

The Glebe Consultation Events Feedback

Name	Contact number	Contact email	Feedback/ Suggestion/ Concerns/ Comments	Address
			<ul style="list-style-type: none"> The facilities should be managed tightly in order to limit impact on neighbours. St James School would benefit greatly. Access from Upton St maybe better. 	
			<ul style="list-style-type: none"> Good, do it. St James, having a better sport place. 	
			<ul style="list-style-type: none"> Agrees it is a great project for the area but not at that site, suggested Ayland Gardens or Gloucester Park Concerns around increase in traffic and noise once facility is closed as ASB already happening in the area (captured in conversation) 	
			<ul style="list-style-type: none"> Need to know hours. Need better parking. Noise. 	
			<ul style="list-style-type: none"> I was aware of the available space so I think developing the space for community use would be ideal for community activity. 	
			<ul style="list-style-type: none"> Concerns about the access as Moor St is very narrow and there are lots of parked cars. 	

			<ul style="list-style-type: none"> • Drive is narrow and there is a concern as to who would be responsible if someone is knocked down on the drive which is church property. 	
			<ul style="list-style-type: none"> • Looks good for the children. 	
			<ul style="list-style-type: none"> • 	
			<ul style="list-style-type: none"> • The plans look great. • I'm interested in seeing how the project could be rooted in the community & made really sustainable. 	
			<ul style="list-style-type: none"> • Would like to see rooms available for community use, advice centres, support needs of locals such as welfare benefits advice, basic skills learning, learning programs etc. 	
			<ul style="list-style-type: none"> • For the youth - a graffiti wall. • Wild green space to encourage wildlife. 	
			<ul style="list-style-type: none"> • Suggestions: Contact [REDACTED] (physio) at Gloucester Royal Hospital - ask her about 'Escaping Pain' Physio exercises which could be incorporated into the outside area of the proposal. Would enable physically challenged groups to be involved. 	
			<ul style="list-style-type: none"> • would like to see provision for netball, basketball and volleyball • strip alongside the perimeter to enable outdoor archery (this 	

			<p>is very low cost and basically just requires the space, no special surface), and also bowling has been suggested</p> <ul style="list-style-type: none">• whether any of the perimeter can be reserved for longer pony rides to expand our riding school – currently we go to go to great lengths for our children to move on to the next stage, once they have done what they can in our small arena, and we do use the glebe for grazing at times)
