18th September 2018 Our Reference: FOI2018/11759

Dear Mr Boston-Dunn,

Thank you for your email of 30th July 2018 requesting the following information:

*I have bought a land rover snatch 2a and I'm currently going to all efforts to restore it. I am finding very little information and seem to be missing some parts. I would like to request for such diagrams as Wiring diagrams A/c set up Engine diagrams etc.
This will help me restore it back to its former glory.*

You subsequently clarified this on 14th September with the following;

I'm currently after such wiring diagrams of the engine and air conditioning. I would appreciate it if you could supply the hose layout for air conditioning and maintenance info for vehicle in general. I pride myself on restoring military vehicles for shows so such diagrams will be of great importance.

I am treating your correspondence as a request for information under the Freedom of Information Act 2000. You should expect to receive a further reply from MOD within 20 working days from the day when your request was originally received by the Department.

Your request has been logged under our reference FOI2018/11826 and the target date for response is 15th October 2018.

If you have any queries about this request do not hesitate to contact me. Please remember to quote the reference number above in any future communications.

Yours sincerely,

DES SEC PolSec Land Equipment
