Dear Mr Beale,

Thank you for your request for information on the Constabulary website to help assist with a study in to cost effectiveness of public sector websites. You have specifically requested the following.

- a) design and development costs to launch (single figure)
- b) ongoing hosting, licensing and maintenance costs (per year or other suitable measure)
- c) Brief overview of server technologies used (e.g. Microsoft .NET, Apache/PHP, etc.)

I am able to confirm that your request has been processed under the terms of the Freedom of Information Act 2000 (FOI) and following enquiries within the Constabulary, I have been advised that the internet is being developed in partnership with Bedfordshire Police. There is a three year contract value £173,000.

It is not possible to identify the specific areas within the contract that would answer questions a and b.

With regards to question c we are using asp.net

Yours sincerely,

Alice Duarte
