Mike

Andy would prefer you to say you are not aware of any update (rather than there isn't one!).
Principle of saying nothing when there is nothing to say!
Thanks

Would you like to check this draft response with Andy, and I will with Dagmar?

[REDACTED]

There is no update at present; I expect the steering group will consider submitting a business case for some short term support; when I am not clear

Thanks for the reminder re the HWBB Mike.

Yes the redevelopment of the Wilson Hospital seems to have run out of steam at the moment. Do you have any update on the funding of the Wellbeing element?

Thanks for clarifying, yes I do remember us sitting together. Since the closing date had been some weeks before our conversation, I did not take any action. I know that [REDACTED] did have conversations with a number of potential Steering Group applicants. The formal application process was advertised far and wide across the community, including to those who had already expressed an interest. I am sorry if [REDACTED] wasn't aware that this process was underway so that he could formally submit his completed application.

Having discussed it with colleagues, we think the best thing to do is that we explain to the steering group at its first meeting that Healthwatch would like a representative to be on the Group and agree next steps with them. Because there has been a formal and transparent selection process, it is not possible to simply appoint [REDACTED] to the Group membership at this point without further discussion.

I don't think we have yet published a list of the Steering Group members. I imagine you would not be the only person who would be interested. A membership list, along with Minutes of the first meeting will be published and widely circulated in due course. We will ensure you are included in that circulation.

Let me check with [REDACTED] and [REDACTED]. It is the first I have heard of it.

I didn't attend the last HWB – was it someone else you spoke to?

Subject: WILSON (WELLBEING) STEERING GROUP

Hello Mike.

I refer to our conversation at the last Health and Wellbeing Board when I expressed surprise that [REDACTED] was not an appointed member of the new Wilson Steering Group.

██████████ has since advised me that he had let ██████████ know of his interest in becoming a member. I'm not sure if he gave ██████████ a hard copy application but perhaps it all got lost in the wash of ██████████ departure.

I shall be grateful therefore if the Panel will appoint him as a member, representing Healthwatch Merton.

Also would it be possible to send me a list of the current membership of the Wilson Steering group? I assume I am not on the mailing list.

Regards
