Subject: FREC5

Follow Up Flag: Follow up
Flag Status: Completed

Hi,

As discussed earlier this week.

We have approximately 16 FREC5 staff who have already completed or will complete their hours within the next few weeks. This is from the Polaris side of the organisation alone.

If the FREC5 qualification was accepted this would be an extra 16 clinical staff who could lead trucks which could equate to 2 technician led vehicles.

Currently these guys are being planned to work either on the trusts who accept FREC5 EOE or EMAS or as part of the MQS Hotel programmes.

With Kind Regards
