I would appreciate the records of all traffic incidents/accidents on the stretch of **CHURCH ROAD, PENTYRCH, CARDIFF**, for the period **2007 - 2019/20** The postcodes are **CF15 9QF, CF15 9QG and CF15 9QH**.
The long/lat coordinates are : **51.512309, -3.279525** at the Rhydlafar end of Church Road, and **51.528219, -3.292429** at the top (Kings Arms Pub)

RESPONSE

We have consulted with our Intelligence Analysts who have conducted a search on our crime and incident recording system (Niche RMS).

The latitude & longitude provided have been converted into eastings and northings (please see attached map). The blue markers relate to these points.

The red markers denote a search area that was required in order to encompass all of Church Road. It was not possible to search between the coordinates provided in the above request.

The data extract was taken from between N310219, E1181835 and N311313, E180054 and extracted all occurrences that started with 'TR' (list of occurrence types provided below) with no date restraints as Niche only goes back to 2007.

This search retrieved 79 results.

Occurrence Types:

TR4 RTC – Damage Only
TR5 Highway Disruption
TR6 Road related offence
TR8 PVI (POLAC)
TR9 RTC – Death/Injury
TR10 Rail/Air/Marine Incident Not Recorded Elsewhere

Abbreviations:

RTC – Road traffic collision
PVI – Police vehicle incident
POLAC – Police accident

Please be aware, there will be occurrences contained in this data that are not relevant to the question. Those will be occurrences that were included in the rectangle on the map but not on Church Road.

PLEASE NOTE: This is not official South Wales Police data and should not be used for comparative purposes unless exactly the same extraction methodology can be guaranteed.
