

## FORCE ANALYSIS UNIT

FOI 165 11 680

### Crimes committed on construction/building sites

Workbook has been created at the request of the Information Access Team.

This workbook presents a list of crimes that have taken place on construction or building sites in the last 12 months. The following information is provided:

- \* Type of crime committed
- \* Type of feature (i.e. construction or building site)
- \* Town
- \* Description of property and what happened to it (i.e. stolen or damaged)

For the purposes of this FOI the dates used were 1st December 2010 to 30th November 2011 inclusive.

#### Important Notes:

- Results are extracted from a live Crime Information System (CIS), which is subject to change over time.
- The date a crime was recorded on CIS is used to determine whether a crime falls within the specified time period. The crime may have been committed in a different time period.
- The results provided are based on notifiable crimes.
