Dear Mr Winstanley,

Your request for information

Thank you for your letter which we received 14 May 2014 sent to our InformationRequest mailbox, in which you requested the following information:

- The document or set of documents that define the exact statistical models that are currently used to prioritise the selection of providers for inspection?
- For the six components of the risk assessment (outlined in paragraph 28 of the "Framework for School Inspection"), how are the components interpreted? For example does absence of 10% equate to a score and if so how is that score then interpreted to determine which schools are due an inspection?

We will consider your request under the Freedom of Information (FOI) Act 2000 and any other legislation that may apply.

Should there be any problems or difficulties in processing your request, we will be in touch with you again shortly. Otherwise, we will respond to your request within 20 working days from the date we received it, as required by the Act.

This should be by 12 June 2014; however, if we can respond sooner we will do so.

If you have any queries or concerns about the content of this letter, please do not hesitate to contact me.

Yours sincerely
