I suspect we have no reason to exclude any of them, to do so we would have to have a cast iron case.

The one I'm not so sure about is Nicholas Breakspear, they have made representations in the LDF for housing to be developed on the frontage of their site with the loss of grass playing fields and the current school building area. I assume they are planning to build a new school to the rear with the addition of the former college playing fields to the rear of their site. Someone will have to get the storey of their plans from them so that the potential can be explored in at least 2 options.

Ruth,

Thanks fo this, very helpful, but I need a little time to digest whether this covers everything we need!

I am uncomfortable about excluding all VA/Foundation schools from the search (esp Francis Bacon). Do you have a view?

Thanks

Further to our meeting please find attached workplan and fee proposal for a secondary school site search in St Albans.

We have included as separate modules (4 and 5) the work required in respect of the existing secondary schools based on the following assumptions:

Secondary schools to be included in the appraisal:

- 1) Beaumont School
- 2) Roundwood Park School
- 3) Sandringham School
- 4) Sir John Lawes School
- 5) St Albans Girls School Business and Enterprise College
- 6) Verulum School

Secondary Schools not included in the appraisal:

- 1) Francis Bacon Maths and Computing College
- 2) Marlborough School Science College
- 3) Nicolas Breakspear RC School
- 4) St Georges School
- 5) Townsend CE VA Secondary School
- 6) Loreto College

This selection is based on the assumptions set out in the email in respect of S-W Herts (sent yesterday 12:40).

We can amend the workplan if you wish to change the assumptions.

Thank you.

Regards,

Ruth
