Subject: FW: Peter Street Signs

[REDACTED]  
Further to your email to [REDACTED] regarding Peter Street I attach a plan showing the signs which will be erected today. We have also received guidance on on-carriageway text markings. [REDACTED] and me will be undertaking a materials trial next week with a view to implementing the text: loading only friday & saturday 6pm - 8am. This trial will not affect your ability to enforce this section of Peter Street should you so wish to this weekend.

Any questions or queries please feel free to give me a call.

Regards
