Details of the request:	Our assessment:
1. The total spend on staff and student wellbeing services (or the equivalent department) during the 2018/19 academic year.	<p>The equivalent student department for UAL is Student Services. The Student Services mental health support budget for 2018/19 was £1083k. This figure includes staffing of counsellors, mental health advisors and professional mentors.</p> <p>The spend for staff is not held as UAL does not hold a single budget total for wellbeing and we spend across central services, colleges and department level on programmes and activities that support staff wellbeing. The data cannot be accurately identified as spend on wellbeing programmes and activities would not be categorised as wellbeing in our finance system.</p>
2. Are student mental health services funded by the total identified above? Y/N	Yes, as described.
3. If not, could you please identify which departments are responsible for student mental health support?	N/A
