Subject: URGENT FOR QUICK ANY QUICK COMMENTS PLEASE: New signs mock-up

Hi all

The new Wellbeing logo has come back from the designers and so we are ready to go with the new signs.

Looks fab I think, although this is just a rough mock-up by me ahead of proper proofs.

Am just waiting for a bit of guidance re the NHS logo and then can send to the people making the signs.

They should be able to have them ready for the Social Prescribing event on 12th, fingers crossed.

Any last thoughts?

[REDACTED] what do you want to do about the banners? I can send you [REDACTED] over the logo artwork?
