Subject: RE: North Yorkshire Licences

Dear Rasik, I am pleased that I can tell you that we have agreed to extend the licence dates that you requested in your letters of 22 August 2017, 18 May 2018 – to convert Licences AL006, DL005, PL077, PL079, PL080, PL081 and PEDL177 to the 2014 Model Clauses, 5 year extensions to the Production Term of PL077, PL079 and PL081 and for PEDL177, an extension to the Initial Term and Second Term of 5 years. Also as requested in your letter of 1 June 2018, the OGA has agreed to the proposed Retention Areas and Retention Area Work plans which will be confirmed by separate letters.

There is however a £1000 fee for each Licence Extension and £1068 for each change to Retention Areas Work Plans so OGA would invoice you for consent (once docs are executed/letters sent). Can you confirm that you wish to proceed?

You can see all the costs on our website here – <https://www.ogauthority.co.uk/media/3566/guidance-note-on-ogas-fees-and-charges-regime.pdf>

Kind regards,

Head of Onshore Exploration and Production

Sorry for blind email, but please note that with the vesting of the OGA we have our own website now, so you will find that your old saved links and even google searches will no longer work in the next week or so. Please look for the same data here and please share this info to anyone!
