**Subject:** Re: Social Prescribing Event

Hi [REDACTED]

In terms of invites, if part of the day is about launching social prescribing itself, and about letting agencies know how people can access it, are people able to self-refer to the SPs or do they have to go via their GP? Even so, letting people know that it sits there in a service behind the GP is a good thing.

SO:

I am wondering about people like the local police ([REDACTED]),  
School Headteachers, Church ([REDACTED])  
[REDACTED]

Not sure who is appropriate from statutory agencies like the Council (have copied **Mike** in from public health to help on that) and the CCG ([REDACTED] should be able to help with that).

Am also thinking that inviting all the Wellbeing Steering Group would be good as they are linked in to various groups and community. Might double up with other invites you send but no matter. If you have a flier, I can send it out to them for you.

I can also send a flier out to some of the people at the CCG I can think of who might be interested eg the Expert Patient Team.

In terms of setting up etc, yes - me! What is it you need to know?

Banner: I am just getting the logo updated by the designer. Might be tight for time but hopefully they will turn it around quickly! Will be that logo plus I think [REDACTED] wanted an NHS logo. The logo and guidelines to download this is  
here: [REDACTED]

Hope that helps. Shout if needs be. I have more time tomorrow.

Hi [REDACTED]

We are pulling together a list of people to invite to the event on the 12th - we will directly invite a selection of voluntary organisations, but we wanted to ensure we are not missing anyone. If there is anything you'd like to get a direct invite, please let me know.

In terms of setting up the room, IT, parking etc is that you I need to speak to?

[REDACTED] did mention your logo for the banner - can you please confirm what logo we should be using.

Thanks
