Dear Mrudula Kurani,

Your request was received on 18 July 2018 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

I am making a request regarding the statistics for Economics (L100) undergraduate applicants in the current cycle.

Please provide for each successful applicant the following data in a single table with one row per applicant, and columns contain the following data:

** an indicator of the country of the applicant (UK, EU, International, etc.) and applicants grouped by countries (e.g. Country 1, 2, ...)*

** ECAA Score*

** a yes/no to indicate if applicant was called for interview*

** if student had Economics at A level*

** each interviewer's (e.g. if there are two interviewers, then two columns) interview grade for the interviewee (1-10, with NA to indicate if no interview)*

** a yes/no to indicate if offer was made*

** an option to indicate the type of offer (conditional or unconditional or NA to indicate no offer)*

** a yes/no to indicate if applicant was pooled*

** a yes/no to indicate if applicant has received offer from the pool, for the pooled applicants"*

Can you also provide following information?

** Number of total applicants with Economics at A level (and % as total applications)*

** Number of offers made to students without Economics at A Level*

The requested information, insofar as it is held, is attached. Information about interviews is not held; all interview processes for entry to undergraduate degree courses at the University are set and managed locally by each of the individual Colleges, each of which is a separate legal entity and public authority
