7th February 2020

Dear Ms Belinda Kincavel,

I write in response to the above-referenced Freedom of Information Act (FOIA) request submitted on the 7th February 2020. Thames Valley Police has now considered this request, which for clarity, has been repeated below:

<u>Request</u>	<u>Response</u>
1. Do you use mobile phone extraction technology that includes cloud analytics / cloud extraction capabilities e.g. Cellebrite UFED Cloud Analyser, Magnet Axiom Cloud or Oxygen Forensics Cloud Extractor	The Freedom of Information Act is a piece of legislation which quite rightly opens up public authorities to greater scrutiny and accountability.
2. Do you have other technologies that allow you to access cloud-based accounts and extract this data.	Under the provision of the Act an authority must process a request in writing from a named applicant under the terms and conditions of the legislation. Whilst giving maximum support to individuals genuinely seeking to exercise the right to know, the Commissioner's general approach will be sympathetic towards authorities where request can be characterised as being part of a campaign.
3. Please provide a copy of the relevant Data Protection Impact Assessment.	
4. Please provide a copy of the relevant local and/or national guidance/standard operating procedure/policy.	
5. Please confirm the legal basis you rely on to conduct cloud analytics/extraction.	Therefore, with regard to this request we are issuing a Section 14(1) Vexatious Refusal Notice. Please be aware that any future requests asking for the same information and from the same named individuals will attract this
