- Excess weight in 10-11 year olds;
- Male life expectancy; and
- Neighbourhood crime.

The objective is to achieve convergence between the Tottenham eight wards and the London top quartile, and these measures will be tracked through the 20 year programme.¹

Three additional indicators are being developed to track early years, well-being of older people and community engagement.

¹ For each indicator London borough top quartile performance has been held constant and the Tottenham regeneration area baseline has been forecast, based on a straight line. These projections should be treated with caution and are not statistically or evidentially rigorous.

TOTTENHAM SOCIAL REGENERATION - CONVERGENCE WITH LONDON BOROUGH TOP QUARTILE

The objective is to achieve convergence between the Tottenham Regeneration Area and the London Boroughs Top Quartile for key indicators within a 20 year timeframe. Presented here are the 3, 5, 10 and 20 year milestones for achieving London Top Quartile performance by 2034, and what it would mean in real terms based on today's population and data.

For each indicator London Borough Top Quartile has been held constant and the Tottenham Regeneration Area baseline has been forecast, based on a straight line, to show what is required to hit London Borough Top Quartile by 2034.

These projections should be treated with caution and are only provided as a starting point for discussion and are not statistically or evidentially rigorous.

Youth unemployment: Proportion of 18-24 year olds claiming Job Seekers Allowance (JSA).	Job Seeker Allowance Claimants (18-24)	Baseline Year	Baseline Value	2017	2019	2024	2034
	London Boroughs Top Quartile	Feb-14	2.7	2.7	2.7	2.7	2.7
	Tottenham Regeneration Area (8 wards)	Feb-14	6.8	6.2	5.8	4.8	2.7
	% difference from baseline			-9	-15	-30	-60
	Based on today's population and data the cumulative change versus the baseline year needed is:		856	77	128	256	512
				Fewer 18-24 year olds claiming JSA	Fewer 18-24 year olds claiming JSA	Fewer 18-24 year olds claiming JSA	Fewer 18-24 year olds claiming JSA

Long term unemployed:
Proportion of 16 - 64 year olds claiming Job Seekers Allowance (JSA) for over 12 months.

Long term unemployed	Baseline Year	Baseline Value	2017	2019	2024	2034
London Boroughs Top Quartile	Feb-14	0.6%	0.6%	0.6%	0.6%	0.6%
Tottenham Regeneration Area (8 wards)	Feb-14	1.8%	1.6%	1.5%	1.2%	0.6%
% difference from baseline			-10	-17	-33	-67
Based on today's population and data the cumulative change versus the baseline year needed is:		1,464	146	244	488	976
			Fewer working age adults claiming JSA for over 12 months	Fewer working age adults claiming JSA for over 12 months	Fewer working age adults claiming JSA for over 12 months	Fewer working age adults claiming JSA for over 12 months

Level 4+ at Key Stage 2:
Percentage of pupils achieving level 4 or above in reading, writing and Maths at Key Stage 2.

Level 4+ at Key Stage 2	Baseline Year	Baseline Value	2017	2019	2024	2034
London Boroughs Top Quartile	2013	82.5%	82.5%	82.5%	82.5%	82.5%
Tottenham Regeneration Area (8 wards)	2013	69.0%	71.6%	72.9%	76.1%	82.5%
% difference from baseline			4	6	10	20
Based on today's population and data the cumulative change versus the baseline year needed is:		912	34	51	93	178
			More children achieving Level 4+ at KS2	More children achieving Level 4+ at KS2	More children achieving Level 4+ at KS2	More children achieving Level 4+ at KS2

5+ A*-C at GCSE: Percentage of pupils achieving 5+ A*-C at GCSE including English and Maths.	5+ A*-C at GCSE	Baseline Year	Baseline Value	2017	2019	2024	2034
	London Boroughs Top Quartile	2013	72.8%	72.8%	72.8%	72.8%	72.8%
	Tottenham Regeneration Area (8 wards)	2013	57.0%	60.0%	61.5%	65.3%	72.8%
	% difference from baseline			5	8	15	28
	Based on today's population and data the cumulative change versus the baseline year needed is:		507	27 More children achieving 5+ A*-C at GCSE	40 More children achieving 5+ A*-C at GCSE	74 More children achieving 5+ A*-C at GCSE	141 More children achieving 5+ A*-C at GCSE

Excess weight in 10-11 year olds: Percentage of children aged 10-11 classified as overweight or obese.	Excess weight in 10-11 year olds (overweight or obese)	Baseline Year	Baseline Value	2017	2019	2024	2034
	London Boroughs Top Quartile	2012/13	32.3	32.3	32.3	32.3	32.3
	Tottenham Regeneration Area (8 wards)	2012/13	44.9	42.0	40.9	38.0	32.3
	% difference from baseline			-6	-9	-15	-28
	Based on today's population and data the cumulative change versus the baseline year needed is:		507	32 Fewer 10 and 11 year olds overweight or obese	45 Fewer 10 and 11 year olds overweight or obese	78 Fewer 10 and 11 year olds overweight or obese	142 Fewer 10 and 11 year olds overweight or obese

Life expectancy male: Life expectancy of males at birth	Life expectancy male	Baseline Year	Baseline Value	2017	2019	2024	2034
	London Boroughs Top Quartile	2010-12	81.4	81.4	81.4	81.4	81.4
	Tottenham Regeneration Area (8 wards)	2008-10/ 2006/10	74.7	77.0	77.5	78.8	81.4
	% difference from baseline			3	4	6	9
	Based on today's population and data the cumulative change versus the baseline year needed is:			2.3 Years added to male life expectancy	2.8 Years added to male life expectancy	4.1 Years added to male life expectancy	6.7 Years added to male life expectancy

Neighbourhood Crime (MOPAC7): Neighbourhood crimes per 1,000 population, consisting of: <ul style="list-style-type: none"> • Violence with injury • Robbery • Burglary • Theft of a motor vehicle • Theft from a motor vehicle • Theft from the person • Vandalism (criminal damage) 	Key neighbourhood crimes (MOPAC 7)	Baseline Year	Baseline Value	2017	2019	2024	2034
	London Boroughs Top Quartile	2013/14	29.19	29.19	29.19	29.19	29.19
	Tottenham Regeneration Area (8 wards)	2013/14	47.35	43.89	42.16	37.84	29.19
	% difference from baseline			-7	-11	-20	-38
	Based on today's population and data the cumulative change versus the baseline year needed is:		5,491	401	602	1,103	2,106
				Fewer key neighbourhood crimes	Fewer key neighbourhood crimes	Fewer key neighbourhood crimes	Fewer key neighbourhood crimes

A Benefits Realisation Plan and detailed Programme Plan to be developed by Autumn 2014

Annual Tottenham/SRF conference to be held to monitor progress, celebrate success, and re-focus efforts

Comprehensive refresh and review Delivery Plan in three and five years (2017 and 2019), and in latter confirm next review point

Evaluation of programme in 5 and 10 years (2019 and 2024)
