Dear Requester

Thank you for your request for information dated 03/06/2021 about Surveys of road traffic conducted by automatic counters on any road in N6. We have dealt with this under the Freedom of Information Act 2000.

Response

The council holds the information requested. The answers to your questions are below.

Can you please list all surveys of road traffic conducted by automatic counters on any road in N6, since I last requested the data 2016?

Please state the location for each, the period covered, the company that conducted the survey, and any other readily available information.

Please supply the full data that is available, for example speed and vehicle weight.

I am quite happy to have the full set of information, as you say [in response to CAM1596] : "We have at least 30 spread sheets of data across the various schemes."

The full data is attached.
