**WHITCHURCH BRIDGE COMPANY – TOLL REVIEW APPLICATION
PUBLIC INQUIRY**

1. Following a brief phone call with your colleague today, I will need an Inspector to oversee another Public Inquiry – to consider the above **Company's toll review application (to the Secretary of State /DfT), to raise toll charges on the Whitchurch Bridge**, in Oxfordshire.

Details and the location of the Whitchurch Bridge can be found on their website at;

<http://www.whitchurchbridge.com/facts.html>

2. We estimate that the Inquiry will last day 2 days as there have been a number of objectors to their application. The Company have informed me that they should be OK with any dates offered.
