20th February 2020

Dear Mr Novavi

Freedom of Information Request – Records of Former Track Bed Ownership – Great Central Railway Near Rugby

Thank you for your request for information dated 18th February 2020. I am dealing with it under the terms of the Freedom of Information Act 2000.

The due date for issuing a response is 18th March 2020.

I can confirm that we will provide details of any parts of the former track bed currently owned by the Department of Transport on whose behalf we act.

I can confirm that, subject to compliance with the General Data Protection Regulation (2018), we will provide details of historical sales of the former track bed where we hold any such records.

I must make clear at this early stage that we cannot confirm the current ownership of all parts of the former track bed. It is not the policy of ourselves or previous owners of the railway to monitor any onward sales. Details in respect of current ownership will be held by the Land registry if ownership has ever been registered.

If you have any queries about this letter, please contact me. Please remember to quote reference number 100855 in any future communications.

Yours sincerely

David Parker
