23 October 2019

Dear Janesuda Chaisawat,

Your request was received on 27 September 2019 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

*I would like to request the data including*

- a) Undergraduate "GPA" of all applicants from all of the universities in Thailand (please name their undergraduate university) who received offers to study Master's Degree (MPhil, MSc, LL.M etc.) during academic years from 2009 to 2019*
- b) Their subjects studied at undergraduate level*

The requested information is attached. The University has not supplied the previous institution of each applicant because, coupled with the other information, it believes that individuals could be identified as a result. In presenting the information in this way, the University is engaging the exemption at section 40(3A)(a) of the Act because its release would breach the first data protection principle (the fair, lawful and transparent processing of personal data) as set out in the General Data Protection Regulation. This part of section 40 confers absolute exemption under the Act.

Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request an internal review of this decision, you should contact us quoting the reference number above. The University would normally expect to receive your request for an internal review within 40 working days of the date of this letter and reserves the right not to review a decision where there has been undue delay in raising a complaint. If you are not content with the outcome of your review, you may apply directly to the Information Commissioner for a decision. Generally, the
