05th September 2018

Dear Mr Burnett,

FOI 18/448

Thank you for your email dated 15th August 2018 in which you requested further information on the number of vaccine adverse reactions stated in FOI 18/295 under the Freedom of Information (FOI) act.

Unfortunately, the MHRA are unable to provide you with this information by manufacturer as this is not readily available in our adverse reaction data. It is important to note that the brand name or manufacturer is not mandatory in a Yellow Card report and whilst we prompt for the brand name of the vaccine given this information is not always provided. Some medicinal products may also change ownership over time, therefore for these reasons we are unable to provide the data requested by manufacturer as under the FOI Act, we need only provide information that is readily available.

However, if it would be of interest to you, the data could be provided by the drug name stated by the original reporter, this would provide the data by brand name or substance for the different vaccines. If this would be of interest, please submit a new FOI request.

Yours sincerely,

FOI Team,
Vigilance and Risk Management of Medicines Division

The MHRA information supplied in response to your request is subject to Crown copyright. The FOIA only entitles you to access to MHRA information.
