1. Since April 2014 how many adults with a learning disability applying for residential care has Blackpool Borough Council offered for tender on the internet to care providers?

2. How many of these people lacked capacity?

3. How many adults with a learning disability has Blackpool Borough Council successfully placed through the tendering process since April 2014?

4. How many of those successfully placed lacked capacity?

This is not something that Blackpool Council does for clients going into residential care as the choice of care home would be with the client and/or their representative; it is not something Blackpool Council would impose.
