Subject: Peter Street Signs

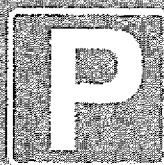

[REDACTED] I attach a plan showing the locations of signs we require taking down and the newly manufactured ones erecting. Also, we have a novel idea to paint a message to drivers "loading only friday & saturday 6pm to 8am". However, to avoid it looking like a proper DIT approved text we will need to paint it in primrose yellow, all lower case and in a font that does not look like approved DIT text. Would it therefore be possible to meet, either on site or at Hooper Street so that we can discuss this further.
