Sir

Support for Autism Bill

At a recent meeting the Council unanimously passed the following motion:

“That this Council supports and commends the parents, families and support groups who have campaigned tirelessly over the past number of years to ensure that those who have autism get afforded proper services and care.

And that this Council calls on the Minister of Health, Social Services and Public Safety to bring forward, in conjunction with interested parties, an Autism Bill and further supports the Assembly All Party Group on Autism in its activities.”

I trust that you will reply in due course.

Yours faithfully

J A McLaughlin
